PILES! PILES! PILES!

A Sure Cure Found at Last! No One Need Suffer!

A sure cure for Blind, Bleeding, Itching, and Ulcerated Piles has been discovered by Dr. William (an Indian remedy), called Dr. William's Indian Ointment. A single box has cured the worst chronic cases of twenty-five or thirty years' standing. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions, instruments, and electuaries do more harm than good. William's Ointment absorbs the tumors, allays the intense itching (particularly at night after getting warm in bed), acts as a poultice, gives instant and painless relief, and is prepared only for Piles, itching of the private parts, and for nothing else.

Read what the Hon. J. M. Comnberry, of Cleveland, says about Dr. William's Indian Pile Ointment: "I have used scores of Pile cures, and it affords me pleasure to say that I have never found anything which gave such immediate and permanent relief as Dr. William's Indian Ointment."

SNOW WHITE BREAD

and beautiful Rolls and Biscuits will be guaranteed if you use "CERES," the celebrated Minnesota Patent-Process Flour, which was awarded the First Premium over all other competitors at the National Fair in 1879, and again the First Premium, in the shape of a very handsome gold medal, in 1880 and 1881. The millers claim that one barrel of Ceres will turn out forty loaves more bread than any other flour in America. "STERLING'S ST. LOUIS FANCY," one of the most beautiful Winter-Wheat Patent Flours ever offered to the trade. It is unexcelled by any other Patent except Ceres, and will please the most exacting housekeeper, and satisfy the most fastidious epicure. "RELIANCE," a splendid Minnesota Patent Flour, made by the celebrated Hungarian Process. It is a very cheap and beautiful Patent, within the reach of all classes, and we guarantee will give satisfaction to every one who will try it. "GOLDEN HILL," the old reliable Standby and the Standard Family Flour of the District, and equal to a great many so-called Patent flours. The millers or manufacturers of Golden Hill have spent about $10,000 in remodeling their mill, and have introduced the so celebrated Roller system, and consequently Golden Hill is not only a magnificent Family Flour, but it is really a patent flour with the great advantage that it can be bought for considerably less money than a great many Patent-Process flours not near as white nor as nutritious as Golden Hill. For sale by all Grocers. Wholesale Depot, corner First street and Indiana avenue.

WEST WASHINGTON.

During the fishing season a report concerning the condition of the water at Great Falls will be published each day, as furnished by the Washington Aqueduct office, Georgetown, using the following scale of measurement: Very turbid, 0 to 8; turbid, 8 to 15; slightly turbid, 15 to 22; clear, 22 to 36. Condition of the water, May 31 (Wednesday), at Great Falls, 15½; at receiving reservoir, 12; at distributing reservoir, 16.

Probably the longest petition ever presented to Congress from the District is the one now in circulation, signed by hundreds of our most prominent people, in behalf of those members of the metropolitan police force who receive only $75 a month salary. Out of the 209 privates 127 get $900, while the remaining 73, doing precisely the same duty, are paid but $75. Fifteen years ago, when there was not one-third of the present taxes imposed, the force consisted of the same number of men, and privates' pay was $100 a month; and why they should now receive only $75, which is comparatively much less than the sums paid the police in all the Northern cities, is a question none can answer. There is a great injustice done them, and we sincerely hope Congress will increase their pay.

Mr. Jones, superintendent of Oak Hill Cemetery, who has been ill for several months, is steadily improving, and his physician considers him entirely out of danger.

The beautiful little yacht Alert and her gallant crew have arrived home from a three days' sail down the Potomac. It is needless to say they had a royal good time, as they always do on board of that craft. He who dies without ever having had a sail on the Alert misses major portion of perfect bliss as a usual rabbit (mu e) issue of contrapuncture.

About 3 o'clock yesterday afternoon a drowned colored boy about 6 years old was discovered floating in the river near the Potomac boat-house, by Helmel Jostesen (a Swede), mate of the tugboat Henry C. Wheeler. The body was taken ashore and brought up to the station by Officers Burgess and Hess, where it was identified as that of Charlie Johnson, 2305 N street. The coroner was notified.

The prospects are now favorable for a speedy return to ship building in this city. The large three-masted schooner now in course of construction at Messrs. J. P. Agnew & Co.'s ship-yard is rapidly approaching completion, and in less than a month, it is said, the keel for another large vessel will be laid in the proposed new ship-yard to be established by the Potomac Manufacturing Company on the old Hunter property. Already the order for the lumber for the new vessel, to be built under the supervision of Captain Goss, an extensive builder of Maine, has been given.

A Charge of Embezzlement.

William Young, agent of the Detroit Beneficial Endowment Association, waived an examination in the Police Court yesterday and furnished $1,000 bonds to await the action of the grand jury on a charge of embezzlement. The claims of the prosecution are that Mr. Young went to the residence of a widow named Mrs. Ida Harting to negotiate for paying her $1,200.60 insurance on the life of her deceased husband. Mrs. Harting was sick, and when Young gave her the check for the money she requested him to go to the bank and have it cashed and return her the money. When she counted the money after Mr. Young's departure she found that there was only $700 instead of $1,200.60, for which the check was drawn. Proceedings for embezzlement of $600.60 were at once instituted. Young claims that he returned all the money and that Mrs. Harting counted it and thanked him for his services.

Grand Jury Indictments.

The grand jury yesterday presented indictments against Noah Johnson, Henry Coleman, and Richard Henderson, larceny of several articles of wearing apparel from Kate Griffith on the 25th of last April; John Price, alias William H. Parks, larceny of $1,450 from A. L. Barber on the 3d of last September; John W. McKnight and James H. Thorp, conspiracy, defendants in the so-called artificial stone company case. They ignored the indictment against Edward Ambush for grand larceny and he was released.
