RAISED TO A BISHOPRIC.

Honors Conferred Upon the Rev. Dr. Leonard.

Rev. Dr. Leonard, rector of St. John's Episcopal church of this city, was unanimously elected bishop of southern Ohio at the meeting of the Episcopal clergy and laity of that section, held Thursday last, on the first ballot. Dr. Leonard was greatly surprised when the news of his election to the bishopric came, last Thursday evening, and has not as yet decided whether to accept the honor conferred or not. While Dr. Leonard was elected as coadjutor to Bishop Jaggar, he will be a bishop in fact, for by reason of poor health Bishop Jaggar has not officiated in the diocese for several years.

Dr. Leonard is a native of Connecticut, having been born in the town of Southport, in that state, on July 15, 1828. He became rector of St. John's parish of this city in February, 1861, and his good work in this field has been ceaseless and with marked results. Dr. Leonard is well known as a literateur, and notable among his writings is the "Via Sacra," a book for Holy Week.

Notice to Catholic Clergy.

This is meant as a special invitation to each clergyman individually; and their presence will be considered a special honor and pleasure.

If any article, after home inspection, doesn't please you, return it, and we will cheerfully exchange it or refund the purchase money, if not injured.

There is a limit under which no solid, honest-made Clothing can be sold, and while we constantly "play the limit" we never go below it, because we will not sell shoddy garments for the sake of making attractive offers of utter impossibilities. VISITORS TO WASHINGTON

Are invited to visit the building corner of Pennsylvania avenue and Twelfth street. This noble edifice not only possesses a beautiful exterior, but is reckoned one of the best constructed buildings in Washington. It has a history which dates from the time of Gov. Shepherd, whose ambition and energy transformed Washington. The beautifully frescoed ceilings and marble floors are characteristic of the builder, Boss Shepherd, as he was called. First known as the Shepherd building, it was later rented by the Government and was rechristened the Pension Office, where 600 clerks found employment. On completion of the lovely structure in Judiciary Square the Government clerks there migrated, and the building has since been known as the Palais Royal.

A Few Suggestions

TO

HOUSEKEEPERS.

HOW TO MAKE HOME COMFORTABLE.

The approach of warm weather suggests to us the necessity of preparing to make our houses as cool and comfortable as possible during the heated term, and this can be done at a very little expense. Allow us to make a few suggestions.

FOR THE PARLOR.

We would suggest for a cool floor covering White Seamless Matting as being in good taste. We will offer for this week a fine seamless White Matting at 30c., better grade at 37½c., the very best at 40c.—none better in the market.

FOR THE LIBRARY.

What is handsomer and more appropriate than a fine Seamless Fancy China Matting, which we are offering for this week at 28, 30, 32½, 35, and 40 cents. We have them in sixty different patterns.

FOR THE BEDROOM.

We will offer for one week thirty different styles and qualities of Fancy China and Japan Matting at 15, 18, 20, 22½, and 25 cents per yard. Can you suggest anything cheaper and cooler for floor covering for your sleeping apartments than this?

WIRE WINDOW SCREENS AND DOORS.

Now is the time to place your orders for Window Screens and Doors. In this branch of our business we claim that none excel and few equal. Wire screens and doors made in plain or landscape wire with frames to match all woods in the most thorough and substantial manner. Prices the lowest consistent with first-class work.

MOSQUITO CANOPIES.

It may seem a little early to speak of these, one of the most necessary articles for a good night's rest during the summer months, but we wish to remind you we have them in stock in all sizes and colors. Prices for single beds, $1.25 and $1.50; for double beds, $1.50, $1.75, and $1.90. Special sizes and colors made to order.

OUR LAST SUGGESTION.

Be sure and inspect our stock and get our prices before purchasing. It will save you money.

SUITS

—FOR—

Particular People

A London tailor's dictum was that he could take a meal sack and make a suit of clothes worthy of a gentleman's wearing if the fit was right. Gentlemen have fancies in dressing. One goes for something showy, another expressly calls for a special weave, and so on. But the particular points of a suit are fit and style. Material and make may be ever so good, but condemnation will be swift if there be failure in fit and style. In these two points our stock of suits for business and every-day wear fulfills the highest ideals of dress, with due attention given to propriety of fabrics and perfectness of making, and, above all, with the wit of the clothier—his handiwork—shining at its brightest, in the tone of fashion reigning in them, impalpably, distinctly stamping them as stylish and faultless in fit. We extol these less highly than a gentleman would in examining them. They are ready made, and at prices of ready made. You'll be likely to think them above the average of custom work when you see them.
