REFORM!

The men we want in office, sir,
Are those of family name;
They must be men of fashion, too,
Or aristocratic fame!

It does not matter much, you see,
How little they may know
If only they look slick and clean
And can a finesse show!

Their fingers must be soft and smooth
And each particular hair
Must lie exactly in its place,
If hair they have to spare!

We want no plebeian-budded stock
Aspronting up as trumps,
Nor do we want that soldier class
Who have no legs nor stumps!

And those one-armed men! Go 'way!
Don't mention them to me!
Didn't they fight the rebellion down,
And didn't they lick poor Lee?

No; I'll hear no such stuff, I say:
The blood we want is blue.
Our country needs more gentlemen,
And never a one like you!

You have a family of six, eh?
Well, what care I for that?
Go drive a car, or peddle fish,
Or pass around your hat.

The Congress passed a law, did they,
To give you all a chance?
That law was made twelve years awa
By cussed fools and Grants.

No, sir! No, sir! We must reform,
Our country suffers much;
The Phi Kappas must come in,
And the linguistical Dutch.

We must have men of leisure, sir,
The men of classic lore,
Who, when they steal, will steal like kings,
And close detection's door.

This having low-born plow-boys here,
And greasy blacksmith men,
Is chipping closer to the hide
Than suits our upper ten.

Ain't they honorable? you say:
Honor! honor's a flat,
So long's a man has cash and blood
He don't need much of that.

Can't thou the Greek verb Nafsatch parse?
Ha! ha! ha! I thought no!
Well, sir, George William Curtis can,
And Schurz will say, "Dat's so!"

What kind of use, then, would you be
In casting up accounts,
Or making out a pension-roll,
Or paying the amounts?

And what kind of a patent elev
Do you think, sir, you'd make
Without the Greek and Hebrew tongues
And the Latin for rake?

Could you, my friend, count postage-stamps
Without these blessed gifts?
Sort out the mail, and bag it, too,
And make the various shifts?

Couldst carry letters in a bag
With that one arm of thine,
And skip along from door to door
And not this verb define?

In fine, couldst thou be anything
That we big guns could wish?
Without these tongues! Oh, couldst thou be
Commissioner of Fish?

No, no, my friend, thou wilt not do—
Base metal does not ring;
Go fight the Indians on the plains
Or on the corner sing.

Tears? Bad! I feel for you, my friend!
Your papers? Yes: all right!
Indorsed: Generals Grant, Sherman, Meade!
Ha! ha! Good men—to fight!

FINANCIAL AND COMMERCIAL.

Stock and Bond Quotations—Baltimore and New York Produce Markets.

The following observations on the transactions in the financial market yesterday, together with opening, highest, lowest, and closing quotations, are furnished by the banking-house of H. D. Cooke, jr., & Co., 1429 F street, Washington, D. C.:

NEW YORK STOCK MARKET.

NEW YORK, Sept. 27.—The general market opened strong and advanced during the morning ¼ to 2 per cent., the general opinion being that the call of extended 6 per cent. bonds made by Secretary Windom would prevent any stringency in the money market. Toward noon, however, the money market became active, the rate advancing to ⅜ per cent. and interest. This not only checked the rise, but caused a decline, which carried most stocks ¼ to ½ per cent. below the closing prices of Saturday, and the market closes at about the lowest prices of the day. The activity in money was a surprise and is not easily accounted for more especially as the Treasury to-day redeemed $2,000,000 called bonds. It is thought by many to have been caused by manipulation, and it is more than likely that the large operators took advantage of the strong market of Friday and Saturday to market stocks, which they would buy back if by locking up money they could cause a decline. In connection with the future of the money market we note that foreign exchange is to-day down to a point that warrants gold imports. Government bonds are strong for the 4 per cents, at an advance of ¼ per cent.

WALL STREET GOSSIP.

NEW YORK, Sept. 27.—There were a large number of traders and stock brokers at the Windsor Hotel yesterday, discussing the probability of the effect of the Treasury order on the market for stocks and money. It was generally argued that the Treasury policy, added to the regular disbursement of about $7,000,000 on the 1st of October would cause cheaper rates for loans and very probably a handsome rise in stocks. The Osborne people were talking very bullish on Reading and Central Pacific, and among their following in the latter are the Huntington and Stanford management. The latter claim that they will build their eastern extension from Ogden whether the Union Pacific goes on with its Oregon enterprise or not. Their Southern Pacific road, they say, is being built at the rate of two miles per day on each end, and the road will be completed by next July, when they propose to carry European settlers and emigrants from New Orleans to the Pacific for $10 per head. There was a general strong and confident feeling last night on the whole market, and the predictions were in favor of higher prices all around. A member of the board yesterday sold at a private bargain $100,000 of a Western railway's mortgage bonds at an advance of ¾ of 1 per cent. above the closing figures on Saturday. It was given out that there would be an advance this week in Delaware and Hudson, Chicago and Omaha, Missouri Pacific, and Chicago and Northwestern. It was claimed by the bulls in Northwestern that Vanderbilt owns more than half of the common and preferred, and that the Osborne people are buying the common whenever it is to be had without putting it up. A prominent official of this company claimsthat owing to the greatly increased miscellaneous traffic every month's returns for twelve months to come will show an increase over last year. The intimate friends here of the trunk-line officials say they are given to understand from headquarters that on the return of the managers this week the trunk-lines' quarrels, so far as passenger rates are concerned, will surely be settled, and probably the heads will be reached for an adjustment of freights. The old pool in Cincinnati, Sandusky, and Cleveland has been reorganized, and another rise is projected some time this week. The German party in Ontario and Western also propose another advance. It is announced this company has turned over ten millions in cash and all rights to the New York, West Shore and Western Railroad Company, which proposed to build the road, giving the Ontario and Western perpetual rights; also an amount equal to its cash of 5 per cent. in bonds and 25 per cent. in the stock of the West Shore road. The Norfolk and Western Railroad Company yesterday signed a twenty-five-year traffic agreement with the East Tennessee and Shenandoah Valley Railroad. The Southwestern pool managers are to meet in Chicago next week to decide whether it is advisable or not to reorganize the Missouri River association. It cannot be continued on the present basis. The railroad people say the Gould roads profess to be desirous of continuing the arrangements. General Eckert says so great is the press of telegraphic business and inadequacy of facilities that he has been compelled to cut off all the brokers' Western special wires. The company is thirty wires short, owing to the fires along the line, and he has 200 men fighting the flames along the New York Central Railroad alone. So great is the drouth that Superintendent Toucey says he can't get water sufficient for his locomotives. The new Gould cable is broken in a bad place, and no attempt has yet been made to raise it, but the company will have a new one laid in about a fortnight. Assistant Treasurer Hillhouse this morning received an official notice of the proposed purchase of bonds by the Government every week in October to the extent of $2,000,000, beginning this week Saturday. The feeling is much divided among bankers whether many bonds will be presented. The Chicago *Tribune* says there is no probability of a change in freight rates very soon, as the roads can have all the business they can carry at the 12½ rate, and as long as this is so there will be no cuts. Vanderbilt declares that he does well enough at present rates. If the other roads cannot live on them, so much the better for him. It will scarcely be possible to advance rates, even at the close of navigation, unless anti-Vanderbilt roads unconditionally surrender. The meeting of the Central Railroad of New Jersey to-day is for the purpose of removing the receivership. It is rumored that the Lake Shore dividend is 2 per cent., just declared, and Michigan none.

By Associated Press.

NEW YORK, Sept. 27.—Money loaned up from 4@6 per cent. per annum and ½ per diem, and closed at the higher figure. Exchange was weak and the nominal rates were reduced 1c to 480½ for sixty days and 484 for demand, actual business being done at 479¾@481¼ for long and 483¼@483¾ for short sight. Governments irregular; extended 6's declined ¼ per cent. and new 4s rose ⅛ per cent., the other issues being unchanged. State bonds moderately active and generally firm. Railroad bonds in good demand and in the main strong. The stock market opened strong and higher, but was somewhat irregular in the early dealings. At the first board the speculation became stronger, and toward noon prices took a sharp upward turn, the highest figures of the day being current shortly after midday. The improvement from Saturday's closing quotations ranged from ¼ to 3½ per cent., the latter Alton and Terre Haute—do. preferred, Reading, Hannibal and St. Jo preferred, Peoria, Decatur and Evansville, and Delaware, Lackawanna and Western being also prominent therein. During the afternoon the speculation was feverish and uneasy, and became quite depressed in the late dealings. The final sales showed a decline from the highest point ranging from ¼ to 3½ per cent., the latter in Alton and Terre Haute common—do. preferred, Hannibal and St. Jo, Michigan Central, and Oregon and Nevada being also conspicuous in the downward movement. Transactions aggregated 389,735 shares, including Central Pacific, 25,000; Delaware, Lackawanna and Western, 59,700; Delaware and Hudson, 4,500; Denver and Rio Grande, 10,400; Erie, 16,500; Hannibal and St. Jo preferred, 8,500; Kansas and Texas, 11,200; Lake Shore, 20,900; Louisville and Nashville, 1,900; Michigan Central, 17,800; Memphis and Charleston, 100; Missouri Pacific, 4,500; Northwestern, 11,700; New Jersey Central, 13,200; Northern Pacific, 4,700; Ohio and Mississippi, 2,100; Ontario and Western, 9,300; Pacific Mail, 9,600; Reading, 23,500; St. Paul, 8,300; St. Paul and Omaha, 18,200; Texas Pacific, 13,900; Union Pacific, 11,200; Wabash Pacific, 9,800; Western Union, 33,300; East Tennessee, 7,000.

Self-Defense.

To a criminal neglect of preventive medication may be ascribed a majority of the ailments which afflict humanity. It is a well-ascertained fact, resting on the experience of over twenty-five years, that a course of Hostetter's Stomach Bitters will put even a naturally feeble system in such a state of defense that it will be competent to resist the most prevalent causes of disease, such as the malign influence of miasma, unwholesome water, excessive heat, damp, cold, sudden changes of temperature, &c. Yet there are thousands of persons living in perpetual peril from one or more of these causes, who recklessly omit to avail themselves of the absolute protection which this famous vegetable antidote affords. Intermittent and bilious remittent fevers, rheumatism, general debility, nervous weakness and irregularities of the stomach, bowels, and liver, would be comparatively unknown if this palatable specific were in universal use in the districts were they principally prevail.
