The Chickering Grand at the Music Teachers' National Association Concerts.

The Chickering Grand won general admiration at Robert Goldbeck's performance of his concerto on Thursday evening, and its magnificent qualities were again warmly praised by musicians at Miss Bloomfield's performance on Friday night. The perfect purity of its intonation and exquisite singing power was such as to satisfy the most exacting demands of the artiste, to whose every shade of intellectual and sympathetic expression it responded with musical emotion, and took on every tone-color demanded by the rich harmonic phrases of Rubinstein's great concerto, in which Miss Bloomfield created a genuine furor.

The Chickering Grand on this occasion reiterated and vitalized the claim of the American supremacy in pianoforte manufacture by displaying every quality that raises the construction of the piano into the realm of high art.

The perfection of its action, the mathematical accuracy of the entire scale, its wealth of full, melodious, and resonant tone, such as has seldom been heard in our concert halls, created a deep impression. Moreover, the large, liquid, and harmonious roundness of its notes, whether in the heaviest fortissimo or the most whispering pianissimo passage, displaying every shade of contrast in musical expression, and pealing brilliantly in full, sonorous tone above the orchestra whenever the score demanded its utterance, excited the eulogiums of the most critical in a vast audience composed entirely of musicians.

The instrument was a noble specimen of the product of the pioneer house of Chickering & Sons, and the highest expression of progress in modern pianoforte construction.

W. G. Metzerott & Co., 903 Pennsylvania avenue, second door west of Ninth street, are the sole agents for these pianos. A complete stock of grand, square and uprights constantly on hand.

He has accepted, and attended the last meeting of the board. During the absence of the president, Mr. Thomas Somerville, to his native country, Scotland, and other parts of Europe, Dr. A. J. Shaffhirt will act as president. The secretary reported that over 2,000 shares in the ninth issue had had been taken and paid for, and but 2,000 has been authorized. An order was passed increasing the number to meet the demand. This issue adds to the receipts $5,137.50 monthly. Shares are $2.50 per month. Assets are $500,295.25. Morris upon executing bond in the sum of $20,000. In the matter of the estate of Nannie Merrick, widow of Richard T. Merrick, upon the petition of her brother, Frederick B. Maguire, letters of administration were issued to Mr. Morris on her personal estate, and the bond fixed at $20,000. The will reads as follows: "I give and devise to my beloved wife, Nannie Merrick, all my estate and property of every kind, nature, and description and wherever situate, including such as may be in the District of Columbia, in the state of Maryland, and in the state of Illinois, to her and her heirs forever. I designate my dear friend, Martin F. Morris, executor of this my last will and testament; and, reposing the most implicit confidence in his personal integrity, it is my desire that he shall not file a bond." On Account of the Fire!

Our regular weekly advertisement, which always appears in the "Post" and "Republican" on Friday morning of each week, was also destroyed.

We therefore supplement the following items, which, to the best of our knowledge, are many more specials than we had originally written out, and you can well say that "it is an ill wind that doesn't blow some one good."

All of our Short End Cottons, such as Sheeting, Pillow Case, Bleached and Unbleached Yard wide Cottons, Ticking, Bedspreads, which we advertised for two weeks, still hold good. We have sold an immense quantity, and still have plenty more.

Bulletin No. 1.

PREVIOUS TO OUR

Semi-Annual Stock Taking,

Which occurs JULY 31, we propose to inaugurate a

"GRAND CLEARING-UP SALE"

—OF—

THIS SEASON'S FABRICS.

During the month of June, after having bought very heavily at auction and elsewhere, we inaugurated a series of

SURPLUS STOCK SALES,

which met with splendid success, and caused the disposal of thousands of dollars' worth of stock; but, notwithstanding the unprecedented sales during June, we still have an unusually attractive stock of this season's goods, which must be sold this season, as our customers are fully aware of the fact that we carry over no goods from one season to another, making each season pay its own losses, thereby opening each season with a new, clean, fresh stock of that season's goods.

We have always made our interests and the interests of our customers identical, with absolute fidelity to every purchaser, returning the money paid for any article whatsoever not proving entirely satisfactory.

We prefer to sell some things at and below value rather than be idle. The more we sell the more we buy; the more we buy the cheaper we buy; the more we sell the cheaper we sell.

Our excellent facilities and large distributing capacities enable us to buy to advantages not otherwise obtainable; hence customers can at all times expect to find the

LOWEST PRICES HERE.

We shall from this time forward, previous to our

Semi-Annual Stock Taking,

JULY 31, make such reductions on different lines in each department as the occasion requires, or that we deem necessary to cause their immediate disposal.

ALMOST EVERY PERSON HAS SOME FORM of scrofulous poison latent in his veins. When this develops in scrofulous sores, ulcers or eruptions, or takes the form of rheumatism or organic diseases, the suffering that ensues is terrible beyond description. Hence the gratitude of those who discover, as thousands yearly do, that Ayer's Sarsaparilla will thoroughly eradicate this evil from the system.

TO MOST CHILDREN THE BARE SUGGESTION of a dose of castor oil is nauseating. Why not, then, when physic is necessary for the little ones, use Ayer's Cathartic Pills? They combine every essential and valuable principle of a cathartic medicine, and being sugar-coated are easily taken. jy14

LIQUID BREAD.
A PURE MALT EXTRACT.

Possesses the highest merit. It is manufactured from the choicest materials, and combines the most palatable qualities of a refreshing drink, with the invigorating and wholesome properties of the best Malt Extracts.

It is a true tonic and delightful beverage, alike desirable for invalids and persons in health. Will be found upon trial to be a pleasant and complete substitute for all alcoholic drinks, most of which are too stimulating for delicate constitutions.

As the beverage "Par Excellence" for nursing mothers, creates an abundance of milk, while it strengthens and invigorates the entire system. After careful analysis, Wilbur G. Hall, Ph. D., New York, says: "Liquid Bread is a refreshing, nourishing table beverage, a wholesome invigorating tonic. It is palatable to the taste, and of easy assimilation."

Frank L. James, Ph. D., M. D., St. Louis, after analysis, says: "Its low percentage of alcohol, its effervescence, its delightful taste and color, all combine to recommend Nicholson's Malt Extract as being a most nourishing beverage, and the best article of the sort that has ever come under my examination."

ANNUAL RED LETTER SALE
ADLER'S
TEN PER CENT CLOTHING HOUSE,
927 AND 929 SEVENTH STREET N. W., CORNER MASSACHUSETTS AVENUE.

We wish you to understand that this is an advertisement, and, like all advertisements which emanate or which have emanated from this COREB, it is based upon facts, the underlying principle of which is

TRUTH.

The plain, positive, unvarnished TRUTH, which none can gainsay or successfully contradict. We use the word "Truth" in its positive and absolute sense, which neither court nor cunning in the art of word painting can distort, mislead, nor meander into channels of doubt. There are no

DOUBTING THOMASES

In our lists now. There were, 'tis true, but like their distinguished prototype they made close and critical examination, the result of which was that all doubts were removed, and to-day THE PEOPLE are not only our active partisans, but earnest and hearty supporters and patrons. Such being the case, we can afford to laugh at those who predicted that we would find our "commercial grave" within the brief period of our season. They dig it for us and digged it deep, but if we may be allowed to quote from Dame Rumor, the wise: "Those who digged your commercial grave are more than likely to fall into it themselves," and we propose to be in at the death, which leads us to remark that history always repeats itself. And just here we rest our case with THE PEOPLE.

BY
RED LETTER SALE

Is meant a reduction of Ten Per Cent on the marked price of our goods, which virtuously places them in your possession at less than the actual cost of manufacture. But inasmuch as we inaugurated the

RED LETTER SALE

In the District, we shall hold to it through evil and through good report. All that there is of "evil" attached to it will be heard of through DEALERS; the "good"—and it is all "good"—will come from the CONSUMERS, and the consumers are not only our confreres, but COMPORTERS and CHAMPIONS.
