The Commissioners have appointed James Veir as a patrolman in the vicinity of the Northern Market-house; also William F. Henry as a patrolman between Second street, New Jersey avenue, and B and D streets, both for the period of one year and without compensation.

The special assessment division has completed the revision of assessments against alleys in squares 164 and 419.

The Commissioners yesterday approved the applications for liquor licenses of G. T. C. Drescher, Thirteenth and G streets southeast; William Knobloch, 927 D northwest, and disapproved that of Robert O'Neil, 320 G street southwest.

In answer to a question from Captain S. A. Thomasson as to whether the fire and police departments would be allowed to compete for a set of American Cyclopædia, the Commissioners have answered that they have no objections when the men are not on duty or in uniform.

All the insurance companies having risks on the Jefferson School building have settled on the basis of the loss ascertained and reported by the experts appointed to assess damages, with the exception of the Potomac Fire Insurance Company of Georgetown, the amount due by them being $1,316.42.

The commissioners yesterday sent a communication to Speaker Keifer stating that they are informed by the chairman of the Committee on the District of Columbia that, under the rules of the House, as now framed, it will be difficult, if not impossible, to obtain, during the present session, proper consideration by that body of measures now pending of supreme importance to the interests and welfare of this District. They therefore feel it to be their duty respectfully to request that he (the Speaker) will, without delay, invite the attention of the Committee on Rules to this subject, and recommend that two or more days or parts of days in each month be assigned for the consideration of District business, or such other measures of relief as may be deemed expedient.

The Building Inspector yesterday notified the proprietors of the Capital Theatre to proceed to make the alterations in that building recommended by the safety commission—that is, to construct a board partition at rear line of proscenium boxes and arch up to ceiling and from wall to wall of house to separate the stage from the auditorium, and cover the same with a sheet of asbestos cement filling mixed and applied with a trowel, and to place a two-inch water-pipe sufficiently perforated up the sides and around the stage, connected with a nipply-pipe of sufficient size and arranged in such manner that by stops, handily located, a steady stream of water will flow at the water plug; at least forty feet of hose must be kept attached to and coiled near the water-plug, &c.

Another case of smallpox was taken to the smallpox hospital yesterday morning from the house of Mr. Gray, on Fourteenth street northeast, No. 217, the same house from which others were removed a week or eight days ago.

Catholic Notes.

Sister Mary Blandine Brown died suddenly of rheumatism of the heart a few days since at the Georgetown Convent, and was buried within the monastery enclosure. She was a native of England and was a very proficient harpist, having taught the manipulation of that instrument to the pupils of the academy for a number of years. She was seventy-one years old, more than half of which had been spent in the convent.

The chapel of the Convent of the Visitation, on Connecticut avenue, was thronged at half-past six o'clock last Saturday morning, the occasion of the taking of the black veil by Miss Ridle Downing, a lady well known in North Washington and a former member of the congregation of Immaculate Conception Church.

The members of Carroll Institute have organized a branch of the Catholic Knights of America, to be known as "Carroll Branch," and elected the following provisional officers: President, John T. Fallon; secretary, F. N. Devereaux, and treasurer, Charles McCarthy.

Father Walter, pastor of St. Patrick's, was called suddenly to Baltimore yesterday morning to attend the bedside of a dying brother-in-law, Mr. McGreevy.

IS a Cincinnati daily we notice that Mr. Tim Gleeson, ex-member of the council from the Fourth Ward of that city, says he suffered terribly with rheumatism all last winter and spring. He tried all kinds of linaments and medicines without any benefit until he used St. Jacobs Oil, the first application of which insured a full night's repose, and its subsequent use entirely cured him. It is a great remedy.—*Akron (Ohio) Beacon.*

Police Court Notes.

Four vagrants were sent to the farm for ninety days each.

Mary Adams, a colored woman, appeared with blood streaming from a horrible gash in the head and testified that George Adams had struck her on the head with a brick. Judge Snell sentenced George to sixty days in jail.

Martin H. McGainey was sent to jail yesterday for six months for picking up an overcoat in the National Hotel billiard-room, while its owner, Mr. Daniel O. Williams, was playing billiards, and walking off with the same.

The cases of assault on Officer Harper and others, growing out of a disturbance at a ball in Georgetown, were tried, and on account of the conflicting character of the testimony the Court said he would only fine the defendants, Theodore Schriber and John Allbright, $5 each and dismiss Voigt.

Francis Payton was sent to jail for sixty days for being implicated in a cutting affray in Pleasant alley on the 15th instant. The testimony showed that Francis held Andrew Smith while "Buck" Butler cut him with a knife. "Buck" has taken refuge in Virginia.

"'Tis more brave to live than to die." Therefore don't wait till a slight Cough develops itself into consumption, but secure a bottle of Dr. Bull's Cough Syrup at the small outlay of 25 cents, cure your Cough, and live on happily.

An Estate Settled.

The three-story brick dwelling with lot on the northwest corner of First and P streets northeast, belonging to the estate of the late Jacob Dyser, was sold at auction yesterday afternoon and was bought by S. G. Cabell, formerly of the Cabell House, for $6,500. It appears that Dyser died childless and without a will in 1872 or thereabouts, and his heirs have since unsuccessfully attempted to dispossess his widow of the property, but lately they all, excepting his sister, Mrs. Jacob Fleishell, and husband, of Capitol Hill, released all claim thereto, making a sale practicable, the net proceeds of which will be distributed *pro rata* between Dyser's widow and his sister.

Dr. J. W. H. Lovejoy will lecture in the Young Men's Christian Association Chapel this evening at eight o'clock, subject, "Prevention Better Than Cure."

Mistaken Consumptives.

In the treatment of lung and bronchial diseases the liver is often implicated to such an extent that a hepatic remedy becomes necessary in effecting a cure of the lungs. In the treatment of such cases I prescribe Simmons Liver Regulator with entire satisfaction. I. L. STEPHENSON, M. D., Owensboro', Ky.

ALEXANDRIA AFFAIRS.

The steamer Mattano will go on the lower Potomac route early in March.

The steamer Jane Moseley has taken the place of the Lady of the Lake on the Norfolk route. The Lake will receive some repairs.

Alderman T. V. Rishiel, while at work at his home on Washington street, near Cameron, tripped over a beam and badly injured his right arm.

Mr. F. L. Brockett, auditor of this city, has received the vote of the Democratic members of the Legislature for auditor of public accounts of the State.

The physicians of the poor have now completed the vaccination of children who were excluded from the public schools because not vaccinated. There has been no case of smallpox within eight miles of Alexandria.

Among the coupons turned into the auditor's office Thursday were apparent duplicates of a $15 coupon, due January 1, on one $500 bond of the new (compromise) issue. The matter may result in the discovery that there has been a misprint. Under the present system of recording cancellations it is impossible that duplicates should pass audit.

There is some talk of discontinuing the use of horses to draw the hose-carriages of the fire department. Two horses are now hired at fifty cents per day and fed, and two drivers kept in readiness, at $15 per month. Four horses are used for the steam engines, but these are indispensable. The hook and ladder truck has no horses, but is always carried at rattling speed by the Relief Company.

Mr. Allen Merrill, first mate of the schooner S. M. Bird, loaded with cooperage here by Mr. F. A. Reed, for Havana, Cuba, while getting the vessel, which was lying in the stream, ready to sail Thursday, slipped from a ladder upon which he was standing, and, falling a considerable distance, was badly injured. Although severely cut and bruised about the head and body, Mr. Merrill's injuries are not regarded as of a serious character.

Elegance and Purity.

Ladies who appreciate elegance and purity are using Parker's Hair Balsam. It is the best article sold for restoring gray hair to its original color, beauty, and lustre.
