THE COMMISSIONERS.

Current Transactions at the Various District Offices.

In order that the District Commissioners may reply to a request of the Senate District Committee for information regarding the charitable institutions, they have requested the managers of all the charities to inform them of the management, capacity, and number of occupants in their institutions.

A prominent merchant has written to the Commissioners stating that in the neighborhood in which his residence is located no water can be drawn from the spigot during a number of hours, and asking them either to increase the supply or inform him how he could have the water speedily turned on in case of fire.

In compliance with a request from the District Commissioners the Building Inspector has made an examination of the buildings on Four-and-a-half street rented for District offices, as to their safety and adaptability for the purposes for which they are used, and states that the Columbia Buildings and the buildings in which the Health Office and Police Headquarters are situated are all three totally unfit for their uses in every respect. He incloses statements of the chiefs of the principal bureaus showing the contents of their rooms and possible loss in case of fire. From these statements, and from this report on the buildings, it seems conclusive that in justice to the property-owners the records should be placed in a more safe building at the earliest possible moment, and suitable offices provided for the transaction of the steadily increasing business of the District.

The Commissioners, in response to a request from the House District Committee, have transmitted a report of the chief of the special assessment division upon "House resolution 6015, to provide for the correction of certificates of assessment issued for assessments for special improvements in the District of Columbia." In the report it is stated that if the bill becomes a law it would require the issue of drawback certificates upon outstanding lien certificates issued by the late Board of Public Works, and sold to the First National Bank of New York, to the amount of $102,753.07, to which must be added interest for an average of about ten years. The bill as now framed makes no allusion to the rate of interest which shall be allowed, and the absence of any such provision would require settlement to be made in accordance with the rate stated upon the face of the certificates, which is 10 per cent.

The superintendent of property and his subordinates are busily engaged in arranging samples, blanks, &c., and making other arrangements for letting on June 1 of a contract for general supplies.

The Addicks' Divorce Suit.

A couple of days ago THE REPUBLICAN gave the petition of Mrs. Addicks in the suit for divorce brought by her husband. The bill of the plaintiff, which was filed some time since, but has been kept in the hands of the plaintiff's solicitor, charges various acts of bad conduct against the defendant, and that on two occasions she struck him and was very violent, and that she left him to live alone, but a few days after begged to be taken back, which he did.

WEST WASHINGTON.

During the fishing season a report concerning the condition of the water at Great Falls will be published each day, as furnished by the Washington Aqueduct office, Georgetown, using the following scale of measurement: Very turbid, 0 to 8; turbid, 8 to 15; slightly turbid, 15 to 22; clear, 22 to 36. Condition of the water Thursday, May 11—At Great Falls, 6; at receiving reservoir, 36; at distributing reservoir, 32.

Robert Hughes, colored, the driver of the large four-horse wagon belonging to Herr & Cissell was arrested yesterday by officer Lyddane for stealing some flour from his employers. He was invited to attend Judge Snell's morning reception.

Yesterday, about 6:30 a. m., Mary Newman, colored, living in Chariot alley, discovered her male infant, about one month old, dead in the bed. The coroner gave a certificate of death from inanition.

Aloysius Ash, a white person twenty-one years old, was sent to the hospital (on certificate of Dr. Suter) suffering with chronic rheumatism.

Fish sold at the following prices yesterday: herring, $5 to $7 per thousand; shad, $12 to $18 per hundred, and taylors, 50 cents to $1 per hundred. High tide May 12 (Friday) at 2:49 a. m. and 3:14 p. m.

"TO SUCH an extent did I suffer with inflammatory rheumatism that I could not feed or dress myself without assistance. Two-thirds of a bottle of St. Jacobs Oil entirely cured me, and I consider it worth its weight in gold," says G. E. Jones, New Alexandria, Ohio.

ALEXANDRIA AFFAIRS.

Mr. Edward Lawler is ill at his home on Wilkes street, between Pitt and Royal.

The Alexandria Water Company has declared a dividend of $2 per share on its stock.

The stockholders meeting of the Chesapeake and Ohio Canal will be held in Annapolis in June.

A number of men passed through here yesterday to labor in the stone-quarries near Richmond.

Mrs. Ada Brooks, an Alexandria artist, has a fine picture, "The Captive," on exhibition in the window of Messrs. Tennenson & Co., on King street.

A match game of base-ball was played at the Episcopal High School between the National-Starnine, of Washington, and the Howards, of the school, resulting 11 to 10 in favor of the Howards.

The revival at the colored Baptist church, Gunston, Fairfax County, has closed. There were seven persons baptized last Sunday. The church is progressing well under the leadership of Rev. J. W. Webb, formerly of this city.

The Virginia Midland Railway is preparing a local passenger tariff sheet on a very reduced scale. For short distances the rates will be 25 per cent. below the present tariff. This new tariff will go into effect on the Manassas division about the 15th instant.

At the fair for the relief of Hook and Ladder Company the vote now stands as follows: For gun—James Smith, 10; R. W. French, 3; Julian F. Young, 2. For baby's carriage—Eddie Bohraus, 18; George Fisher, 18; Birdie Waterman, 10; scattering, 4.

On and after Sunday next four extra passenger trains will be run on the Virginia Midland Railway—one to and one from Warrenton, to run daily, except Sunday, and one to and one from Charlottesville, to run daily, connecting with the Chesapeake and Ohio Railroad trains at the latter point.

Judge Hughes will hold a session of the United States court here on the 23d instant, to consider a motion to vacate the order for the appointment of a receiver in the case of Hay vs. The Washington and Alexandria Railroad Company. The receiver is George C. Wilkins, general agent of the Baltimore and Potomac Railroad.

A Valuable Addition.

Because it is beneficial to the scalp and adds to personal beauty by restoring color and luster to gray or faded hair, is why Parker's Hair Balsam is such a popular dressing.

Police Court Notes.

Daniel Dines and James Keister had a fight on Louisiana avenue, and Dines was fined $2 and Keister $3.

James Boston has gone to jail for thirty days for "bustin' in de doah" of the house of his lady-love when she refused to admit him.
