THE MARKETS.

How the Political Outlook Affects the Prices of Stocks—Trading in Baltimore and Chicago.

NEW YORK, Oct. 31.—It was argued and believed last evening by many large bears, who are regarded as shrewd political observers, that the advance in the stock market yesterday was based mainly upon the large private subscription of campaign funds by capitalists at the Blaine dinner, which it was believed by the republicans, would go very far toward insuring their success. Cammack declared that all this money was to buy votes with, and, as the democrats were poor, they had subscribed very little toward the election.

The only large amount which has been placed to the credit of the democratic national committee was about $100,000, which came from Mr. Vanderbilt. He is a strong supporter of Cleveland, and has been very outspoken in Cleveland's favor since the Ohio election. The feeling on the stock market was favorable for higher prices to-day. A considerable portion of yesterday's advance was attributed to covering of shorts. The feeling continues strong on the grangers and Western Union, and it is said Gould's people bought both very freely yesterday, and predicted higher prices to-day. The bears say that the whole movement of yesterday was simply a raid by Mr. Connor's brokers on the shorts, and he frightened many of them. The Twenty-third street bear party and their commission houses in the street predicted a break of 10 per cent. if Blaine is elected, claiming that this will extinguish the short interest, and the market will be devoid of their support.

It was reported last night that the palace car transportation lines would be involved in the trunk line war, and reduced rates follow.

Morgan said he expected a higher market to-day, especially on Delaware, Lackawanna and Western.

The foreign bankers say cotton bills are offering here very low and freely. This favors an importation of gold.

It is rumored that the stockholders of New York Central are going to protest against rate cutting, and ask for a change of policy. Strong points to buy Western Union are distributed.

The New York Central has cut rates to Chicago to $15. The scalpers sell the same tickets on the same road at $14, and declare the war will result in a $5 rate.

West Shore and Baltimore and Ohio have posted a reduction of first-class rate from New York to Chicago to $13.50, and Erie and Delaware, Lackawanna and Western are expected to follow soon. It is expected there will be lively cutting before to-morrow night.

The traders have been hammering stocks on this state of affairs.

The raid on Illinois Central this afternoon has been on reports that the dividends will be reduced to 6 per cent.

The attack on Pullman stock is on rumors of a Palace Car war.

The market opened fairly active, and with a general advance of about ⅜, but the bears soon began hammering New York Central and Lake Shore on reported serious cutting of passenger rates, and these stocks declined ¾ and ½ respectively in the first hour. The other stocks sympathizing to the extent of ½. A slight reaction followed up to noon, when prices showed about ½ below opening rates, except for the Vanderbilts, which were ¾ lower.

In the afternoon Illinois Central and Pullman palace car were raided on reports of reduced dividends. A palace car war of rates, and the former declined 4 per cent. and Pullman 2, but both recovered 1 per cent. before the closing. The trading showed declines all around, and the closing prices were the lowest of the day. The tone was bearish over the railroad difficulties in the trunk lines.

BALTIMORE STOCK MARKET.

BALTIMORE, Oct. 31.—Virginia 6s, consolidated, 36; past due coupons, 33; new 3s, 51½ bid to-day.

THE Jesuit father, Antonio Julian, in his book on travels in South America, says: "This plant (the Coca) possesses all of the wonderful properties claimed for it." Commodore Gibbon (United States exploring expedition of the Amazon) says: "The Coca has properties so marvellous that it enables the Indians, without any other nourishment, to perform forced marches of five and six days. It is so bracing and tonic that by chewing it alone they perform journeys of 300 miles on foot without appearing in the least fatigued." To build up a broken-down system, to relieve dyspepsia, biliousness, female monthly sufferings, and nervous prostration, Liebig Co.'s Coca Beef Tonic has no equal.

WALLOWING IN FILTH.

Barnum Backing Shoemaker in His Infamous Attack on the Blaine Family—The Scandal Boomerang.

Indianapolis Dispatch to Philadelphia Press.

The infamous slander about Blaine's marriage, published by the Indianapolis *Sentinel*, has had the opposite effect in this state from what the originators intended. It has aroused the women of Indiana, and their influence is being felt as it was never felt before. At Lafayette, Fort Wayne, South Bend, Terre Haute and other points there are authentic cases where the women have effected changes in votes; and in various ways, mothers, wives, sisters, and sweethearts are doing quiet but effectual work for Blaine. Here in Indianapolis their influence is seen by the number of young democrats whose names have been enrolled as members of the Morton club. The club is composed principally of young republican business men, and, as nearly all the best society people are republicans, the young ladies are insisting that their democratic sweethearts shall rebuke the democratic slander upon virtuous womanhood by openly declaring for Blaine; and, rather than lose their sweethearts, the young democrats are coming to time.

The *Sentinel* finds itself in a bad box. I never had the slightest proof of its damnable charges, and is not able to obtain any testimony now that will stand in any court. It is to the credit of the democrats in Indiana that they have never indorsed the *Sentinel* and have no sympathy with it in its trouble. When Senator Voorhees was asked to defend the suit he declined to have anything to do with it. And it is a matter of common talk here in Indianapolis that Shoemaker applied to the democratic state committee to stand by him and agree to pay the damages, and the committee not only declined to do so, but repudiated the publication and refused to circulate the scandal.

Discouraged in this direction, the *Sentinel* let up on the matter for a time, but Mr. Shoemaker finally went to New York, and on his return again began to wallow in his mire, and the story is current here that he received a conditional assurance from the democratic national committee that, if he continued his fight and Blaine is defeated, they will pay the costs. The case will be pushed. Of that that there is no doubt, whatever the result of the campaign may be.

The Value of Newspaper Advertising.

Mr. E. Duncan Sniffen, 3 Park Row, New York, the well-known advertising agent, makes the following truthful remarks in the New York *Tribune*, Oct. 4, regarding newspaper advertising:

"The newspaper is so comprehensive in its scope, so universal in administering to the wants of all classes, and of every occupation in life; it brings, as it were, the financial and commercial markets of the world to our counting rooms, so that it may be truly said that a good advertisement in a widely-circulated newspaper is the best of all possible salesmen—one who never sleeps and it never weary, who goes after business early and late, who accosts the merchant in his store, the lawyer in his office, the student in his study, the cultivated woman at the family fireside, who can be in a thousand places at once, and address a million of people each day, saying only the best thing at the right time and in the best manner.

"Now this typical salesman talks only about his own business in his own interest, and if in a crowd he must, in order to secure a hearing, be more conspicuous than his competitors, and at all times he must be as attractive as possible. The work involves intelligence, a good deal of ingenuity, and original and ready resources to make the stale matter of yesterday fresh and inviting to-day. This is the kind of newspaper advertising that it pays to do, and that we undertake to do." Advertisers should send for E. Duncan Sniffen's Advertisers' Reference Book, 1884, as it is full of valuable information about leading newspapers; their circulation rates, &c., &c.

ROBUST HEALTH

Is not always enjoyed by those who seem to possess it. The taint of corrupted blood may be secretly undermining the constitution. In time, the poison will certainly show its effects, and with all the more virulence the longer it has been allowed to permeate the system. Each pimple, sty, boil, skin disorder and sense of unnatural lassitude, or languor, is one of Nature's warnings of the consequences of neglect.

Ayer's Sarsaparilla

Is the only remedy that can be relied upon, in all cases, to eradicate the taint of hereditary disease and the special corruptions of the blood. It is the only alterative that is sufficiently powerful to thoroughly cleanse the system of **Scrofulous and Mercurial** impurities and the pollution of **Contagious Diseases.** It also neutralizes the poisons left by **Diphtheria and Scarlet Fever,** and enables rapid recuperation from the enfeeblement and debility caused by these diseases.

Myriads of Cures

Achieved by AYER'S SARSAPARILLA, in the past forty years, are attested, and there is no blood disease, at all possible of cure, that will not yield to it. Whatever the ailments of this class, and wherever found, from the scurvy of the Arctic circle to the "veldt-sores" of South Africa, this remedy has afforded health to the sufferers by whom it was employed. Druggists everywhere can cite numerous cases, within their personal knowledge, of remarkable cures wrought by it, where all other treatment had been unavailing. People will do well to

Trust Nothing Else

than AYER'S SARSAPARILLA. Numerous crude mixtures are offered to the public as "blood purifiers," which only allure the patient with the pretense of many cheap doses, and with which it is folly to experiment while disease is steadily becoming more deep-seated and difficult of cure. Some of these mixtures do much lasting harm. Bear in mind that the only medicine that can radically purify the vitiated blood is

Ayer's Sarsaparilla,

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

Sold by all druggists; price $1, six bottles for $5.
