The Fire Board's Annual Budget.

The board of fire commissioners submitted their annual report for the past fiscal year yesterday, showing the expenditures to June 30, 1880, to have been $109,659.38. For the next fiscal year estimates for at $170,600, of which the regular expenditures are set down at $133,740, and the extraordinary expenses at $36,920. The latter are for the purchase of a lot and erection of a proposed new engine-house in the northern part of the city, $10,000; salaries for new engine company, $7,920; exchange of three old engines for new ones, $9,000, and extension of fire-alarm telegraph, $10,000. The report states that the horses purchased during the past year were good ones, but there are not enough to meet emergencies, and an extra supply is recommended. The erection of new houses for companies No. 4 and 5 is stated to be necessary, and for the former, especially as it is badly located. Particular attention is called to the propriety of erecting new and changing old fire-plugs; increasing size of water mains and constructing cisterns in exposed and ill-supplied sections of the District.

The Hyattsville Rally

The meeting at Hyattsville this afternoon and evening promises to be a large rally of live republicans. The New York Republican association gives notice in another column of a full attendance of its members, which number about 200. Let all go who can. It is to be hoped also that all the other republican organizations will vie with each other in securing a large attendance upon this occasion. The trains by the Baltimore & Ohio road, which stop at Hyattsville, leave the depot at 12:10, 2:40, 3:30, 4:30, 4:40, 5:15 and 6:15. Returning, they leave Hyattsville at 6:23, 7:36, 9:05 and 10:30 p. m. Fare, round trip, twenty-five cents.

Colonel E. C. Ford, department commander, has issued a call to the Boys in Blue to assemble at 4 o'clock this afternoon at the Grand Army building, corner of Ninth and D streets, for the purpose of attending the rally.

The canal-boat "Evening Star" will sail this afternoon from the B. & O. railroad depot at 4:40 o'clock. The crew will assemble at depot at 4 o'clock here, when badges will be furnished. It is expected that every man employed on the boat will be present and thereby make the cruise to Hyattsville a success.

A Local Preachers' Organization.

The Local Preachers' association of Washington district held a meeting at the Metropolitan M. E. church last evening for the purpose of perfecting an organization. Rev. J. L. Haygin was chosen president, W. S. Fort vice-president and W. W. Rock secretary and treasurer. An invitation to attend the national convention of local preachers which meets at Baltimore the 15th proximo was accepted, and it was decided to request the next convention to meet in this city in 1881 at the Metropolitan church. A resolution was adopted providing for a monthly meeting of the association the last Sunday in each month.

A NOVEL MOTION.

The Grounds on Which a New Trial is Asked for Tom Smothers.

Messrs. Ben. Davenport and Howard C. Clagett presented a novel motion yesterday in the criminal court, which was for a new trial in the case of Tom Smothers, convicted last spring of committing an outrage upon Miss Lena Leins and sentenced to the Albany penitentiary for thirty years. The motion reads that they "move for a new trial notwithstanding the papers filed among the records in the case called the defendant's bill of exceptions and for the reasons set forth in the following affidavits."

The affidavits are of Messrs. Ben Davenport and Howard C. Clagett, the attorneys for the defendant, who in substance state that they acted in that capacity at the trial; that numerous exceptions were asked to be noted; that after the trial they drew up a bill of exceptions, containing a narrative of the evidence and a list of such exceptions; that after several conferences between the judge, district attorney and themselves, an agreement could not be reached as to the correctness of the facts stated; that in endeavoring to reconcile the differences of opinion the judge quoted from the files of THE NATIONAL REPUBLICAN, to which defendant's counsel objected; that finally the judge took the bill of exceptions, promising to overlook and correct it. That from that time until after the bill was filed they heard nothing of it, and were neither present nor invited to be present at the signing and sealing of the same; that the bill of exceptions as filed is not the one they presented, and does not contain all the exceptions taken by them during the trial, nor does it contain a correct narrative of all the testimony as given during the progress of the case.

National Fair Notes.

The steam incubator from Philadelphia arrived at the fair rooms yesterday and was set up in one of the small rooms in the rear of the office. Some chicks hatched a few days ago were sent with the machine, and also some eggs in the process of incubation. It is intended with this apparatus to prepare eggs so that they will be ready for hatching by another incubator, to be exhibited during the fair. It requires twenty-one days to hatch the eggs. The directors yesterday decided to add two ladies' races to the attractions of the fair. The first race will be on the 14th of October, a five-mile dash, for a prize of $500, not more than three horses to be used. The second race, which will be given on the 16th, will be a seven-mile dash, for a prize of $300, not more than five horses to be used.

A Malicious Libel.

To the Editor of The National Republican:

SIR: An article in to-day's *Post*, which shows on its face that it is the malicious emanation of a discharged employe, alleges in substance that myself and other mechanics employed at the postoffice department are used by Mr. Schutter, the superintendent, for his own work while drawing pay from the government. This is not true. Our time in the department is certified by the engineer in charge. When we are at work outside of the department we are paid by Mr. Schutter. In each of the cases specified in the article in the *Post* the time did not appear on the pay-roll of the department. As regards Mr. Burnside's sending a man to the rifle range on the 21st and 23d of April, there was no work being done under Mr. Schutter at the department at that time. He was employed by Mr. Burnside as an officer of the Columbia Rifle company, and paid by that association. I deem this statement due to Colonel Burnside, Mr. Schutter and myself. CHARLES E. DAWSON.

MORTALITY IN THE DISTRICT.

Deaths During the Month of August—A Decrease in Zymotic Diseases.

The statement of births, marriages and deaths in the District for the month of August has just been issued by the health officer. The total mortality for the month was 335, (a decrease of 36 as compared with corresponding month of last year, and 70 less than average number of deaths for the month of August for the past 6 years), or at the rate of 21.67 per 1,000 per annum. The mortality of the white population was 154, or at the rate of 15.40 per 1,000 per annum; while that of the colored was 171, or at the rate of 34.20. The annual death-rate per 1,000, by classes of diseases, was as follows: Zymotic, 6.27; constitutional, 5.27; local, 7.20; developmental, 2.13; violence, .80. The mortality, as compared with the month of July last, shows a decrease of 46, or 12.4 per cent. The deaths from zymotic diseases decreased from 126 to 91, or 25.4 per cent.; there were no deaths by homicide or suicide during the month. The total mortality under five years of age was 162, or 50 per cent.

There were 310 births reported (an annual birth-rate of 20.67 per 1,000). Of these births, 84 were white males, 89 white females, 73 colored males and 64 colored females (a birth-rate of 17.3 per 1,000 per annum for the white and 27.4 for the colored population), showing an apparent decrease of total population by excess of deaths over births of 15, the white population increasing by 19, the colored decreasing by 34. There were 7 reports of twins and 1 of triplets. Of the twins, 5 pairs were white and 2 were colored. The triplets were colored, and females.

Marriages reported, 54—white, 37; colored, 17; 18 were reported by methodist clergymen, 14 by baptist, 10 by episcopal, 3 each by congregational and catholic, 2 each by presbyterian and Hebrew, and 1 each by Swedenborgian and German reformed.

—Mr. John A. Milburn was yesterday summoned and sworn as a member of the grand jury.

—The only Turkish bath in the city, 509 E street, near Judiciary Square. Best shampooer this side of New York. Dr. Bovee.

—Charles H. Williams, who was arrested for stealing $15 from the Marble saloon, was sent to jail yesterday for six months.

—Turkish, Russian and Sulphur Baths at the well known place, 203 E street, near Ninth. The only reliable place in the city for genuine baths.

—The Virginia democratic campaign club met at Shea's hall last night and listened to addresses by Mr. William Dickson, Major McDowell and others.

—Marriage licenses have been issued to William King, jr., and Alice H. Pond, both of Georgetown, D. C., and Malcolm S. Beaton and Lillie E. Audre of this city.

—The District commissioners have granted permission to the Potomac Pleasure Club of Hartford, Conn., to pass through the District next month, on their way to Atlanta.

—One hundred and twenty-five members of the Washington Light Infantry corps have signified their intention of going to Atlanta, leaving here on the 16th of October.

—Samuel Frazier and William Butler, who had a bloody affray on K street, near Fourth, Thursday afternoon, were yesterday sent to jail for three months each by Judge Bundy.

—A house in Clark's alley, South Washington, occupied by Julia Johnson and Charlotte Butcher, both colored, caught fire last evening, but was extinguished before much damage was done.

—Kenny Wilson, alias McKenny Wilson, was yesterday convicted of assault with intent to kill Thomas Williams, and a motion for a new trial entered. This was the crime for which Roxy Ross was tried and convicted.

—A step in the right direction is a series of "people's concerts" announced by the school of music, charging twenty-five cents for reserved seats. The best local singers will take part—Miss Ewan, Miss Leavitt, Messrs. Pugh, Read, Kaspar and King being engaged for the first one.

—John English, a small boy, was fined $1 by Judge Bundy yesterday for throwing stones at two policemen. The boy testified that he said to the officers, "I saw where you came from, and I am going to have you up," upon which the officers chased him and he threw the stones at them.

—Among the speakers at the Hyattsville mass-meeting to-day are Secretary Sherman, General Rauns, Hon. Fred Douglass, Judge Lawrence, Hon. A. M. Clapp, Hon. J. D. Defrees, Prof. R. T. Greener and Hon. J. Morrison Harris of Baltimore. The special train leaves the Baltimore & Ohio depot at 2:40 p. m.

—The body of a colored man was found floating in the river, opposite the Washington asylum, last evening, and was brought in to the shore by two colored men. The body is supposed to be that of John O. Ward, the cook on a schooner who was reported drowned. The coroner will make an investigation to-day.

—There will be a republican pole-raising at Manassas Junction to-day, the demonstration beginning at 9 a. m., and continuing all day. Among the speakers will be several gentlemen from this city, including Hon. G. E. Harris, Tarsey M. Williams, William H. Champion, William H. Howard and J. W. Baker.

—The meetings that were held last spring in this city in the interest of a world's convention at Washington in 1883 to consider the settlement of national disputes by arbitration will be resumed next Tuesday evening at the law office of ex-Governor F. P. Stanton, corner of Fourteenth and F streets. All interested are cordially invited to attend.

—Assistant District-Attorney R. R. Perry yesterday in the criminal court entered a *nolle pros.* in the case of Charles H. Moulton, indicted for obtaining money from Francis Prettauender false pretenses some time ago. It seems that when the check was given Mr. Pratt it was secured by a note accepted by him, and consequently the charge would not lie.

—William Hughes, of the capitol police, appeared with his counsel, Mr. Mills Dean, at the police court yesterday, and stated that he had been appraised that a warrant had been sworn out against him, charging him with making an indecent assault on a little girl named Alice Earlingame in one of the rooms at the capitol in July last. Upon the suggestion of Mr. Howe, the assistant district attorney, bonds were given in the sum of $1,500 for a hearing to-day. The facts in the case have already been published.

—To-morrow being the anniversary of St. Matthew's day the feast will be celebrated on a grand scale at the morning service at St. Matthew's catholic church. In addition to the choir and organ an orchestra of twenty-six pieces will assist in the rendition of the music. Giorza's mass will be sung by the choir of twenty-four voices. Father Boyle will deliver the panegyric of the saint. The Gaudeamus will be sung at the offertore by a quartette and chorus. The baritone solo, "Veni Creator," will be sung by L. E. Gannon with a chorus.

—Charles E. Joyce, brother of Michael Joyce, one of the victims of the accident at the arsenal last Saturday, having been summoned before the board of inquiry to investigate the circumstances attending the accident, addressed a communication to Major Brockenbrough stating his opinion that the officers composing the board, having already sat in judgment upon the facts, are not wholly competent to conduct this investigation, and suggesting that a court of inquiry be appointed, to be composed of artillery officers not attached to the garrison of the Washington arsenal.

THE regular adaptation of Dr. Bull's Cough Syrup to so many phases of Throat and Bronchial diseases has rendered this remedy immensely popular. Sold everywhere; 25 cents a bottle.

AMUSEMENTS.

National Theatre—"A Golden Game."

This really excellent play has speedily grown in popular favor, and the bright, crisp dialogue, the strong situations and the artistic acting of Messrs. Shannon, Edeson and Parkes and Misses LeClaire and Tanner combine to give a performance which is highly entertaining. There will be a matinee this afternoon, and to-night the last representation of "A Golden Game" will be given.

Ford's Opera-House—Leavitt's Combination.

Leavitt's Vaudeville combination has met with decided success in this city. All the performers present attractive acts, and one attraction follows another without any delay, thus affording the audience an ever-varying fund of enjoyment. The Garcitas, with their trained pigeons, are perhaps the most loudly applauded, and their performance is an entertainment in itself. There will be a matinee this afternoon at popular prices.

Herrmann.

This prince of magicians commences an engagement at the National theatre on Monday night. Herrmann has always been a great favorite in Washington, and he has now the assistance of other attractions, which will render his entertainment even more interesting than heretofore.

French Opera.

Maurice Grau's great French Opera company will open at Ford's operahouse on Monday next, appearing in Offenbach's latest production called "La Fille du Tambour Major," which met with the most decided success in New York. The appearance of the box-sheet indicates that the initial performance here will be greeted with a full house.

Dramatic and Musical Notes.

The Emma Abbott opera company is in Chicago.

Henrietta Berbee goes to England next spring, to appear in concert.

Clara Morris is playing "Article 47" and "Alixe," in Boston, with great success.

Mary Berbee is reported to be engaged in marriage to Richard G. Haskell of Boston.

It is not unlikely that Joseph Hatton will give his first reading in America in Chicago.

Miss Clara Louise Kellogg has made great success in Vienna as Leonora in Verdi's "Il Trovatore."

"Doctor Tanner" is the name of a three-act farce which is announced for representation in Madrid, Spain.

Flora Barry has been engaged to play Ruth in "The Pirates of Penzance" with D'Oyle Carte's company.

The Vokes family will reappear in this country early next year, under the management of John Stetson of Boston.

Edward Compton, lately the leading man of Miss Neilson's company, has been engaged to appear at the Adelphi theatre, London.

Mr. W. E. Sheridan, who has returned from England, has not yet decided whether he will star with a company of his own or accept an engagement in New York this season.

Constantine Sternberg, the Russian pianist, has arrived in New York. His first performance will be at the academy of music in that city, October 9.

In the new four-act farce entitled "Le Voyage en Amerique," by MM. Raymond and Boucheron, the mormons are introduced as representative Americans.

Signora Pianonti, who will be remembered as having visited this country with Salvini, will probably support Sig. Rossi if arrangements are completed by which that great actor shall visit America this season.

Wilson and George Walters were elected members. The chairman of the political committee, Colonel W. L. Wood, reported great activity in the state among republicans, and that the demand for documents far exceeded the supply. Mr. W. A. Moore was elected treasurer of the political committee. The committee on transportation reported that arrangements had been made for reduced rates of fare to Chicago and St. Louis for members of the association. Advices from all parts of the state of Illinois are to the effect that Garfield and Arthur will carry the state by 30,000 majority. The association adjourned to meet at the same place next Friday evening.

OUR SECOND SEASON.

In making our debut for the second season in this city, we desire to return our sincere thanks to the citizens of Washington and vicinity for the very liberal share of patronage they have bestowed upon us, and for the numerous kind expressions of satisfaction we have received in regard to our mode of conducting business. Now, at the opening of the Fall season we have a few statements to make to our friends and the public in general, to which we ask particular attention, viz.: We have not been idle since opening in your midst, but have been carefully studying the wants and peculiarities of this trade, and in selecting and manufacturing our present stock we have had the ideas we gained prominently in mind, and have worked upon them in making up our styles. We feel assured that we are now able to cater successfully to any variety of taste, from the most simple to the most fastidious, in clothing. We only solicit an examination.
