SNOW WHITE BREAD

and beautiful Rolls and Biscuits will be guaranteed if you use CERES, the celebrated Minnesota Patent-Process Flour, which was awarded the First Premium over all other competitors at the National Fair in 1879, again the First Premium, in the shape of a very handsome gold medal, in 1880 and 1881. The millers claim that one barrel of Ceres will turn out forty loaves more bread than any other flour in America. STERLING, ST. LOUIS FANCY, one of the most beautiful Winter-Wheat Patent Flours ever offered to the trade, is unexcelled by any other Patent except Ceres, and will please the most exacting housekeeper and satisfy the most fastidious epicure. RELIANCE, a splendid Minnesota Patent Flour, made by the celebrated Hungarian Process. This is a very cheap and beautiful Patent, within the reach of all classes, and we guarantee will give satisfaction to every one who will try it. GOLDEN HILL, the old reliable standard and the standard Family Flour of the District, and equal to a great many so-called Patent Flours. The millers or manufacturers of Golden Hill have spent about $10,000 in remodeling their mills, and have introduced the so-called Roller system, and consequently Golden Hill is not only a magnificent Family Flour, but it is really a patent flour with the great advantage that it can be bought for considerably less money than a great many Patent-Process flours not near as white nor as nutritious as Golden Hill. For sale by all Grocers. Wholesale Depot, corner first street and Indiana avenue.
