# THE END IS IN SIGHT

**INCONVENIENCE FROM TORN UP TRACKS WILL SOON BE OVER.**

**Over Seven Hundred Men and Teams on the Four Principal Jobs Are Making Short Work of It—Less Than a Month.**

The progress being made in the rebuilding of the several street railway lines now more or less torn up is a matter of great interest to the vast army of people in Kansas City who find street cars an indispensable accommodation, and all will be glad to learn that even so soon after the work was begun the end is in sight. General Manager W. H. Holmes, who has charge of it all, says that 700 men and teams are now at work on the four principal jobs of track building. The size of the daily payroll for this class of work can be estimated upon the basis of $1.50 for men and $3.00 to $3.25 for teams. In teams, especially, there has been a scarcity.

The building of the new track on Vine street and the tearing out of the old switches, which is being done by the company, Roadmaster Charles B. Gridley in charge, is now about half completed and Mr. Holmes says the road will be in operation as a double track line in about twenty-five working days. On Independence avenue, the Falk company has one new track of the Northeast electric line laid and the ground cleared about half the way for the other. Within two weeks it is thought cars will be running again between Highland avenue and market square.

The North American Construction Company, which has the contract for rebuilding the Fifth street line, has the old track torn out from State Line street to the elevated depot, and the new rails in place nearly all the way. No cars are running now at the east end of the line, all passengers for Kansas City, Kas., being carried by the elevated line and transferred to the Fifth street line at State Line street. The closing of the Market square end of the road comes at an opportune time as the Northeast line at that point will be shut down also, and all the travel from the northeast part of the city comes over Ninth street and can be transferred conveniently to the elevated road. Mr. Holmes thinks that in less than three weeks, or but little over a month after the beginning of the work, the line will be in operation over new tracks, and says cars will be running from the Union depot west in a very few days.

In Armourdale, also, the heavy 103 pound rails are being put in places where the lighter track has suffered from the weight of the new cars purchased last summer. Men are at work now on Packard street from Kansas to Osage avenue.

## "BLEST BE THE TIE"

**Fraternal Spirit Shown at Meeting of Epworth Leaguers of Two Branches of M. E. Church.**

A large audience gathered last night at the Central Methodist Episcopal church for the joint meeting of the Epworth Leagues of the Methodist and South Methodist churches. About twenty churches were represented. Dr. F. R. Hill, of the Central Methodist Episcopal church, gave a talk upon "Fraternity"; Dr. Matt. Hughes, on the Independence church, on "The Evolution of the Epworth League"; S. H. C. Burgin spoke of the international convention of Epworth Leagues to be held in Indianapolis, in July, and urged that a large delegation be sent from Missouri. These conventions have been held annually at Toronto, Chattanooga and Cleveland, and have been attended by as many as 30,000 people. President McKinley, General Lew Wallace and other prominent Americans will be present at the Indianapolis convention. It is hoped that as many as 1,000 delegates will be sent from Missouri this year.

**Will Discuss South Side Parks.**

The people of the South Park district will hold a meeting at 8 o'clock this evening at Ariel park, between Twenty-fourth and Twenty-fifth streets, on Ivanhoe avenue, for the purpose of considering the park question. The meeting is called by committees appointed by the previous meetings, and will talk over the park question generally and make an effort to get the park board to include Hyde park and the adjacent territory in the benefit district for the High Oak road.
