GOSSIP OF THE DAY.

Special Dispatch.

NEW YORK, May 15.—The general expectation was of better and higher market today, and intimations from well informed sources that Vanderbilt stock will be stronger here and in London as soon as Vanderbilt arrives in London, and explains that these properties are still virtually under the same management as heretofore.

Brokers report that the main feature of yesterday afternoon was the buying of about 10,000 shares of Lake Shore by Hollins & Co. Bridge and Smith, and Eugene Thompson, and from the operations noted, the balance of the market took its tone.

It was reported that Canada Southern would pay a dividend in July, and Michigan would probably declare a dividend of 3½ per cent. Russell Sage says that he expects a better market. Some of the leading commission houses report that they bought stocks on a scale yesterday for large traders. Morgan's brokers bought largely of Lackawanna and Jersey Central. Bocock bought most of the Central Pacific stock sold. The largest room traders, with two exceptions, were bulls last evening, and went home long of the market. Gould expresses himself as bullish, and told a prominent member of the board that he had been buying stocks for three days past. It is understood that Gould has been purchasing Lackawanna.

The Chicago special to the New York *Tribune* contains important crop reports from all sections west, from which the outlook in thirteen states and one territory is very promising, and the condition shows an improvement over the late agricultural bureau report and all previous advices. Fine weather has much improved the condition in all directions. The Nebraska and Dakota yield will be larger than last year. With favorable weather the general harvest will be up to the average, although behind the magnificent yield of 1882. Wheat is heading out already in Kentucky, southern Missouri, and in Kansas, and the harvest will begin in southern Kansas about June 20.

London cables say the London market for Americans is to-day (for the first time in a month), relatively higher than the New York market.

The market opened dull. There was light trading with a small attendance. The general belief is in higher prices, and not many stocks are offering. The Vanderbilts are very dull. Bruns sold Lake Shore, Wormser bought. In Union Pacific the sellers were Olyphant & Smith and H. H. Freeman, the buyer was Vandenhoff. Bird bought Lackawanna.

The large sellers of Oregon and Transcontinental this morning on the reaction were Van Emburgh, Horton and Brandon. The Jersey Central people say they regard the Jersey Central incomes as equal in value to a 7 per cent. bond, when the road passes from the receiver's hands. The largest holders of these bonds expect to get all the back interest in full. The large dealers in Richmond and Danville debentures talk 80 for them, and insiders bought them up to 69 yesterday. It is reported there are orders to buy a million of them up to 75, and when the market rallies for bonds these will advance rapidly.

The market was sold largely by the room traders. There were orders in the market to buy Lake Shore and Erie from London, and foreign brokers are bidding for stocks. The sellers of Union Pacific are Grovesteon & Pell, Bird, Bell, Kirkner, and Ed Schmit. Budge & Goldsmidt are selling Oregon and Transcontinental, supposed to be for Woerishoeffer. Central Pacific has been sold to-day on revival of rumors of its general abandonment by the Southern Pacific interest. Morgan's brokers are buying Jersey, United States 4's are in demand at 119½, and 4½'s are in better demand.

Sterling is steady.

Charles Johnes is rallying the markets. Sellers of Union Pacific this afternoon were Oppenheim and Freeman M. Brown. Johnes bought. Wabash preferred was sold by Probst, Frank, and Thurman.

REVIEW.

The market opened dull, with a light attendance and small trading. The dullness became very general and the room traders seized the opportunity to hammer the general list all around. Oregon Transcontinental was first attacked by Woerishoeffer. The Vanderbilts were very dull, but the Dutch bought Lake Shore on foreign orders; also some Erie for the same account. The room traders sold a good deal of Union Pacific and the stock declined to 94½ on the second call. Sterling was steady. Van Hoffman bought $200,000 yesterday at about 4.83. Stocks lent at 3; Union Pacific at 2; New York Central at 1; money at 3 to 4.

Toward 2 o'clock the market improved under brisk bidding up by Charles Johnes. Union Pacific was bought by him. He also bought Louisville and Nashville. The latter was sold by Mr. Van Schaick. The room traders were the general buyers, and the bulls were shouting that the market was scraping bottom, but there were not many buyers. Groesbeck & Schley sold 5,000 shares of Union Pacific this afternoon. Chapin bought largely of Union Pacific.

At 2:45 the general list was stiff at the best prices of the day, with the largest trading in New Jersey Central, Union Pacific, Lackawanna, Central Pacific, Oregon and Transcontinental and Louisville and Nashville.

It is announced that the Trunk lines satisfactorily arranged the percentages.

The market closed fairly steady at the advance. The strength at the close was due to the fact of the satisfactory arrangement of the percentages in the Trunk lines pool.

LONDON, 12:30.—United States bonds unchanged; Erie, ¼ lower; Erie seconds, 1 lower; Reading, ¼ lower; Illinois Central, ½ higher; Pennsylvania, ½ higher.

ELY'S CREAM BALM CO., Owego, N. Y.

There has never been an instance in which this stirring invigorant and anti-febrile medicine has failed to ward off the complaint, when taken duly as a protection against malaria. Hundreds of physicians have abandoned all the officinal specifics and now prescribe this harmless vegetable tonic for chills and fever, as well as dyspepsia and nervous affections. Hostetter's Bitters is the specific you need. For sale by all druggists and dealers generally.

STRICKEN DOWN.

A Foe Against Whom Bolts and Bars are Useless—A Story of Society.

To prevent disease is always easier and cheaper than to cure it. This axiom is true as it is old. At present the leading peril to health and life in the United States is in Malaria—or bad air. Malaria is a broad name for many diseases. It has a multitude of shapes, but only one nature and result. Included in this family are bilious fever, typhoid and typhus fevers, chills and fever, and all diseases which originate in blood poisoning. There is no other force so insidious as malaria. It attacks the poor in their cabins and the rich in their palaces. The scientific plumbing by which the wealthy seek to keep this pest out of their houses fails as completely as the charms with which superstitious people try to ward off the influence of evil spirits. Malaria enters where it wills and vital statistics and saddened homes complete the dismal story. Malaria permeates the atmosphere and strikes down victims in all classes of society.

What can be done? He who furnishes a preventive or a remedy is surely a greater friend to his kind than he who discovers a new gold mine. The proprietor of RENSON'S CAPCINE POROUS PLASTERS recommend them as the most effective and trustworthy anti-malaria specific now known to medical science. The mode of action is easily understood. They act upon the liver, spleen, bowels, and kidneys through the skin, assisting these organs to throw off the poison. Thousands can testify to their efficacy in aiding the struggling system to cast off its load. Formed of a happy combination of chemical agents, these plasters do their work quickly and surely. If worn over the region of the liver and upon the back over the kidneys they act as a preventive against malarial attacks. The genuine have the word CAPCINE cut in the center of the plaster. Any pharmacist or druggist will supply you. Price 25 cents.

Use Brentano's London Exchequer JET BLACK INK.

Flows freely; does not corrode; at once jet black, never thickens or deposits a sediment; never moulds; dries instantly; is permanent; resists acids; is not affected by frost; never changes color in the inkstand. Use a clean inkstand, and do not mix with other ink. This ink yields one good copy from fresh writing.

Please bear in mind that our establishment is kept open every evening until 10 o'clock.
