WALDO PARK RACE TO-DAY.

EVERYTHING IN READINESS FOR THE BIG CYCLING EVENT.

The Start Will Be Made Promptly at 4 O'clock From Thirty-fifth Street and Troost Avenue—Work of the Handicappers.

The great annual Waldo park road race of the Kansas City Cyclists will be run this afternoon. The hundred and more fast riders who have been in active training for the race for weeks will soon know what the reward of their labor is to be, whether they will carry off first honors in either time or place, or whether they will be handicapped among the "also rans" when the official result is made up after the finish.

The work of the handicappers, which was made public yesterday, created the greatest interest, not only among those who will ride in the race and are most nearly concerned, but among their friends of the wheeling world in general. Of the 127 entries it is believed that at least 115 riders will start and prove every man of the 115 capable to win either time or place honors.

As previously announced in the Journal the scratch men are Hachenberger, the Denver crack; Ben Harding and Jimmie Slade, of St. Louis; W. W. Jaques, of Chicago, and A. R. Brunner and Joe Hendee, of Kansas City. The only surprise in the placing of Co. Hachenberger on the back mark, but it may prove to be a good thing for the Kansas City rider.

On the one minute mark there is a very fast bunch, and the scratch men will have to do some tall scorching to overtake them. In this bunch are Louis Coburn and the two Lainges, of St. Louis; A. Winternute and Street, of Kansas City, one of whom may be a dark horse and furnish the time winner. The 2:00 mark is a fast one, with such sprinters as Walt Brown and Arthur Brock and Hixon. In the 2:05 bunch Emil Bachman, admittedly one of the strongest riders in Kansas City, seems to have a shade the best of it, for he can ride and rides in anything like form he will overhaul many a man who starts in front of him.

There was all sorts of talk last night in regard to the handicap and the riders who schied, of Kansas City. The only surprise in the placing of Co. Hachenschied on the back mark, but it may prove to be a good thing for the Kansas City rider.

In the 2:05 bunch Emil Bachman, admittedly one of the strongest riders in Kansas City, seems to have a shade the best of it, for he can ride and rides in anything like form he will overhaul many a man who starts in front of him.

There was all sorts of talk last night in regard to the handicap and the riders who are thought to have got the best of it. Of the men who will get big handicaps Joe Merrigarty seems to have the best of it, and he ought to be the first man out to Vineyard easily unless there are some Bloomers on the 6:00 mark with him. He should at least beat last year's time of 2:33 flat, for he is a much better rider this year. Of the Bloomers H. T. Myers, of Kansas City, is said to be riding in good form and to have an excellent chance of winning from that mark.

The 4:00 bunch will furnish at least three riders who have a great chance if no accident happens to them. The one bunch will have the names of several riders who will make the pace for Joe Merrigarty, Cliff Treadway ought to be in that bunch, for he has been doing the course very fast. It is said that he has made the ten miles this spring in twenty-eight minutes, and if there is any truth in that report the place had best as well be presented to him in advance.

A great deal of interest in the race centers in the scratch men, each man and the probable winner of each handicap. Hachenberger or his friends have been offering to bet that he will ride in 2:27 if the weather is favorable, and if he does anywhere near as well as that he will be an easy winner. Harding is a strong man in the race who can be backed for 2:27, as far as is known. It is doubtful however, if Hachenberger can do a race with a large field, like that of Tuesday, make any such time, and he will do well if he covers the course in 2:32. Wheels have been recorded that the time winner will ride in less than 2:27, but such bets are rough, for there are too many things to delay or hinder a man to admit of any rider being the best in the race. Of the St. Louis riders it is believed that Ben Harding stands the best chance for time honors. Slade is a fast man, but he has not had much experience in road racing, and may not be able to do his best. Harding, on the other hand, has been in many a hard race on the road and knows how to take advantage of everything.

The officials of the race have made the fullest preparation for bringing the big event off promptly and smoothly. The start is made from Thirty-fifth and Troost avenue, and a great effort will be made to distance the last man on their journey promptly at 4 o'clock. Chief Irwin yesterday said that he would send a large squad of officers to the scene to aid in keeping the crowd back at the start and finish, and this will give the riders and officials a much better chance than ever before.

The course can be most easily reached by the Troost avenue cable line, but the Vine street line is not far distant, and in order to take care of the crowd after the race Superintendent C. F. Holmes, of the Metropolitan company, has arranged to have every available car running on the Troost avenue line, and in addition will have extra cars on both the Vine street and Holmes street lines.

TOOK THREE FROM COLUMBUS.

ERRORS HELPED THE BLUES TO WIN OUT YESTERDAY.

Daniels Pitched Good Ball and Manning's Men Fielded Well Behind Him—Welch Was Hurt, but Blues Caught Perfectly.

Columbus, O., May 29.—(Special.) Beswell, the elongated college twirler, should have won his second game from the Blues to-day, as he held the hard hitting Westerners down to five scattering hits, and four of these were made by pitchers, who were filling in various positions. As there are two hard games ahead of the Blues at Indianapolis to-morrow, Manager Manning sent Pitchers Barnett and Devlin and Catcher Lake over to the Hoosier capital on a noon train in order to give them a good night's rest, as the team is obliged to depart on a late night train, and the manager intends to have a fresh battery, even if the balance of the team is jaded.

In the second inning Welch received a nasty foul tip on his right thumb, which lacerated that member wide open, and it will be many days before he can come in the game again. "Hunky" Hines donned the mask and protector, and went right along like a man who had never been out of practice in that position, his work being faultless and his throwing to bases equal to the best. Callahan went to right field, where he made a pretty catch, and did almost as well as "Tub" with the stick, securing a single and a double. It was really Columbus' game, as they earned two runs in the second inning on hits by Herron, Sheehan and McCormack, and some reckless and daring base running by the old Kansas City belter.

The Blues could do nothing with Beswell, but Sharp and McCormack handed the game to them by rank errors.

INTERCOLLEGIATE ATHLETES.

Results of Trial Heats on Manhattan Field Yesterday.

New York, May 29.—The trial heats in several events on the programme of the twenty-first annual meeting of the Intercollegiate Association of Amateur Athletes were brought off this afternoon at Manhattan field. The weather, track and infield were fine class. The attendance was anything but flattering to the collegians, and as only eight men responded to the call of the starter in the high and low hurdles, these runs were postponed until to-morrow, the noticeable absentee from the hurdles is Stephen Chase, of Dartmouth, who injured himself in the New England Intercollegiate games last Wednesday, having these events almost at the mercy of Yale.

Weffers, of Georgetown, who holds the world's championship for the sprints, won his heats in 10 1-5 and 23 seconds easily.

E. P. Davidson, of Rochester, surprised the talent by his good work in the quarter-mile half mile trials. Burke, of Boston, won his heat in the quarter, and the meeting between Davidson and himself in the final tomorrow should prove to be a very close and interesting contest.

Sheldon and Mitchell seem to have the broad jump secured (for Yale and H. Sheldon looks to have a sure thing in the shot putting contest, with Woodruff, of Pennsylvania, as his most dangerous opponent. The greatest surprise of the day was the poor showing made by Buchholz, of Pennsylvania, in the pole vault. He won this event last year and holds the intercollegiate record of 11 feet 2½ inches, which height was also reached by W. W. Hoyt, of Harvard and Yale previous meet. In fairness against the spirits of the Pennsylvania celebration were considerably dampened when Buchholz failed at 10 feet 6 inches.

This event was supposed to be as good as won for Pennsylvania, but it now looks as if O. E. Smith, of Columbia, and Stewart, of Pennsylvania, may divide the honors.

Maher-Slavin Fight Postponed.

Long Island City, N. Y., May 29.—At 8:25 o'clock Charley Harvey, the Eureka Athletic Club's announcer, entered the ring and said that owing to a delay in the court room, where the principals and the main attraction scheduled for to-night were detained by the absence of the complainants, the Maher-Slavin bout would be postponed until next Friday night. Return checks good for that night were offered, with the pledge that if the bout did not then come off, arrangements for the return of the money would be made.

THE CHANGE OF LIFE.

Intelligent Women Prepare for the Trying Ordeal.

A Time When Women Are Susceptible to Many Dread Diseases.

The anxiety felt by women as the "change of life" draws near, is not without reason.

When her system is in a deranged condition, or she is predisposed to apoplexy, or congestion of any organ, it is at this period likely to become active and with a host of nervous irritations, make life a burden. Cancer often shows itself, and does its destructive work.

Such warning symptoms as sense of suffocation, headache, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, dizziness, etc., are promptly heeded by intelligent women who are approaching the period in life where woman's great change may be expected. Thousands at this critical time consult Mrs. Pinkham, and conduct their habits according to her advice, and with the Vegetable Compound go through that distressing time with perfect safety and comfort. Mrs. W. L. Day, of Bettsville, Ohio, says:—

"When all else failed, Lydia E. Pinkham's Vegetable Compound saved my life. It carried me through the change of life all right, and I am now in good health. It also cured my husband of kidney trouble."

ATHLETES WILL MEET TO-DAY.

Contest at Y. M. C. A. Park Between Kansas University and Y. M. C. A. Track Teams.

The athletic contest between the track teams of Kansas State university and the Y. M. C. A., of this city, which was postponed from last Saturday, will be held at Y. M. C. A. Athletic park to-day. The winners of the recent preliminary field day contests, held at Lawrence, will represent Kansas university, while Pierce, Charles and Edward Anschutz, George Smith, Moser, Kirk, and A. J. Chick will be among the representatives of Missouri. Cock holds the state championship for all around athlete, as he made the highest score at the last state meet, with 32 out of a possible 50 points. It is thought he will win his share of the events in this contest.

The events will be 100, 220 and mile runs; running broad and high jumps, hurdle racing, shot putting and hammer throwing. This is the first appearance of the Kansas university team away from home. They will arrive in a special car at 9:45 this morning, and the programme will commence promptly at 10:30 o'clock.
