BUSINESS SESSION.

CITY COUNCIL DISPOSES OF A GOOD MANY MATTERS BEFORE IT.

SELECTED A CITY DEPOSITORY.

FUNDS WILL BE DEPOSITED IN WYANDOTTE NATIONAL BANK.

Sunday Closing Petition Presented and Discussed—Annual Reports of Heads of Departments Submitted—Company Asks for a Franchise.

At a regular meeting of the city council last night the Wyandotte National bank was made the city depository and further action should be taken by the council. The finance committee reported that an agreement had been effected between the members of the committee and the bank affiliate. The agreement is to the effect that all public moneys of the city be placed in that bank, for which the bank shall pay 2 per cent, the same to be reckoned on the amount of cash in the bank on the 1st day of each month. The bond furnished by the bank was read and accepted. The bond gives amounts as follows: A resolution was then passed making that bank the city depository and the mayor and city clerk were authorized to sign the contract.

The Sunday closing ordinance inaugurated recently by the Trades Assembly was brought up for discussion by the presenting of a petition praying for the passage of an ordinance which would result in the closing of places of business on Sunday. The petition was first referred to the legal department, with instructions to report at the next regular meeting, but a reconsideration was made and, on motion, the petition was referred back to the ordinances for the drafting of a proper ordinance.

An ordinance appropriating $6,575.61, to pay various claims and accounts for the month of March, was passed.

A communication from the trustees of Quindaro township was received, requesting that the city pay to that township $222.77, one-half of the cost of building a culvert on the city limits. The matter was discussed at length and the communication was referred to the legal department, city engineer and streets and grades committee.

A resolution was adopted authorizing the legal department to take the necessary steps to collect from the West Side Street Railway Company the money due the city for license, and from the Kansas City Elevated Railway Company money due the city for the use of the Seventh street viaduct by that company.

The report of the city engineer on the inspection of the culvert recently built on Sixteenth street, over Jersey creek, was read. The engineer stated that the culvert had not been built according to contract and advised that it be not accepted. The report was accepted.

The reports of the appraisers appointed to appraise the property liable for the cost of grading Eighth street from Central to Ridge avenue, Eighth street from Central to Church avenue, Park avenue from Seventh street to Harrison street and the building of a sewer in district No. 21 were adopted.

The annual reports of the city clerk, city engineer and chief of the fire department were received and referred to the auditing committee. The monthly report of the city treasurer for April was read and referred to the auditing committee.

The mayor reported the acceptance of an invitation from the G. A. R. post to participate in the Decoration day exercises on May 30 and the clerk was instructed to notify them of the acceptance.

The April pay roll of the fire department was referred to the committee on fire department and the chief engineer's pay roll, amounting to $2638, was read and referred to the proper committee.

Several bills for lights furnished the city for the months of March, April, May and December, in 1894, was reported favorably by the city clerk. These bills had been referred to the clerk for investigation.

The reports of the committees appointed to take inventories of the fire department and street department were received and referred to the city clerk and proper committee to compare with inventories of last years.

A communication from the board of education relative to the payment of special taxes was received. The board of education offered to compromise by paying the city $1,000.

Action was taken to vacate five feet on each side of Haskell avenue between Ninth and Seventh streets.

The Kansas City & Northern Belt Railway Company petitioned for a franchise to construct and operate a double track railroad through Kansas City, Kas., beginning near the state line and following in a northwesterly direction to the northern city limits. The matter was referred to the franchise committee.

The contracts for constructing sewers in district No. 2 and along Fifth street between Jersey street and Jersey creek were awarded to R. J. Boyd.

A resolution was adopted authorizing the Union Terminal Railway Company to construct and operate a switch track on ohio avenue between Wood and James streets.

YEATER ANTI-LOBBY BILL.

Senate Committee Has Accepted Enough Amendments to Defeat It.

Jefferson City, Mo., May 7.—(Special.)—The senate committee on criminal jurisprudence held a meeting to-day and amended Senator Yeater's anti-lobby bill so as to make it of a much more general scope. As introduced by Mr. Yeater, the bill was modeled after the Virginia law. It makes the payment or receipt of money, or promise of and the passage of legislation a misdemeanor, with maximum penalties attached of one year's imprisonment and a fine of $5,000. Corporations, firms and individuals are prohibited under the same penalty from employing even counsel to appear before any committee. The Mr. Yeater's bill such a law at the time the Sedalia lobby was booming it would have been necessary for the state to have constructed a wall around Sedalia and appointed a guard to keep out the lobbyists.

Mr. Peers offered the following new section to the bill, which was adopted: "It shall be unlawful for any newspaper in this state, in attempting to influence legislation, by threatening, compelling, caricaturing or otherwise attempting to intimidate the members of the general assembly or any officer thereof. Any person or any manager or other officer of a corporation violating the provisions of this section shall be guilty of a misdemeanor, and upon conviction shall be fined not less than $100 nor more than $500."

Not satisfied with this instruction, Mr. Westhaus offered the following, which was adopted: "It shall be unlawful for any person, not a member of the general assembly, to canvass the vote of the governor of this state, either by writing, telegraphing or speaking, for the purpose of influencing the action of the governor in any bill or measure pending before him. Provided that this section shall not apply to any person who shall undertake to influence the governor pursuant to an invitation or permission from the governor to do so."

No doubt these amendments will remove the last doubt concerning the fate of the bill. There is a similar measure pending in the house, but it has not yet been reported from the criminal jurisprudence committee.

CAUSED A SENSATION.

The Charges Preferred Against the President of the Board of Trade.

The charges of attempted bribery made against President Benjamin Friedburg of the board of trade, by Harry Bell and William Fletcher, members of the school board, as published exclusively in the Journal yesterday morning, were the sole topic of discussion among the people of this city yesterday. The matter will be taken up and investigated by the board of trade immediately. There is some talk among the directors of calling a special meeting to hear from the committee from the board of education, appointed to lay the charges and affidavits before the board of trade.

A director of the board stated yesterday that if Mr. Friedburg was responsible for the acts of Friedburg, and that if the charges made were substantiated, they would ask Mr. Friedburg to resign as president and director of the board.

Sheriff Will Not Produce Carey.

Justice of the Peace Betts has practically won his fight against the county attorney in reference to the preliminary trial of Charles Carey, charged with the murder of James Chase. Betts held a preliminary trial in the case and bound the prisoner over to the district court for trial at the next term without bail. The proceedings in his court were based upon a complaint filed by Coroner Stevens. County Attorney Miller filed another complaint in Justice Hughes' court. The preliminary trial of Carey in Justice Hughes' court is set for to-morrow but the indications are that the case will be dismissed. This will be due to the refusal of Sheriff Peterson to produce the defendant in court. The sheriff stated last evening that the commitment papers received by him from Justice Betts were in due form and that according to the law he could not take the prisoner anywhere except upon order of the district judge.

Strong Evidence Against Quinn.

The preliminary examination of John Quinn, who is charged with the murder of Mrs. Patsy Clayton, whose body was found in the Kaw river about three weeks ago, was completed yesterday in Justice Betts' court. The arguments in the case will be heard this morning at 11 o'clock.

During the examination of Quinn much damaging evidence has been given. Yesterday Mrs. McIntire, mother of the murdered woman, testified that Quinn had been keeping company with her daughter and that he had often cruelly treated her. Mrs. Kerk also testified that she had heard the accused threaten the life of Mrs. Clayton. A young colored man by the name of Winn was placed on the stand and testified that he had heard the deceased and the accused quarrel near the corner of Eleventh street and Washington avenue, and claims he was attracted to the scene by the screams of Mrs. Clayton.

Cost of Street Department.

Street Commissioner Garlick said yesterday that the statement that the street department would be run at an expense of $900 per month is a mistake. The figures for the department for last year show an average of $2,300 per month. The regular force this year will be six men with shovels at $1.75 per day, four teams at $3 per day, two foremen at $2.50 per day, two men for the sidewalk work at $1.75 per day and two teams at $2.50 per day. The city will try to keep the expense of this department within $1,000 per month.

Cleaning Up Police Headquarters.

The work of cleaning up police headquarters was begun yesterday. The stoves were taken down and a force of men will be put at work to-day re-papering the place. The board of police commissioners is making an effort to secure the old council room to hold court in, and if this is accomplished the present court room will be converted into private offices for the accommodation of the police surgeon, chief of police and day sergeant.

No Time Lost in Bringing Suit.

D. D. McDonald, father of Willie McDonald, the little boy who was so fearfully burned by a broken cross-wire on the West Side street railway line at Eighth and Ordinaro boulevard Monday, yesterday filed suit in the common pleas court against the company for $5,000. He alleges that the injuries of the boy are permanent. The petition states that the boy was burned even more badly than was at first stated.

More Jurors Drawn.

The following additional jurors were drawn for the court of common pleas yesterday: H. P. Ewing, C. George, August Elsner, Thomas S. Evans, P. J. Shick, Saul Hoff, Thomas Lynch, Charles Inges, J. H. Davis, D. C. Elliott, H. B. Holmes, John Harrison, T. C. Duer, A. B. Widener, Charles Blood, S. W. Buckingham, M. Cassiday, E. L. Busche, Tilford Davis and George Bender.

Lottery Mail Goes to the Dead Letter Office.

Postmaster Mapes stated yesterday that there was a large amount of mail received at the local office daily for the various lottery companies which were formerly located here. He thinks this is due to the fact that many of the people in the country do not know that the lotteries are no more, and sends all of the lottery mail to the dead letter office.

Assault With Intent to Kill.

Cliff Geary was arrested yesterday by Constable White on a warrant charging him with assault with intent to kill. The prosecuting witness is Edward Smith, night watchman at the Northwestern roundhouse. Geary was arraigned before Justice Hughes and his trial was set for May 9. In default of $50 bail he was committed to the county jail.

Five "joint" keepers were arraigned in police court yesterday morning. Four of them paid $50 fine each and the fifth one had his case continued. To-morrow morning's docket has to be booked for trial. During the past week over $1,000 has been paid into the police fund by violators of the prohibitory law.

Probate Judge Angle has made an order to the effect that he will try no more habeas corpus cases when the district court or court of common pleas is in session. He says that he will only hear applications of that kind when the other courts are not in session.

Wyandotte lodge No. 3 will hold a special communication this evening to work in the third degree.

ARMOURDALE.

The Trouble Between the Striking Cooper and the Kelley Company Will Probably Be Soon Settled.

The trouble between the striking coopers of the Kelley Bros. cooperage plant and the managers now seems to have a fair chance of settlement. The strikers have been out for nearly fifteen weeks, during which time numerous attempts have been made to effect a settlement, but each time without success. Last Saturday a conference was held by Mr. Kelley and a committee of strikers which led to another conference yesterday, at which time an agreement was affected. Herbert Doggett represented the strikers in yesterday's conference and J. R. Kelley appeared for the company. These men met at Kelley Bros.' office at 2:30 yesterday afternoon but at this time no agreement was reached. The strikers wanted the arbitration board to consist of five members, while Mr. Kelley was favorable to a committee of three. Neither side conceded to the wishes of the other then and the conference ended. Soon after they again met and Mr. Kelley conceded the strikers' wish and an arbitration board will soon be formed. Mr. Kelley has appointed J. R. Quarles and P. Welch as his representatives on the arbitration board. The representatives of the strikers will be appointed to-day. These four are to meet and appoint a fifth arbitrator. The board will have a power to make a final settlement of the troubles.

William Kelley, a member of the cooperage company, stated yesterday he was perfectly satisfied with the outcome of the troubles and would willingly abide by the decision of the arbitration board. The board will have a meeting as soon as the fifth man is appointed.

ARGENTINE.

Word was received here yesterday morning that a valuable team of mares belonging to Bud Mercer, of Turner, was instantly killed Monday evening by a Santa Fe fast express. Mr Mercer was driving the team and attempted to cross the track at a crossing just above the Turner depot, but the train was nearer than he thought. Just as the team was on the track the engine struck it, instantly killing both horses. The tongue was broken from the wagon and Mr. Mercer thrown several feet, but he escaped without injury.

Professor S. M. Simmons, principal of the high school for the past term, has been offered the position for another term at a salary of $75 per month. Sixty dollars was the salary paid during the past term. He was given five days in which to accept. The other city teachers will be chosen at the next meeting of the board of education.

William Conley, of Excelsior Springs, Mo., came to this city Monday on business. He was riding on a street car on Strong avenue, but jumped off before the car stopped. He appeared to be uninjured until yesterday, when he discovered that his left elbow was dislocated. Drs. Holland and Lewis set the arm.

A. A. and F. C. Lovelace, of Turner, have secured a contract to repair about forty bridges on the line of the Leavenworth, Northern & Southern railway.

Mrs. E. E. Kilhcart returned yesterday from a visit with friends in Linn county, Kas.

Jesse Lukins returned yesterday from an extensive trip through the West.

Professor S. M. Simmons and wife are entertaining Miss Maggie Simmons, of Spring Hill, Kas.

Miss Minnie Way, one of the assistants in the postoffice, is quite ill. Miss Edith Killmer is working in her place.

David E. Hunt returned yesterday from the Santa Fe hospital at Ottawa, where he has been confined for several weeks with a broken leg.

William Jones, the North side grocer, returned yesterday from a visit with friends in Laclede county, Mo.

F. T. McClure returned to his home at Olathe yesterday, after a brief visit with Dr. R. C. McClure.

Services will be held the remainder of this week by the Latter Day Saints at No. 11 South Fifth street. Elder Winn will have charge of the meetings.

A meeting will be held Friday night by the Argentine Cornet band, at which time a reorganization will be effected and arrangements made to build a music hall.

Argentine Council.

At the meeting of the city council of Argentine last night considerable business of minor importance was transacted. It had been generally anticipated that some appointments would be submitted to the council by the mayor, but only one appointment was made. John Ulde was appointed a patrolman. The present man in whose place Ulde was appointed has not yet been named by the mayor. An application was made by F. H. Johnson for the position of fire chief, but was rejected. Councilman Evans introduced a resolution providing for a reduction in the police force, but this was also rejected. The city engineer's report on the cost of opening Riley avenue between Fourth and Seventh streets was received. The total cost for the work was $6,172.09.

Many receipts as published still call for cream of tartar and soda, the old-fashioned way of raising biscuits in cooking and expert cooks do not sanction this old way. In all such receipts the Royal Baking Powder should be substituted without fail.

Homeseekers' Excursions.

On May 21 and June 11 the KATY ROUTE (the Missouri, Kansas & Texas railway), will sell round trip tickets to TEXAS, LAKE CHARLES, LA., and to EDDY and ROSWELL, N. M., at rate of one lowest first-class fare. Tickets will be good 20 days, with stop-over privileges both going and coming.

NEWS FROM LEAVENWORTH.

GOVERNOR SMITH, OF THE HOME, ISSUES AN IMPORTANT ORDER.

No Immediate Changes Expected to Be Made in the Fire Department Force—An Old Soldier Drops Dead at the Home.

The following order will be read to-day at the Soldiers' home, and will go into effect Monday, May 13:

"While it is the desire and policy of the governor to permit the greatest liberty of action consistent with the best interests of the home, recent events have imposed upon him the duty of taking additional measures to insure the personal safety of the members.

"As a result of the existence of low saloons upon the highways in this vicinity, feeble old men have heretofore been drugged, robbed and maltreated in a shameful manner, and recently the brutal murder of an inoffensive and well-behaved member of the home has been added to the category of outrages to which the veterans have been subjected.

"These acts of violence are mainly perpetrated under cover of the night, and long immunity from detection and punishment has made the lawless element so bold and unscrupulous as to render the highways unsafe for the members of the home to travel after nightfall.

"In order to protect the lives of the few feeble old men who thoughtlessly expose themselves, and at the same time insure the safety of all, certain additional restrictions are deemed imperatively necessary for the general welfare.

"It is therefore directed that the members of this branch be required to be present in their respective company quarters at 4:45 p. m. daily, for check roll call, by company commanders, after which they will be dismissed, and they are not to leave the home grounds after that hour.

"The whistle announcing cessation of work at 4:30 p. m. will indicate the hour in reason for proper observance of this order.

"Extra duty men, with pay, will not be required to attend check roll call.

"For the period of ten days after the payment of quarterly pensions, members will not be permitted to leave the home grounds except for urgent reasons.

"During a period of ten days after quarterly pensions, no passes will be granted except as hereinafter provided for, and members wishing furloughs will apply for same through their respective company commanders, explicitly setting forth their reasons for the request.

"Members on extra duty, with pay, will receive passes to be taken up when relieved from extra duty.

"ANDREW J. SMITH, Governor."

No Immediate Removals.

Ever since the appointment of Cyrus Sprague to be chief of the fire department, vice Pat Burnes, removed, the firemen have been very nervous and unsettled, feeling that every day would be their last in the department. They believed, of course, that they would be removed in order to make way for some new appointee.

None of the firemen now doing duty were appointed by Mayor Dodsworth, excepting one, all the others simply being allowed to hold over under the appointment by Mayor Hacker. Now that Sprague, the chief, Burnes, with so many years of service, has been displaced, they naturally think that their time is short.

Inquiry to-day, however, develops the fact that few, if any, changes are to be made at the Central station. It is more than probable that the men there will be retained, excepting the assistant chief, and he will likely be let out at the next regular meeting of the city council.

It is generally understood, however, that there will be decided changes in the South Leavenworth department, and that one of the first things to be done will be to appoint a new foreman for that department.

Dropped Dead.

Jacob Mauman, an aged member of the Soldiers' home, dropped dead in his company barracks yesterday afternoon of supposed heart disease. He made no complaint of feeling ill and was stricken down while talking pleasantly with some of his comrades.

Deceased was formerly a member of Company E, Third Michigan cavalry. His burial with military honors will take place this morning.

Exclusive Privilege.

Colonel Hocking, commandant of Fort Leavenworth, has granted the Ladies' Circle of the G. A. R. the exclusive privilege to operate a refreshment booth on the reservation, and near the National cemetery, on Memorial day, May 30.

An elaborate memorial programme is being arranged and indications point to a large turnout on that day. The entire military force at the fort will participate in the column and beautiful services at the cemetery.
