WILL GO TO COURT.

STEWART FAILED TO APPEAR BEFORE THE BOARD.

NO DEFENSE WAS MADE.

THE EX-TREASURER'S ATTORNEY SAYS HIS CLIENT IS SAFE.

The Claim Is Made That Stewart Was Not Invited to Show His Side of the Case—Police Matters—Notes of Interest.

The correctness of the report of the expert on the accounts of ex-Treasurer Martin Stewart, of this county, will soon be tested in the courts. The last report of the experts showed that Mr. Stewart was $33,000 short. Stewart claims that he is not truly not short, but that the county actually owes him over $500.

The county board held a meeting yesterday and the county clerk read the last report filed by the experts. Stewart was not at the meeting to explain the alleged shortage and the board passed an order instructing the county attorney to begin civil proceedings at once to collect the amount of shortage claimed from the ex-treasurer and his bondsmen.

One week ago A. J. Hoffman, formerly a deputy in the treasurer's office, happened to be in the commissioners' room when the report was filed. He notified the board that the experts' report was not accurate, and that Stewart would be able to explain all of the transactions mentioned in the report, where shortages seem to appear. The shortage was caused by the treasurer refunding taxes on certain property, so it is claimed. The experts claim that they could not find any authority for the treasurer making any refunds. The ex-treasurer claims that the county board issued orders to him in every case where the taxes were refunded, and that he has copies of the orders in his possession.

Mr. Hoffman told the board one week ago that he would produce the orders, but, upon consulting Mr. Stewart and his attorney, it was decided not to appear before the board. When the board met yesterday neither Stewart nor his legal representative was present, and the board issued the order instructing the county attorney to bring action to recover the amount of the shortage.

County Attorney Miller is at Colorado Springs spending his vacation, and his deputy, P. J. Bradley, says he will not take any steps towards bringing the suit until Miller returns. Stewart's bond was for $30,000. It was signed by himself, his father, his brother-in-law, Ed Daniels and Henry Hafner. He has employed Attorney C. F. Hutchings to defend him in his trouble with the board.

Attorney Hutchings said last evening that the county board had picked up a hot potato. Said he: "Mr. Stewart is not in debt to the county one single cent. In fact, the county owes him $500 or over on the final settlement which he had. We will be able to convince a jury in four hours that this is the case. It will not take us four months, like it did the experts, to go over the books of the treasurer. I hardly believe the county attorney will bring any action. The board cannot order him to do anything, and he will not bring such proceedings as contemplated unless he makes a thorough investigation first.

"When the county and its experts get through trifling with Mr. Stewart and his reputation, we may have an inning. This thing of ruining a man's reputation by accusing him of being a defaulter, when he is not, is a serious matter. Mr. Stewart will file suit for damages, and he will get them, too. Had the board sent Mr. Stewart a written request to attend the meeting today and explained the matter, he would have gladly done so. Stewart never was invited to be at any meeting, and that is the reason he was not there. He did not feel like nosing around the court house like a spy."

ARMORY HALL DEDICATED.

This Evening Will Witness the Festive Occasion.

The dedication of the Armory hall by Veteran Company E, Kansas National Guard will occur this evening, and will be an interesting occasion. The hall, which has just been completed, is beautifully decorated for the occasion. Besides numerous local speakers of prominence, there will be present a score or more of speakers of various parts of the state. Scores of officers of the Kansas National Guard will also attend. The evening's programme will consist of literary and musical selections, and appropriate addresses by speakers. A supper and ball will follow.

A SMALL BOND.

Ross Was Held to the Court of Common Pleas.

In Justice Betts' court yesterday William C. Ross was given a preliminary hearing on the charge of defrauding William Warsop out of $24.95. He was bound over to the court of common pleas in the sum of $300. A woman who gave her name as Cousins, and claimed that she resided at Rosedale, appeared and went his bail. Ross is the man who took the contract of grading Adams street, and when the laborers called for their pay he issued bogus checks to them. Several complaints were filed against him, but, for reasons unknown, all the charges but one were dismissed. J. J. Prather, who was a foreman under Ross, was the first person to file a complaint against him, and it was upon his complaint that Ross was arrested. However, when he appeared for trial yesterday Mr. Prather's case was dismissed and the defendant was tried on the complaint of Mr. Warsop. Prather stated that he had a sure case against Ross and was very indignant at the court for dismissing it. There was about $70 worth of the bogus checks issued by Ross and the merchants who cashed them are dissatisfied with the result of the hearing yesterday, as they claim that the bond was insufficient to secure the amount of worthless checks issued by the defendant.

RECOVERED HIS CHILD.

John Powell Gets His Baby From the Rescue Home.

A 3-year-old child of Mr. and Mrs. John Powell was taken from the Rescue home at Twelfth street and Greeley avenue, yesterday morning, by its father and two brothers. John Powell and wife parted one year ago, and since then he has lived in Kansas City, Mo., and three of the children, including this young child, have been in his possession. Recently Mrs. Powell went to the home of her husband and, during his absence, took the child and placed it in the Rescue home in this city, and had made arrangements to pay the expenses of the child to the home. Yesterday Powell found the child had been placed there, and in company with his two sons, went to the home. The matron was absent. The child, which was playing in the yard, was picked up by one of the boys and the father and sons escaped.

HELD FOR ASSAULT.

Father and Daughter Sent to Jail in Default of Bail.

Hays Elliott and daughter, Ruth, were given a preliminary hearing yesterday before Justice of the Peace Betts on the charge of assaulting Emma Elliott with intent to kill. The plaintiff is a niece of the defendant, Hays Elliott, and when she appeared in court yesterday her face was still badly bruised from the effects of the assault. The plaintiff testified that the defendant assaulted her with a club, and would have killed her had it not been for the timely arrival of some neighbors. The assault took place about a month ago at the home of the plaintiff in the North bottoms.

After hearing the evidence in the case Justice Betts bound father and daughter over to the district court in the sum of $500 each. They were unable to give bond and were committed to the county jail.

POLICE STIRRED UP.

A Chance for Promotion Causes a Little Excitement.

There is a stir among the aspiring patrolmen now, caused by a rumor said to be well founded to the effect that before Leonard Daniels retires from the board of police commissioners a police sergeant will be appointed to fill the present vacancy. There are only five sergeants for the three police stations, as the board has never made the appointment of the sixth one yet. At present regular patrolmen do duty as sergeants, but do not receive the salary attached to the office. Patrolman J. A. Berkman, who has been on the force at different times for several administrations, is one of the leading candidates, and is supported by many influential men. He is a good man and would be a credit to the city's police force.

AN INTERESTING DEBATE.

he Bimetallic League Will Discuss Free Coinage of Silver.

The Bimetallic League met at Columbia hall last evening and arranged for a debating contest, which will be held on next Monday evening at the Fifth Street opera house. Representative J. K. Cubbison is to be one of the contestants, and will support the theory of free coinage, but limited to the products of the American mines, while his opponents, James F. Getty and S. S. King, will talk in favor of the free and unlimited coinage of silver. All of the speakers are well known, and are able men, and consequently an interesting debate is certain. The league, by its choice of representatives, James F. Getty and S. S. King, expresses itself in favor of the free and unlimited coinage of silver.

Changes in the Schools.

The board of education, at last night's meeting, accepted the resignations of Miss Minnie Reed, of the Morris school, and Miss Nellie Burt, of the Greystone school. Miss Reed has accepted a position in a California high school, and Miss Burt will attend the Chicago university. Their places were filled by Miss Beatrice Arnold and Miss Ella Freudley, both of this city. Clerk Jones, of the board of education, was granted a leave of absence, and will spend the time at his childhood home in Kentucky.

Mrs. Bierson sustained a dislocated shoulder last evening by being thrown from a buggy at Eighth and "L" road. A boy had taken the bridle from the horse to allow it to drink, and it started to run. The woman was thrown to the ground and the buggy broken in several places.

Church Dedication Jubilee.

The members of the First Baptist church, colored, are celebrating this week. The occasion for this is the fact that they have just finished paying for their beautiful church edifice at Fifth and Nebraska avenue. The church was organized seventeen years ago, and seven years ago the congregation built a fine $8,000 edifice. The last $600 of the debt was liquidated a few days ago, and the colored people are holding a jubilee. The celebration will last until next Sunday evening. It began last night, when a programme consisting of music, prayer, Scripture reading and a sermon was carried out. An interesting programme has been arranged for each evening. Rev. J. R. Richardson has been pastor of the church for the past year.

ARGENTINE.

Policeman James Improving — Probable Cause of His Trouble.

Patrolman Link James, who caused a deal of trouble to the police early Sunday morning while temporarily insane, was much improved yesterday, but is still confined to his home. His mind is not very clear yet. He has only a vague memory of the startling occurrence of Sunday.

Another theory regarding the cause of the officer's trouble was discovered yesterday. It appears that while James was struggling with his captors he continually asked protection, and talked as though some one was trying to rob him of his watch. Several times he repeated this, and while fighting seemed as if trying to defend himself from an assailant. Yesterday he stated that he had a faint remembrance of being attacked by some one who tried to get his watch. James is suffering from a severe bruise on the head which much resembles the stroke of a sandbag.

Chief Richardson was busy yesterday investigating the case, and all in connection with it will be brought before the council this evening.

INDEPENDENCE.

Most of the Citizens Favor Calling an Election to Vote on Issuing Bonds for Sewer Building.

There is a growing interest in the matter of sewerage for the city of Independence. With a few exceptions the moneyed men of the city are favorable to the calling of an election for the purpose of issuing bonds to construct the system, and all urge the speedy solution of the problem, which has been under debate so long. The total valuation of the assessed property in the city is over $2,500,000. The estimate given by the sanitary engineer is $45,000 for the construction of the main outfall sewer to the river. The city can be easily bonded for 2 per cent in 5-20 bonds and the entire issue will be taken by Independence capitalists at a good premium. The additional levy to pay the interest on the bonds and establish a sinking fund is considered insignificant in comparison to the increased value given the property by reason of sewerage.

Gave Up the Project.

The entertainment which the King's Daughters contemplated giving at the Fairmount park auditorium has been abandoned. The proceeds of the entertainment were to help swell the charity fund and relieve the suffering poor this winter. The park management offered to donate the auditorium free, but the lack of interest upon the part of a number of local singers and the refusal of others to assist or to out pay for their services forced the abandonment of the plan. The ladies wish to express their thanks to those who kindly volunteered to assist, also to the park managers for their liberal offer.

Many Given Employment.

The Independence Canning Company commenced operations here Sunday night. A large force of men at the factory east of this city. Messrs. Injured in a Runaway.

James Yocum, a farm hand, employed on a farm south of this city, met with a mishap yesterday, by his team of mules running away. Yocum came to town early yesterday morning, and spent considerable of his time filling up on whisky. In returning home he urged his mules to a gallop. At Linden street Yocum fell off his seat, the hind wheel of the wagon passing over one of his legs, and a scalp wound was received on his head. The mules were caught without further damage, except to two quarts of bourbon, which were smashed when the driver went overboard.

Lively Primaries Promised.

There is a Democratic war on to the finish between Chauncey Flora and Mr. Peter Everhardy as to who shall be nominated for sheriff. Both gentlemen are not overlooking any points, but as Flora several years ago got the Democratic nomination for sheriff in the face of the united opposition of all the leaders and fixers in his party and is regarded as an up-to-date politician, there is a prospect for the liveliest kind of primaries. Mr. Everhardy is no novice in politics and is at work with an energy that generally brings success.

Seriously Injured.

Daniel Donohue, of Wyandotte county, who accompanied the Kansas City, Kas., Knights of Maccabees on their excursion to this city Sunday last, was seriously injured by being thrown from an electric car Sunday evening. The car was crowded and Donohue was standing on the drawhead on the rear end of the car. He was badly hurt about the head and was senseless for several hours. Donohue was intoxicated at the time, and in the police court yesterday morning he was fined $5 for being drunk. The Comet Is a New One.

Palo Alto, Cal., Aug. 26.—Professor W. F. Hussey, of the Leland Stanford, Jr., university, says: "The comet discovered by Swift, at Pasadena, August 24, is probably one of short period, and hitherto unknown. It is not a delayed return of Barnard's comet of 1889, as was suspected, a few days ago. My elements of the orbit of the new comet are: Time of perihelion passage, October 5, 1895; perihelion distance, 1.6674; longitude of Node, 172 deg. 42 min.; longitude of perihelion, 18 deg. 48 min.; inclination, 5 deg. 57 min."

A Light Building.

The new home of The Model, at Tenth and Main, is the lightest building in Kansas City, and one of the lightest in the United States. The entire first two floors present an unbroken plate glass front; the other four have numerous and large windows, and nothing is lacking that will make the store a cheerful place, a light place—a place where every nook and cranny reflects the glorious sunshine and permits, in any portion of the rooms, an accurate and easy inspection of goods. You'll be delighted with the building when you view it—and there will be an added inducement for you to inspect it in the presentation of the handsomest souvenirs ever seen on the opening day, of which due notice will be given.
