Hay, captain general, and DeMolay No. 4, met at Masonic Temple yesterday afternoon, and headed by detachments of the Marine and 3d artillery bands marched to the Baltimore and Ohio depot to act as escort to their visiting fraters, the Kensington and St. Albans Commanderies, of Philadelphia, who arrived on the 4:40 train. After the usual interchange of salutations the line of march was taken up Pennsylvania avenue to the Riggs House, where the visiting sir knights will rendezvous during their twenty-four hours' sojourn in Washington. The Philadelphians are on their way home from Pittsburg, having spent Thursday at Luray and yesterday at Harper's Ferry.

It is made of silk velvet, shield shaped, with heavy gilt fringe studded with precious stones. The legend, "In Hoc Signo Vinces," is emblazoned on it in letters of gold. The knights and their ladies will visit Mount Vernon to-day, and to-night will probably leave for home.

SURPRISED BY THE LADIES.

Col. Staples, of Willard's, Presented With a Handsome Cane.

The Woman's National Press Association held its regular meeting at Willard's last evening. After the usual business session had concluded, a very fine musical programme was contributed by Mrs. Lee Crandall, Miss Hansman, Miss May Thomas, Miss Grimm, Miss Olivia Holmes, and Mr. W. J. Canfield.

Mrs. J. C. Black recited in an exquisite manner Longfellow's "Lady Wentworth," "That Jassamine Flower," Owen Meredith and Thompson's "Doom of Claudius." At this juncture Mrs. Belva A. Lockwood and Mrs. Sperry were appointed a committee to wait upon Col. O. G. Staples and command him to appear before the bar of the association. When the hospitable colonel materialized Mrs. Martha D. Lincoln, the president of the Woman's National Press Association, arose and proceeded to pronounce sentence upon him in an emphatic and neatly worded speech, in which she recounted the many acts of courtesy that the ladies of the association had received at Col. Staples's hands. Mrs. Lincoln finished her remarks by suddenly producing a beautiful gold-headed walking stick, the handle inscribed with the words, "To O. G. Staples, from the W. N. P. A."

Mrs. Emily Thornton Charles concluded the presentation with a poem appropriate to the occasion.

Col. Staples made a fitting and happy response, bring it to a most appropriate close by extending an invitation to the association and its guests to visit the tea room, where an elaborate repast was in waiting. This was thoroughly discussed, and as a return the ladies voted Col. Staples the prince of hosts.

THE CONGO FREE STATE.

A Proposition to Have it Explored and Reported Upon.

Senator Edmunds yesterday proposed an amendment to the diplomatic and consular bill to appropriate $25,000 for salaries and expenses of a scientific commission of three persons to consist of one officer of the army or navy, a geologist and mineralogist, and a naturalist, to visit and report upon the commercial resources of the upper Congo basin, its products, its minerals, its vegetable wealth, the openings for American trade, and such other information as shall be thought of interest to the United States. He also proposed an amendment to the bill to appropriate $10,000 for salary and expenses of an agent and consul general at Boma in the independent state of Congo. The President is authorized to detail an army or naval officer for this service.

Georgetown.

The rainy weather of the past few days has had the effect of retarding business on the canal. One boat, however, arrived yesterday with a cargo of hay consigned to G. T. Dunlop.

A butting scrap took place on the streets last evening between two citizens, caused by the objections of the larger to the chastisement by the smaller of his own child, resulting in the big man's defeat.

The Woman's Christian Temperance Union held its regular meeting last night.

It seems to be the opinion that Richard Hannon, late proprietor of the blacksmith shop at the corner of Thirty-third and M streets, committed suicide, as first reported. He left behind him a young children and a widow. His funeral will take place on Sunday.

Zachariah Butler, of Valley street, who was stabbed by John Stewart, his neighbor, in a dispute over the quarrels of the children of the two families, has nearly recovered from his injuries.

From the Class of '88.

A pleasant crowd gathered last night at the Spencerian Business College, when Mr. Jos. W. Anderson, on behalf of the class of '88, presented a beautiful gold ring to Mr. S. L. Cook, salutatorian of the class. In making the presentation Mr. Anderson was especially happy in his remarks, closing with a tender from the class of their best wishes for Mr. Cook's future prosperity. Mr. Cook was much surprised at the unexpected gift, but managed briefly to thank his friends for their beautiful present.

The Right Man Hard to Find.

Owing to the difficulty experienced in obtaining a suitable man for the office of naval secretary to the light house board, the Secretary of the Navy has directed Commander R. H. Evans, the present incumbent, to continue to perform the duties of that office until July 1, in addition to his duties at the Brooklyn navy yard, in connection with the armored battle ship Maine, which begins on the 1st proximo.

Reduction of Interest Wanted.

A meeting of the bondholders in the Washington Light Infantry armory building was held last night at the armory. The object was to obtain the consent of these bondholders to a reduction of the high interest to 5 per cent. annually. The consent of many was obtained, and another meeting will be held with this object in view.

The Smalls-Elliott Case.

Arguments have been completed in the South Carolina contested election case of Smalls vs. Elliott before the House committee on elections, but the committee will not attempt to dispose of the case before hearing arguments in the California contest of Sullivan vs. Felton, which is set for the 31st instant.

An Important Subject.

Prof. Chambers, of North Carolina, addressed the House committee on education yesterday in support of the Simmons bill authorizing the President of the United States to appoint a commission of seven persons to inquire into and report upon the material, industrial, and mental progress of the colored race since 1865.

The Department of Labor.

The conferees on the part of the two houses on Representative O'Neill's bill creating a department of labor have reached an agreement by accepting the Senate amendments, which were merely formal.

Order the SUNDAY REPUBLICAN, only 10 cents per month, delivered by carrier and mail.

CONGRESS AND THE DISTRICT.

Senator Farwell yesterday submitted amendments to his bill to authorize the Baltimore and Potomac Railroad Company to acquire additional property in South Washington. The right of eminent domain is confined to within two squares on the south side of the tracks.

An amendment to the District appropriation bill was submitted yesterday by Senator Call. It provides for the appointment of a chief inspector of plumbing at $5,000 per annum. The inspection of the sanitary condition of all public buildings in the District is laid down as his duty.

The House District committee, at its meeting yesterday, approved the Senate resolution providing for the arbitration of the cases between the District and Samuel Strong. The bill incorporating the American Trust Company of the District of Columbia was amended and approved. When the committee adjourned it had under consideration the bill to change the name of the Real Estate Title Insurance Company of the District, and to enlarge its powers.

THE MARKETS.

Material Advance and Strong Trading in Reading.

NEW YORK, May 25.—The stock market was more active to-day than on any day for a long time and showed more decided strength, the result of the day's trading being a material advance throughout the entire list. It was rumored early this morning that the Reading loan had been finally placed, and, coupled with free buying for London account, which was a comparative novelty, the opening was made at advances extending to 1 per cent. in the general list, while Reading was exceptional with a gain of 2. There was no further feature to the trading, however, and in the last half hour the market became quiet once more, but closed firm at about the top figures.

Money on call has been easy, ranging from 1 to 2, last loan at 1½, and closing at 1 to 2. Sterling exchange is active and steady. Actual business at 486 to 486½ for 60 day bills and 488 for demand. Posted rates 487 to 490. Government bonds have been quiet and steady. State bonds have been entirely neglected.

Treasury balances — Coin, $132,909,312; currency, $14,843,867.

Wants the Tobacco Duty Increased.

The Hon. William Bethel, president of the board of aldermen of Key West, Fla., and a very active and prominent politician of said state, arrived here yesterday on a flying visit on a special mission in the interest of the city of Key West, and, in fact, the whole state of Florida. Mr. Bethel was the bearer of petitions to Congress, signed by nearly one thousand citizens of the city of Key West, comprising the most prominent residents thereof, praying the Congress to increase the tariff duty on stripped tobacco or the tobacco leaf without stems to 75 cents per pound. This is demanded because cigar manufacturers are importing stripped tobacco into the United States, thus turning thousands of persons—American wage-earners—out of employment, as American labor cannot compete and live in competition with the pauper labor of Cuba. Senator Wilkinson Call received the petitions mentioned, and the petitioners await with deep solicitude the result of their prayers for the relief referred to.

Not Stuck on Civil Service Reform.

[Chicago Tribune.]

MORRISON, ILL., May 21.—[Editor of the Tribune.]—The Democrats have held their county convention, or, rather, the postmasters of the county have fixed up the slate. McCune, postmaster at Sterling, was on hand. The son of the postmaster at Fulton, named Green, was there. McNeil, postmaster at Rock Falls, sent his son. Fehrenson, postmaster at Colcta, showed up in fine style. The slate was fixed up in the interest of Morrison as against Giel, Black. As all these postmasters were recommended for office by Morrison, it was necessary that the delegation should be fixed to do his bidding. The people, so far as any Democrat has spoken, are for Gen. Black for Vice President. Democrats like Morrison, but are getting tired of his bossism, and it would not require much to cause a break in the lines.

Orders for the Atlantic Squadron.

Orders have been issued to Rear Admiral Luce, commanding the North Atlantic squadron, now at Port Royal, S. C., to proceed with the vessels of that squadron to Annapolis to take part in the graduating exercises at the naval academy, beginning on the 1st proximo. The vessels will sail as soon as the present drill and exercises have been completed.
