THE KIRMES.

Who Will Participate in the Different Dances.

As the time for the Kirmes draws near it seems to be the one topic which absorbs the attention of society, and every one is asking for lists of those who are going to dance, superintend the dances, &c. Below we give full lists of five of the nine dances, reserving the remaining four until next week.

A GRAND "OPENING."

The Palais Royal Opens Its New Underwear Department With Amazing Promises.

The floor over the stores situated Nos. 1117 and 1119 Pennsylania avenue and 401 to 407 Twelfth street will be formally opened to the public on Monday, Jan. 17. The cotton underwear department as now situated at the Palais Royal is claimed to be the largest in the United States, being a few feet larger than that of Messrs. B. Altman & Co., of New York. It is questionable if it was good policy on the part of Mr. Lisner to advertise his "opening" before the completion of the elevator. He states, however, that the extra space and privacy will enable ladies to make a selection with more comfort, and that as an inducement to walk up stairs, greatly reduced prices will be quoted for the "opening." Women floor-walkers have been engaged for this floor, and every convenience is afforded ladies desiring to try on underwear or corsets.

F. ALBRECHT, 241 8. Sharp street, Baltimore, recommends Dr. Bull's Cough Syrup for cough and cold.

Proposed Donation to the Government.

The Secretary of War transmitted to the House of Representatives a copy of a letter from the secretary of the Pere Marquette Lumber Company, of Ludington, Mich., offering to execute to the United States a deed for a strip of land at Ludington harbor to be used in constructing a harbor of refuge. In his letter of transmittal the Secretary says that the existing project for the improvement of Ludington harbor necessitates the acquisition by the government of this tract of land, which contains 33,178 acres, and it is recommended that Congress grant the necessary authority to accept the proposed donation.

DIPHTHERIA has no terrors for parents since Red Star Cough Cure was discovered.

Never Disobeyed an Order.

Lieut. Charles Humphreys, charged with disobedience of orders in reference to children skating on the ice pond at the Washington Barracks, yesterday testified before the court sitting for his trial. He denied that he had ever received any order to take the children from the pond, and had he received such an order he would have obeyed it. He had been in the regiment twenty years, had never missed a roll-call or a duty, and had never disobeyed an order.

The court then adjourned until to day to allow the judge advocate time to prepare his record and questions for cross-examination.

NO BETTER liniment than Salvation Oil. 25 cents.

Appointed and Resigned.

William A. Payne was yesterday appointed keeper of the life-saving station at Little Island, to succeed Abel B. lange, who was drowned Jan. 8 in attempting to rescue the crew of a wrecked vessel. Payne was formerly keeper at the station at False Cape, Va.

Irvin Townsend, of New York, has declined to accept a $600 position in the dead letter office. Alexander McNulty, of Mississippi, a $1,000 clerk in the third assistant's office, has resigned to accept a position in the Interior Department. John H. Black, of Wisconsin, a laborer in the money-order office, has resigned.

Scenes in the Late War.

The House committee on the library has received a proposition from a New York publishing house for the purchase of a series of eighteen pictures representing scenes in the late war. The price asked for them is $10,000.

Keep Your Blood Pure.

Impure blood, however generated, is always in the body when pain is felt; it spreads and ferments wherever a weak spot exists.

Take Brandreth's Pills to make the blood pure and expel all that is hurtful to the system. They are the one great and unfailing remedy. They cleanse the bowels and restore equal circulation throughout the body. They preserve the vigor of youth and often save life.

CITY ITEMS.

NEW ORLEANS AND THE DRILL.

The Crescent City Awake to the Washington Military Carnival.

The New Orleans papers of the 10th and 11th instants note the presence in that city of Secretary De Leon, of the National Drill committee, and state that great interest is excited in civil as well as military quarters over the event. Indications are that New Orleans will be largely represented by excursionists as the time of drill only slightly antedates the annual hegira from the banks of the delta. The Louisiana Rifles and Crescent Light Guard will represent the infantry commands, and Beauham's battery of Louisiana field artillery has already entered two sections for the mounted drill and wants to enter two more. The battalion of Washington artillery is arranging to enter May's famous battery B, and a committee has been appointed to look into the feasibility of the entire battalion being present. This corps is equally famous in peace as in war, and the hospitable doors of its armory ever swung wide to strangers. It is perhaps the most completely equipped and organized artillery battalion in the country.

While in New Orleans Mr. De Leon received letters from the adjutant general of Mississippi looking to the entry of a battalion of picked troops from that state.

The New Orleans papers lay great stress upon the fact that the money to guarantee the prizes is already deposited in bank, and unite in reminding the soldiers that this precludes all possible repetition of the Philadelphia error.

CAUGHT IN THE HOUSE.

Nabbing a Burglar While Busy Doing a Job.

"Billy" Williams, the South Washington cracksman, who shot at Lieut. Amiss and Officer Larrabee in 1879, while they were trying to arrest him on suspicion of burglary, was arrested at 2:30 o'clock yesterday morning by Officers Pearson and Stewart for breaking into the house of J. T. Crown, 221 Tenth street southeast.

At the fifth precinct station Williams gave his age as 30 years and his occupation as a cigarmaker. A "bull dog" revolver and a number of keys were taken out of his pockets. He admitted breaking into the house and of his intention "to work" it. He also stated that the officers came upon him so suddenly as to puzzle him, and if they had given him time to collect his thoughts he would have shot them.

The prisoner has already served nine years in the penitentiary. He was also arrested in Philadelphia for housebreaking and shooting the officer who arrested him.

WANTS HIS WHACK OF IT.

Why the Title Papers to the Aqueduct Bridge Are Delayed.

Another hitch has developed in regard to the title papers of the Aqueduct bridge. When the deed was sent to Alexandria to be recorded the county clerk refused to return it unless a tax claim of $125 should be paid. There is a state law which requires the payment to the clerk of one dollar for every thousand dollars named in the transfer. As $125,000 was the amount involved in the transaction the clerk at Alexandria looks for the government to pay $125 under the law referred to. The matter is in the hands of the Secretary of War for decision.

The question which was raised as to the necessity of obtaining state jurisdiction before constructing an approach to the Aqueduct bridge on the Virginia shore was referred by the Secretary of War to the Attorney General, who has decided that there is nothing to prevent the government from expending such money as may be necessary for the purpose without delay, as the jurisdiction was ceded by the act of the legislature of Virginia March 6, 1886.

SOUR MASH WHISKY—Kraemer's, 737 7th st

Absent From the Post of Duty.

EDITOR NATIONAL REPUBLICAN: Prior to the holiday recess Senator Von Wyck made H. R. 1413, being a bill for the relief of certain settlers upon the public domain in Nebraska and Kansas, involving an appropriation of $250,000, a special order for Jan. 11, 1887. When this bill came up for consideration Senator Van Wyck was in Nebraska urging his election to a post which he had deserted. The bill appropriating this sum of money for the relief of these settlers was called up by Senator Manderson in the absence of Mr. Van Wyck and had a narrow escape from defeat. Only for the activity, vigor, and ability of Mr. Manderson, Mr. Plumb, Mr. Ingalls, and others, together with such assistance as could be rendered by the representative of these people in Congress, Mr. Laird, was the bill saved, and an act of justice long delayed finally done in the absence of Mr. Van Wyck, who had the matter in charge, and who had fixed the day of battle and then deserted the field.

The money appropriated is to pay some 300 settlers, representing a population of some 1,500 people, for the loss of their title (patents) to about 50,000 acres of the public land in Nebraska, which they had acquired, arising upon the patent of the government and the grant of the same lands by the government to the St. Jo and Western railroad. We submit to the state of Nebraska that this is a curious commentary upon the record of a great anti-monopolist. NEBRASKA.

The Postoffice Appropriation Bill.

The subcommittee on postoffices and postroads of the House finished the postoffice appropriation bill, and it is expected that the measure will be reported to the House early next week. The total appropriation made by the bill is $55,689,650, or $1,923,757 more than the appropriation for the current fiscal year. Of this increase $347,000 is in the appropriation for the extension of the free delivery service. The appropriation for the foreign mail service is also increased $60,000 as compared with the appropriation made in the last bill, and that for the inspection service is increased by $100,000. The estimates submitted by the department have been allowed in nearly every case, the subcommittee having reached the conclusion that the appropriations requested could not be reduced without injury to the service. The only legislation attached to the bill is a provision authorizing the expenditure of a sum not exceeding $20,000 for the transportation of postal cards, stamps, &c., by freight. The department expects that the adoption of this provision will result in a saving of $70,000 per annum.

Cattlemen United.

Hon. R. G. Head, president of the National Range (Cattle) Association, has issued a circular to all the cattle growers of the southwest invoking their support for the "Miller" and "Carey" bills for the extirpation of pleuro-pneumonia, and urging the withdrawal of all opposition thereto. This action practically harmonizes all differences among the cattlemen of the country in regard to this legislation, and unites their efforts in behalf of these bills.

Both houses of the Illinois general assembly yesterday passed strong resolutions urging the senators and twenty-two representatives of the Illinois delegation in Congress to support the "Miller" pleuro-pneumonia bill now pending.

State Claims Against the Government.

The House committee on war claims decided to report favorably the Senate bill to liquidate the claims of states for expenses incurred in the defense of the United States in the war of the rebellion.

OLD CROW WHISKY—Kraemer's, 737 7th st.

RAILWAY NOTES.

Senator Sabin introduced a bill to amend the act of March 3, 1875, granting to railroads the right of way through the public lands of the United States.

The trunk line passenger committee determined not to sell single tickets after February 1, at the reduction allowed to theatrical parties, but they will be sold to parties of ten or more.

An adverse report was ordered by the House committee on commerce upon the House bill requiring the New Orleans, Mobile and Texas Railroad Company to maintain a draw in the bridge over the West Pascagoula river.

Negotiations have been completed by which a Dutch syndicate of bankers in Amsterdam, Holland, acquired from the Florida Land and Mortgage Company (limited), a vast body of timber land in west Florida. The purchase embraces a solid area of nearly 900 square miles, heavily timbered. This is the largest single transaction made in the state since the great Disston sale in 1881. The syndicate proposes to form a great land and colonization company, building a railroad into the purchase and colonizing from Holland.

It is reported that the Chicago, Burlington and Quincy railroad has sold $11,000,000 4 per cent. bonds at 95½, the purchasers being a syndicate headed by Lee, Higginson & Co. and Kidder, Peabody & Co. The transaction is noteworthy, not only because of the splendid tribute to the road's credit represented in the price, but also because it is the probable beginning of the Burlington's plan of creating a uniform consolidated bond which will enable investors to avoid the confusion of different series. The high price reported to have been paid for these bonds is still more noteworthy from the fact that they are payable in currency, as are all of the Chicago, Burlington and Quincy bonds. The bonds are the first mortgage upon the Burlington's new and unencumbered mileage, of which about 900 miles are now completed and 300 more are in sight.

THE MARKETS.

The Interest in the Richmond and West Point East Tennessee Deal—The Interstate Commerce Bill.

NEW YORK, Jan. 14.—The interest in the Richmond and West Point East Tennessee deal was unabated this morning. The dealings in the first named stock at the opening were intensely excited, and the stock sold from 47 to 48½ at the same time on different sides of the crowd. It quickly dropped to 47, and fluctuated within a range of 1 per cent. until the afternoon, when stories were published to the effect that an arrangement had already been consummated, and it rose to 48⅞. There was considerable realizing in the stock, however, after that time, and it closed at 47½, after sales at 47½. East Tennessee showed more strength than yesterday, but Norfolk and Western fluctuated on a lower range, and broke quite badly in the last hour.

The action of the courts in affording protection to the Reading and Jersey Central against the strikers had a stimulating effect on dealings in coal stocks, but Delaware and Hudson was the only one which made any material gain. There was considerable covering of shorts on the improved feeling early in the day, and the general belief that a settlement of the Nickel Plate-Lake Shore difficulty will soon be arrived at aided the market. Later, however, the advices from Washington that the passage of the interstate commerce bill would probably be accomplished this afternoon, together with the news from Berlin, had a somewhat dampening effect upon the speculation. Consolidated gas was a special feature of the day, being remarkably strong throughout, while toward the close there was a bad break in Wabash preferred. St. Paul and Duluth was also strong on a light trading. The last hour saw renewed weakness on an increased business, and the market closed weak, many stocks being at the lowest for the day.

Money on call has been easy, ranging from 4 to 5, last loan at 4, and closing offered at 4. Sterling exchange is quiet and steady. Actual business at 482½ to 482¾ for 60-day bills, and 483½ to 486¼ for demand. Posted rates 483 to 487. Government bonds have been dull and steady. State bonds have been dull and steady. Railroad bonds have been moderately active and generally firm.

Treasury balances—Coin, $130,281,334; currency, $18,169,023.
