FINANCIAL AND COMMERCIAL.

Stock and Bond Quotations—Baltimore and New York Produce Markets.

The following observations on the transactions in the financial market yesterday, together with opening, highest, lowest, and closing quotations, are furnished by the banking-house of H. D. Cooke, jr., & Co., 1429 F street, Washington, D. C.:

NEW YORK STOCK MARKET.

NEW YORK, Oct. 26, 3:15 p. m.—The market at the opening was dull and drooping, but after the first hour became strong, advancing with slight reactions till the close, showing a gain for the day of from ¼ to 2½ per cent. It is confidently expected that the renewal of paying rates to be charged by the trunk lines, even if the differences between the managers of the railroads continue, will assure an increase of earnings to the roads, and that the unusually (at this season) large amounts of grain in store at the different centres in the West, which, it is claimed, must be moved to the seaboard, will materially increase their earnings as compared with other years, and the feeling in the street has been better to-day than for many weeks. The money market remains an important factor, however, as with any considerable advance in prices, accompanied with an active speculation, the demands for loans would place the money market in position to be manipulated in the interest of the larger speculators, and it will appear that the position in to-day's market is the most important feature respecting its course in the early future, and the good buying and strength of the trunk lines' shares to-day indicate that strong parties are buyers in an early advance. Money ruled easy at from 4 to 6 per cent.

WALL STREET GOSSIP.

NEW YORK, Oct. 26, 10 a. m.—There was an unusually large number of stock-brokers and traders at the Windsor Hotel last night discussing the stock market. It was the average impression that Vanderbilt was the entire master of the situation, and there was much anxiety to learn whether his roads and the Erie would probably adopt the advanced rates just established by the Pennsylvania and the Baltimore and Ohio lines, but up to a late hour last night nothing had been decided about the matter. The greatest bears last night were the Vanderbilt following and the railroad men. It was reported that about 15,000 of new stock certificates of the New York Central Company came upon the street yesterday in the name of H. K. Enos & Co. The bulls declared that this, together with the extreme bitterness of the Vanderbilt people, indicated that they were now very likely buying back their stock, and they alleged that Mr. Vanderbilt had borrowed nearly $5,000,000 in cash, probably for this purpose, within the past sixty days. A Broadway banker bid 119½ at the hotel last evening for 500 Lake Shore, but there was no stock offering. The Gould party confidently predict that Western Union will cut loose from the remainder of the market in a few days, and the stock will have a great and rapid rise. The Lehigh Coal and Navigation Company people say the coal business never in the history of this corporation was so vast and remunerative as at present. The Metropolitan Elevated stockholders are very excited and angry over the alleged snap closing of this company's transfer book by Sage yesterday, and say that it was done for the purpose of forcing them to acknowledge the new 8 per cent. modification scheme, which they repudiate and will contest. The bears on the general list were very numerous last night, alleging that the bull market terminated yesterday, that lower prices would follow to-day, and that the bad features were too numerous to mention. They claimed that vast quantities of Delaware, Lackawanna and Western, Jersey Central, and Lake Shore was fed out by the cliques yesterday. Messrs. Seligman & Co. say that their special cable dispatches from London this morning report money easier, but still tight in Paris. Mr. Vanderbilt stated to a newspaper reporter last night, who is a correspondent of the Chicago Tribune here, that the advanced rates made by the Baltimore and Ohio and the Pennsylvania Central were not indicative of a settlement of the railroad war, and, so far as an adjustment of the differences between the trunk lines was concerned, he knew nothing about it and had not seen or heard from any of the other presidents. He had no personal feeling against Jewett or the Erie road, and his railroad operations in Ohio were simply for the purpose of protecting his own roads. It was not true that the New York Central, Lake Shore, or Michigan Central had made cheap time contracts for freights, but he knew that the Erie had. The Manhattan Elevated receivership was discharged by the court last night, and the roads are now out of the receivers' hands. Baron Rothschild, the head of the Paris house, died there yesterday.

11:20 a. m.—A Washington special says that President Arthur this morning received a letter from ex-Governor Morgan formally declining the Secretaryship, and a new name may be sent to the Senate to-day. The bankers say that a considerable amount of money is going into the city treasury to-day in payment of taxes and funds. May be a little close on call in consequence.

2:40 p.m.—The New York Central Railroad Company to-day advanced fares. The Chicago tickets were raised $2.25 to $6.75. The former rate was $7, which was formerly protected by a rebate. The Erie has made no change, and sells straight tickets for $7. It is said the Erie raised its grain rates from Chicago to-day to 20 cents per hundred weight.

By Associated Press.

NEW YORK, Oct. 26.—Money loaned between 5 and 6 per cent. during the day, but closed easy at 3@4 per cent. Exchange was steady at 463½@466½ for long and 464½@466½ for short sight. Governments were quiet and ¼ per cent. lower for extended 5s, 4½s, and coupon 4s. State bonds were moderately active. Railroad bonds were fairly active, but irregular. The stock market opened weak and generally ½@1¼ per cent. lower, the latter for Manhattan Elevated and Hannibal and St. Jo preferred, and subsequently fell off ½@¾ per cent. At the first board the dealings seemed a firmer tone and prices continued to advance steadily throughout the afternoon, the general market closing in most cases at the highest figures of the day. The improvement from the lowest point of the morning ranged from ¼ to 4 per cent., the latter for Metropolitan Elevated—Lake Shore selling up 3, Michigan Central 2¾, New York Central 2½, and Alton and Terre Haute 2 per cent. Manhattan Elevated sold up from 52 to 54¾, reacted to 52½, and closed at 53½. The buoyancy of the market was due to the purchases of the trunk-line shares based on the belief that the railroad war was about to be brought to an end. The sales aggregated 571,229 shares, including Central Pacific, 9,400; Delaware, Lackawanna and Western, 42,600; Denver and Rio Grande, 4,800; Erie, 37,200; Kansas and Texas, 7,300; Lake Shore, 25,800; Louisville and Nashville, 2,600; Michigan Central, 22,600; Manhattan Elevated, 7,100; Northwestern, 7,200; New Jersey Central, 18,100; New York Central, 16,400; Pacific Mail, 5,600; Reading, 5,000; St. Paul, 11,300; Union Pacific, 13,300; Wabash Pacific, 8,800; Western Union, 25,100; Metropolitan Elevated, 5,800; Eastern Tennessee, 7,200.

SALES OF STALLS IN CENTRE MARKET,

OCTOBER 22, at 11 o'clock.

These sales are required to be made by act of Congress, which says that the stalls and stands shall be let to the highest bidder at auction for a term of one or more years. Sales were made in 1872 for two years; in 1874 sales for three years more were advertised, but were prevented by an injunction in a lawsuit brought by the marketmen, which has lasted seven years and prevented a compliance with the law and deprived the Company of its rights during that time. The Supreme Court of the United States decided every question against the marketmen and in favor of the Company, and the auction sales must now be made. The rentals of the stalls have been reduced by the Company so that after the discount of 20 per cent. made to purchasers at auction for prompt payment in advance, they will be monthly, on Butchers' single stalls, $6.60, or $14.40 on a half section of a stall and a half, or $28.80 on a full section of three stalls; on Bacon stalls, $7.20, or $10.80, or $21.60; on Butter stalls, $5.40, or $8.10, or $16.20; on Hucksters' stalls (or equivalent stalls), in Seventh and Ninth street buildings, $5.00, or $6.60, or $10.80; in B street buildings, $4.20, or $6.30, or $12.60; on Fish stalls, $4.80, or $7.20, or $14.40. The auction sales will be of the right to occupy, if the purchaser chooses, for eighteen (18) years, until January 1, 1900. The Act of Congress provides that there shall be no by-bidding on the part of the Company, directly or indirectly, but that a minimum rate of bids may be fixed, below which bids will not be received. The minimums will be, on a Butcher's single stall, $150, or $225 on a half-section, or $450 on a full section of three stalls; on Bacon and Butter stalls, $120, or $180, or $360; on Hucksters' or equivalent stalls, $100, or $150, or $300; on Fish stalls, $200. This bonus will be payable $25 cash down; 20 per cent., crediting the $25, on taking possession, and balance in eight 10-per-cent. installments, payable semi-annually, with 5 per cent. interest. No promissory notes or sureties for the bonus will be required, but the stalls will be the sole security; and if the marketman chooses to quit his stalls at any time he may do so, and any bonus certificate not then due will be canceled and given up to him. The above bonus will, during the eighteen years, increase only 70 cents per month, the amount paid for a single Butcher's stall; for a Bacon or Butter stall, 56 cents; for a Huckster's or equivalent stall, 46 cents; for a Fish stall, 93 cents. The sales will be as in 1872, of the first, second, and subsequent choices of stalls in the several classes; and the highest bidder above the minimum for a choice can select any stalls in the market of his class not previously sold or selected. Any combination or conspiracy or threats to prevent a free and full sale, or to deter any person from bidding or from selecting or occupying stalls, will be promptly prosecuted according to law. Full printed terms of sale, classification of stalls by numbers, forms of agreement of lease, and bonus certificates and Market Regulations may be obtained on application at the Company's Office.
