THE BARGAIN AND INTRIGUE.

The political Bargain and Intrigue, of which this county has been the theatre, has attracted the attention of the press and politicians of the State. The Whig Press, without a single exception, denounce the trade, and the traders; and repudiate the attempt which has been made to introduce a new test into the party, or to convert it into a sectional party, upon a basis which points so significantly to Nullification and Disunion. The Anti-Benton Presses, with one unanimous shout of exultation, hail the trade; because, in it they see the only hope of saving themselves, or their party, from total defeat in this country. This is the way trade strikes people of all parties, abroad; and it is universally admitted that a political bargain and intrigue has been set on foot.

The course of the Whigs of the state has been clearly marked. They resolved to stand by their own organization—to resist all new tests—repudiate coalition with both factions of the hitherto dominant party, and to have nothing to do with their quarrel, which was personal in its nature and character, and to which personal feeling, principles were entirely secondary, with them. This was the course of the Times, and as soon as the first intirmations of the trade come to light, we washed our hands of it, and in the name of the Whigs, repudiated it. In this, we know, we were, and are, sustained by a large majority of the Whigs of the county—the Whigs of the state—and the entire Whig press.

The Fayette Democrat, in its first article on the subject, avowed the bargain and went into an argument to show both Whigs and Democrats the good results that would follow, by both parties sanctioning it. Clark's determination was "hailed with pleasure;" and his name was put up at the head of that paper, with Green, Hall, and other locofocos, and the Democrats were assured he agreed with them in all "the essential principles of Republicanism." Yet because Whigs, after all this, denounce him, an attempt is made give the whole affair a personal character, and hypocritical tears are shed over *his* persecution. Whig Lawyers, upstart Editors, and a thousand other things are conjured up to break *him* down! Personally, we have ever thought more of Gen. Clark than politically; and in his present position, in direct opposition to the Whigs, and their candidate for congress; colleagued with locofocos, we lose all political affinity.

It takes a smart rouge to cry "stop thief" lustily enough, to screen his own depredations; Gen. Clark will find it equally difficult to raise a large enough personal smoke to cover his political treachery.

THE SUCCESSION.—Under the Constitution of the United States, the Vice President succeeds to the Presidency in case of the removal of the President from office, or of his death, resignation, or inability to discharge the duties of his office. But the Constitution designates the manner of succession no further. It leaves the subsequent succession to the arrangement of Congress. The provision of the Constitution is as follows:

"In case of the removal of the President from office, or of his death, resignation, or inability to discharge the powers and duties of the said office, the same shall devolve on the Vice President, and the Congress may *by law provide* for the case of removal, death, resignation, or disability, both of the *President and Vice President*, declaring what officer shall then act accordingly until the disability be removed or a President shall be elected."

CONFESSION OF WEBSTER.—Professor Webster has confessed the murder of Dr. Parkman. He states Dr. P. came to his office, as requested by him; a quarrel ensued, in which the Dr. was very abusive; that maddened by his abuse, he seized a billet of wood, struck him on the head, and he fell down dead. He states the murder was not premeditated, but was done in a fit of anger.

The citizens of St. Louis held a meeting on the 11th, to take suitable notice of the demise of President Taylor—Mayor Kennett presiding.

CLEAN TICKET.—There is a decided disposition on the part of some of the locofocos to have a clean ticket; but others insist it would be acting in bad faith to Clark. The bargain is showing itself very plain. Jackson and Rawlins are both dissatisfied, and developments may be looked for.

☞ INTERESTING.—To see a locofoco trying to convince a whig that he ought to vote for Clark—and riding all day to do it.

MORE CANDIDATES.—The States Right traders are arranging a ticket for the County Court. Messrs. Heath and Botts, we learn, have come out on the mongrel ticket and Hill and Jackson, old court, not intending to be traded off, have also come out. There are now nine candidates before the people, from which to fill the bench.

Col. Gatewood has backed out from the Senatorial canvass in the Saline. Pettis, Benton and Henry District. Winston and Sappington are on the track, however; and it is thought pills wont begin to move Sappington after the election.

CHOLERA.—The cholera has raged pretty severely at Cincinnatti and Nashville. At St. Louis, although there are more or less deaths every day, it has not assumed an epidemic form, and is found chiefly among emigrants, just arrived in the country, and boatmen.—We have had no news from the up country, since our last, and from this fact we judge it has abated.

☞ The St. Paul, down last night had on board a large number of Methodist Ministers, on their return from the Conference, recently in session at Independence. Bishop BASCOMB tarried at Lexington, where he was to preach last Sunday. We understand it is probable he will visit this place.

FOREIGN CORRESPONDENCE.—What is the best powder for removing Grease? According to Lord Palmerston, it is Gunpowder.—*Punch.*

DISUNION PROCLAIMED.

Hon. R. Barnwell Rhett, the author of the address of the Nashville Convention, and who cordially approved, also the resolutions adopted by that body—upon returning home, made a speech to the people of Charleston, of which the Charleston *Courier* contains a condensed report. He "frankly and boldly unfurled the flag of *Disunion*"—admitted that the idea of effecting an adjustment upon the basis proposed by the Convention "*was utterly hopeless*"—declared "there is no remedy but the severance of our connection with the north"—that "*war*" was "*the only resort*"—that the action of the Convention is "*the first step toward revolution*"—that "REVOLTTION HAD BEGUN." Is Missouri prepared to "co-operate!" What says the Democrat? No Disnnionists?

DIED—In this place, on the 12th, Capt. CHARLES M. GILLIAM, in the 43d year of his age, formerly of Buckingham county, Virginia.

COMMERCIAL.

H. G. FARRELL'S genuine Arabian Liniment is a most extraordinary medicine the truth of which is placed beyond doubt by the vast sales of the article, and the many cures being daily performed by it, which previously has resisted all other medicines and the skill of the best physicians in the world. It is composed of balsams, extracts and gums peculiar to Arabia—possessing, in a concentrated form, all their stimulating, Anodyne penetrating unctuous and revulsive properties, and the same which, ages ago, were used by the "Sons of the Desert," with such miraculous success, in curing the diseases of both man and beast.

Read the following REMARKABLE CURES which should of themselves place

H. G. FARRELL'S
ARABIAN LINIMENT
far beyond any similar remedy.

About a year and a half ago, a swelling appeared in my wife's stomach, gradually increasing in size until it becomes as large as my fist, and so sore that she could not bear the least pressure upon it without giving her extreme pain. I got the advice of our best doctors and they differed in opinion about it, some said it was an Ague Cake or Enlargement of the Spleen; some, that it was an Enlargement of the Ovaries; and others said it was a Tumor of the Ovaries; and others said it was a Tumor of the Ovaries, and could not be cured except by cutting it out. In this critical situation, I was persuaded to try H. G. Farrell's Arabian Liniment upon it, and strange as it may appear, upon the third application she began to improve, and has continued getting better daily, and now she is as well as ever—enjoying excellent health.
D. M'CONNELL.
Peori, March 5, 1849.

[Robert Hinds, Postmaster says:]
CRESTOWN, Pa., Mar. 27, 1849

One woman has used your Liniment with great success. She had lost the use of her legs for three years, the cords being contracted so that her legs were bent as much while standing as is natural for the position of the legs while sitting, and she could not bend them in the least; but by the use of H. G. Farrell's Arabian Liniment she is now able to walk with ease, and has a straight limb. I have found it a most excellent remedy for horse flesh; also, for every thing which requires an external remedy.

The Opinion of an Old, Experienced and Scientific Farrier.

WASHINGTON, Iowa, June 26, 1849.

From the speedy and permanent cures, both in man and beast, which your Arabian Liniment is performing, I do not hesitate to pronounce it the "Great Remedy of the Age." I have practiced doctoring horses for these 20 years, and have tried all the various liniments, ointments, &c., so much puffed up in the papers; but I must say that H. G. Farrell's Arabian Liniment exceeds any that I ever made use of. By its use, I have cured Sweeney and Spavin long after they had been pronounced *incurable*; and I have cured more than 50 horses this season with your liniment, embracing every shade of disease, from scratches and bruises up to Spavin, Ring-Bone and Sweeney. I can also bear testimony of its good effects on the human system. I was confined nearly all last winter to my room with Rheumatism and could get nothing to help me, until I commenced the use of your Liniment, which entirely cured me. WM. R. GRIMES.

Sun Pain of Ten years' standing, cured by H. G. Farrell's Arabian Liniment.

Mr. H. G. FARRELL.—Dear Sir: I had been afflicted with the "Sun Pain" for the last ten years, and could never get relief except by bleeding; but by the use of H. G. Farrell's Arabian Liniment, applied over the temples about three or four times a day, it was entirely removed, and I have felt nothing of it since. I went into the stable one night, to apply it to a horse's sore leg, and being very lame he stumbled and fell against my legs, crushing and bruishing them so badly that they turned black as my hat, rendering them powerless. I applied your Liniment, and was well enough in a few days to go about again as usual. I also crushed my finger in a checking manner, by letting a back log fall upon it; your Liniment soon healed it up, though. J. B. MCGEE.
La Salle prec't, Peori, Ill., Feb. 1849.

Be sure you get the genuine H. G. Farrell's Arabian Liniment, as there are counterfeits in circulation. Unless the letters H. G. are before *Farrell's* it is COUNTERFEIT. His signature is also on the wrapper of each bottle; and these words blown in the glass bottle "H. G. Farrell's Arabian Liniment, Peoria." Manufactured only by H. G. Farrell sole inventor and proprietor, and wholesale druggist. No 17 Main Street, Peoria, Ill., to which all communications must be addressed; and for sale by O Henderson, Glasgow; H. Blakeley & Co. St. Louis.

WISTAR'S BALSAM OF WILD CHERRY, THE acknowledged remedy for Coughs, Colds, Consumption of the Lungs, Asthma, Croup, Hectic Fever, Night Sweats, &c, &c.

Hear the Press.

From the Fall River (Mass.) Monitor.

"This medicine, prepared by a long experienced and skillful physician, tested and approved by a great number of intelligent, distinguished and respectable persons in various parts of the country, is now received and used with entire confidence and with great success by those afflicted with pulmonary complaints. It is also recommended as a valuable medicine for other diseases, such as colds, coughs, and particularly those diseases whose tendency is to consumption."

From the Boston Mercantile Journal.

"This medicine, coming from a respectable source, and carefully prepared by an experienced and skillful physician, is received by the public with confidence. Its efficacy has been proved in many obdurate cases of disease, and its fame has rapidly extended. It has been extensively used in every part of the country, particularly in the middle and northern States, and strong testimony from intelligent and highly respectable persons has been adduced in favor of its merits as a remedy for colds and coughs, affections of the heart, diseased liver and dyspepsia."

From the Cincinnati Daily Times.

"We would advise those of our readers who are laboring under an affection of the lungs to make immediate trial of this truly excellent medicine. The most intelligent and respectable families of our city have adopted it as a remedy in decline, and persons predisposed to consumption, we have used it upon in the highest terms of its efficacy."

INTERESTING CORRESPONDENCE.—The subscriber requested to read the following letter, received from Jas. Russ, Jr., publisher of the Shelbyville (Tenn.) Expositor.

SHELBYVILLE, Tenn. Dec 6, 1848.

J. D. PARK—*Dear Sir*: I take it as a duty owed to the community, and particularly the afflicted, to state what I know of Wistar's Balsam of Wild Cherry. For a number of years my wife had been afflicted, and was labouring under a disease and weakness of the lungs—coughing to such an extent that it was with great difficulty she breathed. I could find no medicine that would give any relief until I purchased a bottle of the Balsam. This averaged to some extent, and the fifth bottle effected a cure. I look upon it as the best medicine ever offered to the public for the cure of those diseases of the Lungs and Liver, have witnessed its effects on other families with equal success. Yours,
JAMES RUSS, Jr.
Editor Shelbyville Expositor.

CAUTION.—The genuine "Wistar's Balsam of Wild Cherry" has a fac-simile of the signature of Henry Wistar, M. D., Philadelphia, and "Sanford & Park" on a finely executed steel engraved wrapper. No other can be genuine.

☞ Sold Wholesale and Retail by H. BLAKELY & Co., Agents, southwest corner Third and Chestnut streets, and by observing strictly the above caution, the genuine medicine may be found for sale by one duly authorized Agent in every town throughout the State of Missouri. Price $1 per bottle—six for $5. Sold also by Dr. O. HENDERSON, Agent, Glasgow; Dr SNELSON, Fayette, McCAMPBELL COATES & SMITH, Huntsville.
