SNOW WHITE BREAD

and beautiful Rolls and Biscuits will be guaranteed if you use CERES, the celebrated Minnesota Patent-Process Flour, which was awarded the First Premium over all other competitors at the National Fair in 1879, and again the First Premium, in the shape of a very handsome gold medal, in 1880 and 1881. The millers claim that one barrel of Ceres will turn out forty loaves more bread than any other flour in America. STERLING'S ST. LOUIS FANCY, one of the most beautiful Winter-Wheat Patent Flours ever offered to the trade. It is unexcelled by any other Patent except Ceres, and will please the most exacting housekeeper, and satisfy the most fastidious epicure. SELIANCE, a splendid Minnesota Patent Flour, made by the celebrated Hungarian Process. It is a very fine and beautiful Patent, within the reach of all classes, and we guarantee it to give satisfaction to every one who will try it. GOLDEN SHEAF, the old reliable standard and the Standard Family Flour of the District, and equal to a great many so-called Patent floors. The millers of manufacturers of Golden Hill have spent about $10,000 in remodeling their mill, and have introduced the so celebrated Roller system, and consequently Golden Hill is not only a magnificent Family Flour, but it is really a patent flour with the great advantage that it can be bought for considerably less money than a great many Patent-Process flours not near as white nor as nutritious as Golden Hill. For sale by all Grocers. Wholesale Depot, corner First street and Indiana avenue.

A sure cure for Blind, Bleeding, Itching, and Ulcerated Piles has been discovered by Dr. William (an Indian remedy), called Dr. William's Indian Ointment. THE STAR-ROUTE TRIAL.

Mr. Wilson Concludes His Argument for the Defense.

Mr. Wilson yesterday concluded his speech for Mr. Brady in the star-route trial. Referring to the deficiency appropriation which had been granted by Congress, he said that the Postmaster-General indorsed the action of Mr. Brady. The Post-Office Department should not be required to pay its own way, but the needs of the country should be considered. He referred to the testimony of Secretary Teller, General Sherman, and Representative Valentine, and said Mr. Brady had been accused as a rascal for doing just what they had urged over and over again. The pivotal question, he said, of this whole controversy, so far as Brady was concerned, was corruption. The prosecution must prove corruption. Mr. Wilson claimed that the prosecution turned on whether the jury were to believe John A. Walsh's story or not. After carefully going over Walsh's testimony and showing the inconsistencies of it, he turned to Buell's testimony. At 5 o'clock he concluded his argument, and the court adjourned till to-day.

A Delicious Appetizer.

That ensures digestion and enjoyment of food; a tonic that brings strength to the weak and rest to the nervous; a harmless diarrhœa cure that don't constipate—just what every family needs—Parker's Ginger Tonic.

The Curbstone Brokers.

The case of Walter D. Plowden, whose arrest for being an unlicensed broker was mentioned in yesterday's REPUBLICAN, was called in the police court, but Mr. Padgett continued it until to-day. These brokers have got the bulge on the District, so to speak, as instead of paying $100 for a broker's license, many of them have taken out licenses as bankers, which covers their brokerage business, the law saying "that any person having paid a license tax as banker shall not be required to pay a license as a broker." The latter license costs from fifty cents to $8—according to the capital invested.

MISS CLARA ALLCOTT, of Mahwah, Bergen County, N. J., says: "I bruised my limb, and it became greatly swollen and stiff. A physician treated it without any benefit. Procured a bottle of St. Jacob's Oil, which cured me. It acted like magic.

Another Double-Scull Race.

There will be another double-scull race on the Eastern Branch on Saturday evening next for a purse of $50, between Langley and Mills, Clark and Bohlayer, F. Hutcherson and P. Hutcherson, H. Langley and F. Brown, all amateur rowers. The boats will be called together at 5:30 and ten minutes later will start. The course will be the same as that rowed over last Saturday, and an interesting race is anticipated.

Besides Admiral Fairfax, father of the deceased, and Rev. Mr. Suter, of Christ Church, the officiating clergyman, only a few friends were present.

Mrs. Cliff, who was shot by her husband some time ago (the circumstances of which were fully given in THE REPUBLICAN), has so far recovered as to go out. As soon as she is able to appear against her husband he will have a hearing before the mayor and be committed for the action of the grand jury of the corporation court to answer the charge of assault with intent to maim, disfigure, and kill, the punishment for which crime is imprisonment in the penitentiary for a term of years.

The cotton crop increased from 479,934 bales in 1870 to 814,898 bales in 1880, and there has been a steady increase in the number of nearly all kinds of farm animals. A peculiarly gratifying feature in the agricultural condition of the State is the multiplication of small farms. In 1870 there were 69,956 farms in the State; in 1880 there were 138,626. The largest proportion of farms are between 100 and 500 acres, and the next largest between twenty and fifty acres.
