SHOVELS.

—The men with the biggest watch-chains usually have a silver watch at the end of it.—*Hartford Globe.*

—The alligator is certainly a sleepy-looking thing, but when awake for business it is found there is some snap to him.—*New Orleans Picayune.*

—The cars on New York elevated railroads are not heated, but it does not make much difference. The passengers get so warmed up fighting for seats that they do not notice the absence of stoves.—*Philadelphia News.*

—Pickled cucumbers were the missiles thrown at Sara Bernhardt by the mob at Odessa. They would have stood a better chance of hitting the target if they had thrown Sara Bernhardt at the pickled cucumber.

—A handsome lady entered a dry goods store and inquired for a "bow." The polite clerk threw himself back and remarked that he was at her service. "Yes, but I want a buff, not a green one," was the reply. The young man went on measuring goods immediately.

—A Virginia father has eleven children named in the consecutive Latin numerals from "Primus" to "Undecimus." At the birth of the tenth boy the latter was named "Decimus Ultimus," or tenth and last; but somehow another son followed, and was dubbed "Undecimus."

—Twelve thousand shovels are manufactured in the United States every week. And yet, every time a man wants his own individual shovel after dark he has to paw and claw around over two tons of soft coal feeling for it, making remarks in the meantime that are enough to blister any coal-shovel that ever hid itself between the end of the shed and an empty barrel.—*Hawkeye.*

No Boon that Science Has Conferred has been fraught with greater blessings than that which has accrued to the inhabitants of malaria-ridden portions of the United States and the Tropics from the use of Hostetter's Stomach Bitters. The experience of many years has but too clearly demonstrated the inefficiency of quinine and other drugs to effectually combat the progress of intermittent, congestive, and bilious remittent fevers, while on the other hand it has been no less clearly shown that the use of the Bitters, a medicine congenial to the frailest constitution, and derived from purely botanic sources, affords a reliable safeguard against malarial diseases, and arrests it when developed. For disorders of the stomach, liver, and bowels, for general debility and renal inactivity, it is also a most efficient remedy. Appetite and sleep are improved by it, it expels rheumatic humors from the blood and enriches a circulation impoverished by mal-assimilation.

VIRGINIA NEWS.

It is stated that a Readjuster paper will be started in Norfolk on the 1st of February.

Norfolk is jealous of importing Yankee customs. Her people don't visit on New Year's Day.

Petersburg will never be satisfied until she has a new first-class hotel. It is one of the needs of the place.

Mr. William H. Saunders, an aged citizen of Leesburg, died last week, in his seventy-second year.

A heavy snow-storm has been covering the hills and valleys of Virginia. In Norfolk and Lynchburg street travel is greatly impeded.

A resolution has been adopted by the house of delegates closing the galleries to the public on account of the prevalence of smallpox in Richmond.

During a sudden squall on the Chesapeake Bay the other day another and totally unexpected squall was heard from the colored quarters on the steamer Tangier. Owing to the mother's fright, it appears that a colored infant had made a sudden advent upon the "stormy" scenes of life.

A man may be excused for being ill-natured when he has the rheumatism, but he cannot be excused for prolonging his misery by neglecting to use the Great German Remedy, St. Jacobs Oil. Richard Webb, a section hand in the Hurlee Mills, Fall River, Mass., used the St. Jacobs Oil with the very happiest results, and cannot say too much for the Great Remedy. He had rheumatism and said the Oil cured him when nothing else would touch his case. Mr. Webb also says that one of the mill hands who was subject to violent attacks of rheumatism and had to go home from her work about once a month, writhing in the tortures of pain, was advised by him to use the Great German remedy. She employed it and realized permanent cure. She now makes full time, and is in the enjoyment of perfect health.

ALEXANDRIA AFFAIRS.

The river is filled with floating ice. Prospects favorable for an ice blockade.

The demurrer in the case of the United States vs. the city of Alexandria will be argued on the 18th instant.

There are at present a large number of hands employed at the ship-yard, working on the ferry steamer City of Washington and the new schooner now being built there for Captain Redmond.

The Corporation Court yesterday was engaged with the trial of Wells, charged with counterfeiting. The jury in the case of Robert Hicks, charged with burglary on Ricker's store, were out all night and had not agreed at noon.

All the necessary machinery having arrived, everything was lively at the works of the Potomac Manufacturing Company, in this city, yesterday preparatory to lighting fires in both the furnaces there this morning, when the manufacture of iron direct from the ore will be commenced.

A number of Good Templars from Washington paid a visit to Golden Light Lodge, of this city, Tuesday night. During a pleasant meeting addresses were delivered or recitations made by J. J. Mahoney, Bessie Perry, M. P. Caldwell, Ellen Crosby, the Freer family, and others of Washington, as well as by a number of Alexandrians.

A Partition of Real Estate Asked For.

John Esputa has filed a bill against Mary and Edward Esputa for the partition of certain real estate. The plaintiff's bill states that he formerly resided in this city, but now lives in Florida, and that defendant, Mary Esputa, was formerly his wife, but was divorced from him by the Circuit Court of the Seventh Judicial District of Florida, on August 16, 1881; that the defendant Edward is *non compos mentis*, and has been an inmate of the St. Elizabeth Asylum since 1869; that his father, Francis Esputa, died intestate in November, 1869, leaving a widow and four children, the widow dying in 1879. In December, 1877, the two sisters of the plaintiff conveyed all their interest in the property to Mary Esputa. He therefore asks that a commission be appointed for Edward Esputa, and that a partition of the property be made.

"INDIAN DEPARTMENT," WASHINGTON, D. C.

I am anxious to introduce Dr. Bull's Cough Syrup among my Indians, having used it myself for several months, and think it one of the finest remedies I ever found. I assure you, it is the only thing that ever relieved me of a protracted cough, brought on by exposure while on the Sioux Commission last year. A. G. BOONE,

Agent for Poncas and U. S. Commissioner.

Dr. Frazier's Root Bitters.

Frazier's Root Bitters are not a dram-shop whisky beverage, but are strictly medicinal in every sense. They act strongly upon the liver and kidneys, keep the bowels open and regular, make the weak strong, heal the lungs, build up the nerves and cleanse the blood and system of every impurity.

For Dizziness, Rush of Blood to the Head, tending to Apoplexy; Dyspepsia, Fever and Ague, Dropsy, Pimples and Blotches, Scrofulous Humors and Sores, Tetter, Ring Worm, White Swelling, Erysipelas, Sore Eyes, and for young men suffering from Weakness or Debility caused from imprudence, and to females in delicate health, Frazier's Root Bitters are especially recommended.

Dr. Frazier: "I have used two bottles of your Root Bitters for Dyspepsia, Dizziness, Weakness, and Kidney Disease, and they did me more good than the doctors and all the medicine I ever used. From the first dose I took I began to mend, and I am now in perfect health, and feel as well as I ever did. I consider your medicine one of the greatest of blessings." MRS. M. MARTIN, Cleveland, Ohio.

Sold by all druggists everywhere at $1 per bottle. HENRY & CO., Sole Proprietors, Cleveland, Ohio.

A Card from Wm. M. Galt & Co.

FIRST PREMIUM FOR THE BEST BARREL of Flour made from Spring Wheat this day awarded to entry No. 28, in Section 20, Class 28, Department 20, to Wm. M. Galt & Co.

Witness our hands, at the National Fair Grounds of the District of Columbia, this 14th day of October, 1881.

J. M. WHARTON,
W. P. NEWCOMER,
JOHN D. NEWMANN,
Experts on Flour.

Attest: JAS. S. EDWARDS, Marshal.

P. S.—The above-mentioned Flour is CERES, the celebrated Minnesota Patent Process Flour, which was awarded the first premium against all other competitors at the National Fair in 1879 and 1880 (gold medal), and now again in 1881. The competition in Flour was certainly a very lively one this year, and the premium was well contested for, but it was simply an impossibility to beat CERES, and the above premium just awarded is only adding another triumph to the magnificent success this so celebrated Flour has enjoyed in this community.

We would also respectfully mention the fact that Mrs. S. F. Anderson received the first premium for the handsomest rolls and biscuits on exhibition, and they were made of CERES FLOUR. This is only another proof that it stands A No. 1 among the best Minnesota Patent Flours known to the trade.
