RELICS.

Forthcoming Distribution of the Cleveland Funeral Decorations.

CLEVELAND, OHIO, Oct. 19.—The removal of the pavilion and arches on the public square, which have attracted so much attention in connection with the late funeral obsequies, has commenced. A disposition of part of the relics has been agreed upon. Mrs. Garfield has made known her wishes. Of the two designs representing "Gates Ajar," one will be sent to her and the other will go to the city council. The broken column, surmounted by a dove; a wrecked ship of state, a gleaned field, upon which is broken wheat; the cross presented by the Sandusky Knights Templar, the cross and anchor which was presented by the Governor of Michigan, and which was placed on the casket; the column bearing an open scroll, and the open Bible bearing the words "Thy will be done" are all reserved for Mrs. Garfield, and will be sent to her next Wednesday. The pale, accompanied by a picture of the late President by Ryder, will be given to the Historical Society here. The city officers will also receive suitable mementoes. All relics remaining after the disposition of the dais and shields will be placed in a vacant room in the city hall.

Edison's Patents.

In the last weekly issue of patents Edison, the phenomenal inventor, had granted him twenty-two. Of these twenty relate to devices connected with his electric system of light, making, according to the records of the Patent Office, sixty now issued to him relating to that system. Edison has taken out more patents from the Patent Office than any single inventor. Including the twenty-two issued yesterday he has in all been granted two hundred and nine patents on all subjects, including, of course, the electric light; and the records show he has over one hundred additional awaiting the decision of the Commissioner of Patents, a majority of which will, no doubt, be allowed.

Deep-Sea Soundings.

Captain Belknap, commanding the Alaska, reports to the Navy Department, under date of Callao Bay, Peru, September 23, that on September 16 he weighed anchor and stood out to sea and began a line of deep-sea soundings on a course southwest by west from San Lorenzo Island, continuing it for a distance of about 111 miles; then eighty-five miles on a course west half west. The soundings developed a much more abrupt descent of the ocean bed than was shown on the line run from Anson Bay in June and July last, and the character of the bottom was found to be quite different, of a lighter color, and containing a greater percentage of ooze.

Here is One of Them.

To the Editor of THE REPUBLICAN:

In your issue of last week asking the names of aliens in Government employ in reply to a charge made, I give you the name of Alfred Cammack, who was never a soldier, never a voter, and is not a citizen of the United States. He is an Englishman and so boasts of it. He is a clerk in the War Department. H. C.

The following observations on the transactions in the financial market yesterday, together with opening, highest, lowest, and closing quotations, are furnished by the banking-house of H. D. Cooke, jr., & Co., 1429 F street, Washington, D. C.:

NEW YORK STOCK MARKET.

NEW YORK, Oct. 19, 3:15 p. m.—To-day's market has been dull, with little of interest in it, the fluctuations being almost entirely caused by the operations of those who trade for quick turns and small profits, and the general list closes with few changes from those of last evening, such changes being ¼@¾ per cent. higher. There is no change in the general situation, although there is a somewhat better feeling to-night. From the fact that the market did not decline more to-day, operators differ widely as to the future course of the market, and the general public seem to be waiting. Money was in good supply from 5 per cent. to 3 per cent. at the close.

WALL STREET GOSSIP.

NEW YORK, Oct. 19, 10 a. m.—One of the largest stock commission houses in Nassau street in their circular letter last night to their customers said the feature of yesterday's stock market was the absence of any support, except such as was rendered by manipulators. Gould sold stocks, and Europe sold largely. An enormous amount of long New York Central was thrown over. It was reported from the Grand Central depot that Mr. Vanderbilt was not inclined to support his stocks, and, on the contrary, that he held nearly 10,000 shares of New York Central on Monday. It was claimed last night by the bears that the Germans here and London houses had sold the latter; also that De Jonge sold 5,000 shares of Central for London yesterday afternoon. It was reported from the trunk-line people that the New York Central yesterday issued posters for distribution in the West reducing local passenger rates between Buffalo and St. Louis 30 per cent., and this was a strike against the Pennsylvania Central, the Baltimore and Ohio, and the Wabash system. Mr. Garrett, jr., of Baltimore, says the prospects of any patching up of the trunk-line troubles this fall are very slight, because the bitterness has been intensified by the conflict between his father and Gould. Joe Mills, Park, Cammack, and Henry Smith were at the Windsor last night, and they were all predicting a lower market to-day, but there were a good many plucky bulls about, nevertheless, who were of the opinion that about the lowest prices had been seen, and the list would all show improvement this afternoon. This party claimed the market had been raided again by manipulators on the false rumors current on the street late in the day of tight money in London and a large failure on the Paris bourse. James A. W. Seligman & Co. said last evening they had just received London cables reporting money really easier, but a little stringent in parts. There had been no failures in Paris. Russell Sage said late in the night, in his opinion, was about as low as it would go for the present, but the put-and-call brokers said the put side of his spreads sold yesterday were relatively much lower than the calls. His spreads sold on Michigan yesterday were 20 per cent. apart at 79 and 98, ninety days for 1 per cent., and his spreads on Wabash preferred were 17 per cent apart at 79 and 96. The Long Island Railroad receivership was dismissed by the Queen's County Court yesterday. General Dodge says the Texas-Pacific road will be finished by New Year's Day. A Philadelphia dispatch says the Bond party in Reading have managed to secure the transfer of about 50,000 shares of stock in brokers' names, thus killing the voting power, but the Gowen party say they can afford to lose 150,000 shares and still win at the annual election. Private Paris dispatches to Messrs. J. & W. Seligman & Co., but received, report money very scarce, and the borrowing rates for funds upon which to carry stocks are exorbitant. A better feeling shortly is predicted.

12:45 p. m.—Private Washington advices are to the effect that ex-Governor Morgan, of New York, will be appointed probably to the Secretaryship of the Treasury soon after the President returns from Yorktown. Treasurer Gilfillan, who has been spoken of in connection with the appointment, will probably retain his present position. Western advices report the alarming rise in the Mississippi River continues, and there are great fears for the result. The flood covers the Rock Island road at several points, and the Iowa division of the Wabash road is under water for miles, and the outlook is dangerous.

1:40 p. m.—A Chicago grain authority telegraphs that there is but little outside speculation at present in that market. The local operators have the deal entirely to themselves and can sway prices either way a cent or two, but the indications are lower quotations all around. Wheat is down 2 cents, corn and oats ½@⅝; provisions steady.

2:15 p. m.—The district court of Colorado has sustained the injunction against the Denver, Western and Pacific Railroad Company, granted to Given and Abbott to restrain the road from selling its bonds or stock. Injunction granted on the ground that the company fails to meet its obligations.

By Associated Press.

NEW YORK, Oct. 19.—Money loaned between 6 and 3 per cent. on call, and closed at 3@4 per cent. Exchange was steady at 479½@480¼ for long and 483¼@484¼ for short sight. Governments were irregular, extended 5s being ¼ per cent. higher, 4s (coupon and registered) ¼ per cent. lower, and the other issues unchanged. State bonds were in light demand and generally nominal. Railroad bonds were fairly active and in the main weak, Boston, Hartford and Erie firsts being the features of the dealings, on large transactions selling off from 69 to 66½. The stock market opened strong and ¼@1 per cent. higher, Nashville and Chattanooga and Rock Island being exceptions, the former being 1½ and the latter 1¼ per cent. lower than yesterday's closing. In the early dealings there was a fractional advance, which was followed by a decline of ½@1¼ per cent., Metropolitan Elevated, Denver and Rio Grande, Texas Pacific, and Manhattan Elevated leading therein. Subsequently, however, the speculation became strong, and before noon an advance of ½@2¼ per cent. was recorded, in which Metropolitan Elevated, Reading, and Texas Pacific were most prominent. Toward midday prices again took a downward turn, and during the early portion of the afternoon the dealings were irregular and unsettled, but after the second call an advance of ½@2½ per cent. took place, the latter in Manhattan Elevated—Metropolitan and Lake Erie and Western being also conspicuous therein. This was followed by a reaction of ½@1 per cent., but as the close the speculation became firm and a recovery ensued of ¼@¾ per cent. The transactions aggregated 457,901 shares, including Central Pacific, 6,400; Delaware, Lackawanna and Western, 20,000; Denver and Rio Grande, 27,000; Erie, 34,000; Kansas and Texas, 9,700; Lake Shore, 22,900; Louisville and Nashville, 5,000; Manhattan Elevated, 8,000; Memphis and Charleston, 800; Missouri Pacific, 2,200; Northwestern, 6,300; New Jersey Central, 7,000; New York Central, 59,300; Northern Pacific 50; Ohio and Mississippi, 3,200; Ontario and Western, 4,000; Reading, 5,900; St. Paul, 29,000; Texas Pacific, 16,200; Union Pacific, 22,500; Wabash Pacific, 7,900; Western Union, 18,300; Eastern Tennessee, 3,100.
