MANY LIKE THIS IN DEMING

Similar Cases Being Published In Each Issue

The following case is but one of many occurring daily in Deming. It is an easy matter to verify it. You cannot ask for better proof of merit.

W. H. Reynolds, 210 N. Irone Av., Deming, says: "Several years ago, my kidneys gave out on me. The kidney secretions were highly colored contained a brick-dust like sediment. My back couldn't have hurt worse, if it had been broken. The sharp pains which shot through it when I leaned over were all I could stand. After using many kidney remedies and treating with doctors with no help, I heard about Doan's Kidney Pills. I tried them and they soon put me in good health. A few doses now and then have kept my kidneys well."

Holmes Did a Good Deed

When No. 1 pulled in Wednesday morning, the train butcher got off with his bundle of El Paso Times and sold a big bunch, but when a Deming newsboy grabbed his bundle of Times and offered them for sale, the train butcher slapped the lad in the face and ill-treated him.

This isn't likely to happen again, though, as W. J. Holmes, the big good natured labor commissioner at Camp Cody happened to see the act and very forcefully informed the "butch" that Deming didn't look with favor upon such brutality, assuring him that any similar act would result in great disaster to his physical well being. We guarantee the act will not be repeated.

Secretary of State Boosts Deming

Santa Fe, N. M., July 30.—The prevailing ignorance as to actual conditions in New Mexico, particularly alongthe southern border, is emphasized in letter to the state publicity bureau from Secretary of State Antonio Lucero, now in Rochester, Minn., for his health. The secretary has written the publicity bureau that officers and men of the Minnesota national guard, who have been assigned to the new federal training camp at Deming for the coming winter, were making serious objections to the location because of the erroneous impressions as to the character of the country.

"Their impression was that Deming was the center of a district similar to Mojave desert," Mr. Lucero wrote, and I have had some difficulty in convincing them that real people live there and conduct and enjoy a very prosperous, growing community."

Mr. Lucero has used a large quantity of the publicity bureau's literature in interesting the guardsmen and others in the facts about New Mexico, and has accomplished substatial results.

Advertising Will Do It

The billions of dollars that our government and foreign nations are borrowing from our people will be spent right in this country for foodstuff and war supplies of all kinds. The bulk of this money will find its way into the hands of the millions of wage earners, and they in turn will spend most of it for the necessities of life. This community will get its share of those billions.

The shrewd home merchant knows this, and is already mapping out an extensive advertising campaign to offset the tremendous efforts of mail order houses and large city merchants. He will get his, for advertising will bring it to him.

The local merchant who forgets to advertise, who expects to increase his business without a proportionate increase in legitimate publicity expense, may discover to his cost that he is decreasing it instead.

The public takes every man's number.

INSTANT ACTION SURPRISES MANY HERE

This grocer's story surprises local people: "I had bad stomach trouble. All food seemed to sour and form gas. Was always constipated. Nothing helped until I tried buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. ONE SPOONFUL astonished me with it's INSTANT action." Because Adler-i-ka flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold.—J. A. Use "Gets-It," Lift Corn Right Off

Shrivels, Loosens—and It's Gone!

"Just like taking the lid off—that's how easy you can lift a corn off your toe after it has been treated with the wonderful discovery, 'Gets-It.' Hunt the wide world over and you'll find nothing so magic, simple and easy as "Gets-It." You folks who

have wrapped your toes in bandages to look like bundles, who have used salves that turned your toes raw and sore, and used plasters that would shift from their place and never "get" the corn, and who have dug and picked at your corns with knives and scissors and perhaps made them bleed—just quit these old and painful ways and try "Gets-It" just once. You put 2 or 3 drops on, and it dries at once. There's nothing to stick. You can put your shoe and stocking right on again. The pain is all gone. Then the corn dies a painless, shriveling death, it loosens from your toe, and off it comes. "Gets-It" is the biggest selling corn remedy in the world today. There's none other as good.

"Gets-It" is sold by druggists everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

City Conveniences Without City Expenses

The convenience of electric service is no longer denied to those living in the country. And the use of G-E heating and cooking devices and G-E motors for household and other kinds of farm work renders the electrical farm one of the few places where

Less Means More

Less Worriment = More Convenience.
Less Manual Work = More Output.
Less Money Expense = More Profits.

Let us prove the foregoing statements.
