[Union and Demokrat copy.]

THE United States Senate on Wednesday enjoyed what correspondents term a field day. The session lasted all day and all night, an adjournment not taking place until six o'clock yesterday morning. The discussion was animated—personal and bitter—throughout, and will, we think, result in no good to the Republican party. Senator Morton's resolution, if we correctly apprehend the report, was passed at the close of the session, by a vote of thirty-one to nine.

Anxious for Annexation.

SAN DOMINGO, December 10, via Havana.—The message of the President of the United States, at the assembling of Congress is anxiously awaited here, and unless there is a favorable annexation of the Island, a general revolution is probable in that event, and parties are forming at places on portions of the island under the protection of some European power, which one they are indifferent, but they would much prefer alliance with the United States, however, to the protection which a European nation could give. The probability of interference by Hayti, unless the question of annexation is soon decided is debated, and companies have been formed in the United States, Europe and Central America, and they are awaiting favorable action of the American Congress to commence operations on the island.

Lawrenceburg Failures Louise Kellogg.

CINCINNATI, December 22.—The Lawrenceburg Woolen Manufacturing Company, at Lawrenceburg, Ind., made an assignment yesterday. The liabilities are nearly $200,000; assets estimated at $150,000. The mills were erected about four years ago at a cost of $112,000, and were regarded as among the best in the United States. The crisis in their affairs has come, as is supposed, on account of the embarrassment of the Indianapolis & Cincinnati Railroad, of which the President, L. B. Lewis, is a large stockholder and Director. It is claimed to have been making money during the past season. Lewis & Eichelberger, manufacturers of flour, at the same place, also made an assignment on Monday. This failure was the precursor of the other, Mr. Lewis being interested in both.

Miss Kellogg opened to-night, with a moderate house.

Deckert Elected.

PHILADELPHIA, Dec. 22.—The Return Judges have completed the counting of the votes, and given the certificate to Mr. Deckert, the Democratic candidate for Senator. No returns were thrown out. A large police force was on duty, but no difficulty occurred.

CONGRESSIONAL.

SENATE.....WASHINGTON, Dec 22.

Mr. A. G. Thurman regretted that the great principle, now so lauded by the Senator from Massachusetts, was not appreciated by him when he voted for the Fifteenth Amendment, the enforcement bill, and the naturalization bills, authorizing the presence of the military at the election polls in New York and other States.

In the course of further debate, Messrs. Sumner and Edmunds became involved in a personal controversy, which terminated with Mr. Sumner's admission that, when, at the last session, he became satisfied that he could not support the treaty, he ought to have communicated that fact to the President, and he regretted not having done so.

Mr. Edmunds retorted that if full justice was done the Senator from Massachusetts, his language to day in regard to the President would have received much more severe comment than it had; but all the Senator's calumnies had fallen to the ground.

Mr. Sumner protested that he had uttered no calumnies, and that the object of his friend was only to make mischief.

Mr. Thurman urged the amendment to provide for an inquiry as to any attempt of a foreign power to obtain possession of Dominica. Lost.

At 6 o'clock Mr. Casserly proceeded to deliver a general resume of the whole controversy, but without proceeding far, yielded to personal appeals to allow a vote to be taken.

The resolution then passed—ayes, 31; nays, 9. The vote was as follows:

Ayes—Abbott, Ames, Brownlow, Carpenter, Chandler, Cole, Conkling, Corbett, Crapin, Edmunds, Flanigan, Hamilton, Fox, Hamlin, Howe, Howell, Morton, Nye, Osborn, Pomeroy, Pool, Ramsey, Revels, Ross, Sawyer, Scott, Thurman, Stewart, Thayer, Warner, Wiley and Williams—31.

Nays—Messrs Casserly, McCreery, Morrill, of Vermont, Patterson, Schurz, Stockton, Sumner, Sherman and Tipton—9.

Messrs. Howard and Lewis, who would have voted in the affirmative, were placed, with Messrs. Bayard and Johnston, in the negative.

The Senate, at 6:45 A. M., adjourned until 12 o'clock.

At a few minutes past 12 o'clock, the Senate went into executive session, the only business previously transacted being the reception of the credentials of Mr. D. T. Jewett, appointed by the Governor of Missouri, to fill temporarily, the vacancy caused by Mr. Drake's resignation. The credentials were presented by Mr. Schurz, and upon being read, Mr. Jewette qualified, and took his seat.

At 1 o'clock, the open session of the Senate was resumed, and the Senate, on motion of Mr. Lewis, took up the House bill relieving political disabilities from certain citizens of Virginia.

Mr. Trumbull moved, as an amendment, the amnesty bill reported at the last session from the Select Committee on Disabilities in the Senate.

A message from the House was received announcing the decease of Hon. Wm. Smythe, late Representative from Iowa.

After a eulogy by Mr. Harlan and the adoption of customary resolutions, the Senate adjourned at 1:30 P. M. until January 4th.

HOUSE.....WASHINGTON, Dec. 22.

The House met in Committee of the Whole, Mr. Stevenson in the Chair, for a general debate on the President's annual message.

The bill regulating the rates of duty on sugar, which passed the Senate yesterday, was signed by the Speaker, and sent to the President for his approval and signature.

Mr. Jones, of Kentucky, addressed the House with a eulogy on the people of the South, and advocating the principle of universal amnesty.

Mr. Porter, of Virginia, Mr. Booker and Mr. Barry, spoke in favor of universal amnesty.

The House, at half past two, adjourned till the fourth of January.

Schenck Confirmed—Executive Nominations—Miscellaneous—Congratulations—Appointments—Russian Apples.

WASHINGTON, Dec. 22.—The Senate to-day confirmed the nomination of Robert C. Schenck, of Ohio, Envoy Extraordinary and Minister Plenipotentiary of the United States to Great Britain.

The Senate, in executive session, confirmed the following nominations:

Postmasters—Wm. H. Hostetter, New London, Ohio; Wm. W. Corbett, Laramie, Wyoming; J. O. Brazers, Santa Cruz, California.

Consuls—William L. Long, at Cassana; Jasper Smith, at Feinchal; O. C. Scattoon, at Honolulu; Benjamin F. Farnham, at Bombay; William H. Vesey, at Nice; William T. Wright, Santos, Brazil.

A. H. Sanders, Register at Helena, Montana; J. E. Jenkins, Receiver at Republican, Kansas; Oscar Roos, Receiver at Taylors, Falls, Minnesota.

The President was visited to-day by many Senators and Representatives and congratulated upon the passage of the San Domingo resolution by the Senate. He said in reply that he believed the annexation policy was wise, and prudent, and thought it would gain strength as the facts became known.

Yesterday the President transmitted a message to the Senate asking the return of the nomination of Blanchard as Postmaster at New Orleans in place of Lowell, the present incumbent. Some conversation took place as to the position of the latter, who was suspended, in case the nomination should be withdrawn. Several similar cases are before the Senate, and in order to fix a precedent, the nomination was rejected to-day, and a resolution passed declaring in substance that under the Tenure of Office Bill, in case of the rejection of a new nominee, the old incumbent remains without filing a new bond.

Such has been the demand for grafts of the Russian apples lately sent to the Department of Agriculture from the Imperial Botanic Garden at St. Petersburg, Russia, that they are now wholly exhausted. It is useless, therefore, to make further application for them this season. In the climate of the Northern States, particularly, they will doubtless prove a valuable acquisition to fruit growers.

Tehauntepec—Juarez on the Stump

MEXICO, December 15.—The Tehauntepec Bill has been passed by Congress and is now a law irrevocably. The friends of the measure are pleased in an especial manner because no embarrassing clauses were incorporated towards the close of the discussion on the bill. This action of Congress is regarded as a triumph of the Juarez party over the adherents of Lerdo.

The Presidential canvass is becoming an exciting one. Juarez has entered the field in earnest, and is astonishing his opponents with the youthful energy and vigor with which he is conducting the campaign. The anti American, Spanish and French parties are rallying to the support of Lerdo, who is also exerting himself to obtain success.

ENGLAND.

OFFICERS GOING HOME—TURKEY WARLIKE—FRANCIS JOSEPH DECLARES.

LONDON, Dec. 22.—Large numbers of Prussian officers are returning home on furlough.

Dispatches from Vienna state that the Turkish fleet is under immediate orders of service, and that extensive warlike preparations have been made at Kertoh.

PREPARATIONS AT CHERBOURG AND HAVRE—PARIS THREATENED—A BAD MISTAKE.

LONDON, December 22.—Troops are pouring into Cherbourg for the defense of that port.

At Havre an immediate attack is expected. The Germans are approaching that place with an increased force.

A Berlin dispatch threatens that, unless Paris soon surrenders, a regular attack will begin.

The English ship Susquica, bound to Valparaiso, was run into and badly damaged by the French transport Harmonie, who mistook her for a Prussian vessel. The repairs on the Susquica will be made by the French government.

FRITZ GOING FOR BLOIS—A TILT AT INFALLIBILITY.

LONDON, December 21—10:30 P.M. Prince Frederick Charles is marching rapidly westward from Blois.

GEN. DUCROT LEAVES PARIS—PREPARATIONS FOR WAR, &C.

FRANCE.

PERSONAL—ARRIVAL OF ARMS AND TROOPS—SILENT CONTEMPT.

BORDEAUX, December 21.—It is officially announced that Gambetta goes to review the army at Lyons, and has already left Bourges for that purpose.

The Prefect of Rhone announces that M. Gove, Chief of the Batallion of National Guards at Lyons, was shot yesterday by a band of wretches, after a mere semblance of trial; and adds, that the assassins were creating trouble by the enemies of France.

M. Gambetta, in a dispatch to the authorities here says, the citizens of Lyons are shocked at the crime which shall be surely punished.

Several vessels had arrived at French ports with arms.

It is reported that the Prussians expected to secure provisions from England at Dieppe, but the close watch which was kept by French cruisers prevented the success of the plan.

Numbers of troops, all well armed and equipped, continue to arrive from the depots. Cavalry and also artillery, which were raised and equipped by the city of Bordeaux, are ready to march to the front.

A majority of the citizens of Bordeaux having requested the suppression of reactionary journals, the Government has replied that it prefers to treat them with silent contempt.

Advices from Orleans show that the Prussians grossly insulted Bishop Duponloup, and also treated the inhabitants inhumanly during their short occupation of Blois.

PRUSSIA.

COLUMBUS, O., December 22.—The report of the Board of State Charities for Ohio was submitted to the Governor to-day. It shows that there were 6,476 persons in different county infirmaries of the State during the last year; of these 931 were insane, 330 epileptic, 55 idiots and 100 children under fifteen years. The whole number of prisoners in county jails during the year was 5,680; of these 4,791 were men, 421 women, 287 boys and 27 girls. During last year 645 school houses were built in Ohio at a cost of $1,392,000.

THE MARKETS.
