A NEW MOTHER SHIPTON.

When lawyers fail to take a fee,
And juries never disagree;
When politicians are content,
And landlords don't collect their rent;
When parties smash all the machines,
And Boston folks give up their beans;
When naughty children all die young,
And girls are born without a tongue;
When ladies don't take time to hop,
And office-holders never flop;
When preachers cut their sermons short,
And all folks to the church resort;
When back subscribers all have paid,
And editors have fortune made—
Such happenings will sure portend
This world must soon come to an end.

Eight Hundred Girls Wanted.

In order to accommodate the eight hundred bachelors who are said to be under the care of a single Presbyterian superintendent of missions in Manitoba and the Northwest the editor of the Woodstock (Conn.) *Sentinel* proposes, with all seriousness, to get up a huge excursion of marriageable girls from Ontario to proceed early next spring to the prairie province. The enterprise is to be under proper and responsible management. The editor goes on to say there should not be much difficulty in securing the requisite number of volunteers for a really patriotic expedition of the kind. If any humanitarian feels interested in this scheme for the alleviation of the loneliness of the eight hundred orphans he is invited to correspond with the office of the *Sentinel*. To that end applications will be received until the 1st of April next at the office.—*Woodstock Dispatch to the Chicago Tribune.*

How to Live on $10 a Week.

A man with $10 a week and another to support must live at home. If he lives out he will get inferior food and become discontented, and those depending on him will have to go short at home. He should spend on lodging, $2; on food for two, $6; on coal, light, dress, &c., $3. Pieces of fried meat are extravagant; stews, with vegetables, are profitable; fish, dressed with sauce and vegetable, to make meals, is profitable, so are fish-pies; good, well-thickened soup, fruit puddings, small pieces of roast for Sunday, with accompanying vegetables and well-selected pudding. A small piece of chuck beef roasted and well covered during the process with a Yorkshire pudding, a few parsnips and some baked potatoes; for desert, some pears stewed. A home-made cake and a little cold meat, with home pickle or cresses for tea or supper; these are the combinations.—*Food and Health.*

NEW YORK STOCK MARKET.

NEW YORK, Nov. 7, 4:15 p. m.—The market opened strong at about Saturday's closing, but after the first hour became dull and drooping, continuing so until the last hour, when, with a moderate rally, it advanced to the close, the changes for the day showing a decline in the dividend paying stocks of from ¼ to ½ per cent., and in the non-dividend payers advances ranging from ½ to 2 per cent. The Southwesterns, led by Texas Pacific, were especially strong on the reports of the good results to come from the early completion of the through lines and the various connecting links. It is argued that the strength of the market is evidenced, especially in the advances recently made among the lower priced stocks, that many of the specialties which have been marked up within the last week were in some cases in the same position a month ago as now, and that a change in the temper of speculation, which a month ago did not favor advances, is shown in the firmness with which most of the specialties are held at much higher prices, and while the stocks have advanced materially, the Trunk Line shares and the Grangers continue firm on a much higher plane than that of a month ago. The markets were more active at Chicago to-day, wheat advancing 1½ cents per bushel. Money ruled easy all day at 4 to 5 per cent.

WALL STREET GOSSIP.

NEW YORK, Nov. 7.—The general sentiment of the Sunday gossip up town yesterday upon stocks was very bullish, and unless all signs fail the indications unmistakably pointed toward a strong and higher market to-day. The principal favorites were the Southwestern fancies, including nearly all of Gould's promotions, embracing the Texas fancies, the Wabash and Missouri, Pacific, and Western Union. Gould's followers and brokers declared all these stocks were going up this week, and it was stated there would probably be a general preconcerted movement on the part of the local manipulation in numerous other low-priced stocks to move them along at the same time to higher figures. There was apparently a deal of enthusiasm at the Windsor last night over a promised small rise in Texas Pacific to-day, and the bulls on this stock are apparently led by the old Central Pacific pool and by Huntington, assisted by the Gould following and Judge Hutchings. The latter was also said to be bulling Wabash Preferred. Cincinnati, Sandusky and Cleveland was likewise good for a considerable advance, and some of the best houses were stated to have advised customers to buy this stock for 20 points rise before next spring. This property is leased to the Indianapolis, Bloomington and Western, the latter guaranteeing its bonded interest. Its earnings are stated to be larger now than ever before, and divisions on the stock will be earned as soon as the Indianapolis and Springfield connection now building is completed. The insiders in the Indiana, Bloomington, and Western pool are buying in their own stock again. It was stated yesterday, and it was given out by insiders, that higher figures were sure to be established this week unless there was trouble in the remainder of the market. The announcement that Gould was positively seeking control of Erie again caused considerable discussion at the uptown clubs and hotels last night, but it appeared that the fact was uncontroverted. Gould's friends said he continued on very friendly terms with Vanderbilt, and that the latter would aid him in carrying his point and oust Jewett. It was generally believed that Gould would have little difficulty in controlling the entire directory, which he will undoubtedly fill with his friends. The brokers say the Erie pool in the market sold about 20,000 shares of stock on Saturday. It was stated last night that the Erie road had given up the fast-train project, the Lake Shore having refused to allow the through train to pass over its road. The Erie management, however, propose to keep up the war of cheap fares, and will continue to book for Chicago at $9.25. This company on Saturday cut Cleveland to Boston tickets to $4.85, which is the cheapest fare in the country. The Pennsylvania Central has stopped allowing commissions on tickets sold. The Union Pacific railway earnings increased the first three days in November $75,000. This company has put on a new and faster train for Ogden.

2:40 p. m.—The Chicago grain and provision markets are weak and irregular to-day, and it seems hard to restore confidence. Hubbs is selling corn, wheat, and oats 1¼ cents lower; pork and lard 20 cents lower. A prominent foreign house says New York Central has been sold down here to-day for London account, the sales being based on rumors current abroad about the railroad war. It is stated in the Stock Exchange that Mr. Vanderbilt has bought $20,000,000 Government bonds since August 15. It is reported in the cotton market to-day that about 500,000 bales have lately been bought in Europe on American account, about one-half of which has been sold against shorts here and at the South. A New York city firm has bought 50,000 bales, which has not been sold against.

By Associated Press.

NEW YORK, Nov. 7.—The exports of domestic products for the week were valued at $6,028,902. Money loaned between 4 and 2½ per cent. on call and closed at 4 per cent. Exchange was strong and the nominal rates were advanced ⅛c to 481½ for sixty days and 485½ for demand, actual business being done at 480¼@481 for long and 484⅝@485 for short sight. Governments were steady for extended 6s and 5s and ¼ per cent. higher for 4½s and 4s. State bonds were in light request. Railroad bonds were irregular on a moderate volume of business. The stock market was strong at the opening, and prices were generally ⅛@1 per cent. higher than at the close on Saturday, the latter for Metropolitan Elevated. In the early dealings a firm tone prevailed, and at eleven o'clock an advance of ⅛@2½ per cent. was recorded, in which Texas Pacific, Denver and Rio Grande, Kansas and Texas, Erie, Peoria, Decatur and Evansville, Chicago, Burlington and Quincy, Colorado Coal, and Manhattan Elevated were most prominent. Subsequently a reaction of ⅛@5¾ took place, but the depression was of brief duration, and during the afternoon the speculation, although rather inactive, was in the main strong and prices rended upward. The advance, which reached its height at the second board, ranged from ⅛ to 2½ per cent., and was most marked in Norfolk and Western preferred and Eastern Tennessee, the improvement in the remainder of the list being merely fractional. In the late transactions a slight reaction occurred, but the market became firm again in the final sales, and closed in many instances at the best figures of the day. Richmond and Danville, which closed on Saturday at 118, sold up to 119½, fell off to 115, and rallied to 116½ bid. The transactions aggregated 357,000 shares, including Delaware, Lackawanna and Western, 5,600; Denver and Rio Grande, 39,700; Erie, 62,649; Kansas and Texas, 17,000; Lake Shore, 18,400; Missouri Pacific, 7,200; Northwestern, 7,800; New York Central, 8,000; Northern Pacific, 5,600; Pacific Mail, 12,000; Texas Pacific, 69,923; Wabash Pacific, 11,900; Western Union, 14,150; Eastern Tennessee, 14,600; Mobile and Ohio, 5,181.
