A STRONG LECTURE

Mrs. Callie Howe Addressed the W. C. T. U. Convention Yesterday.

The eleventh annual convention of the W. C. T. U. of Oklahoma now in session in this city is progressing finely and proving a most interesting meeting. The business of the session yesterday was altogether routine.

Mrs. Ferguson, the territorial president, delivered her annual address during the last part of the afternoon session. She reviewed the work of the Union in Oklahoma during the past year and showed the big growth it has made. Twenty-five new organizations with a membership of 500 were organized during the year. In Woods county alone thirteen unions were organized.

The lecture of Mrs. Callie H. Howe at Kanza City, the national organizer drew a large audience last night. The First M. E. church was crowded with people anxious to hear her. She is a genial and fluent speaker and quite entertaining. She gave a strong address upon the aims of the Union's work and created new enthusiasm for continued work in its line. She will lecture again tonight.

Today was the closing day of the convention and all the delegates were busy finishing its work. Each one is loud in praise of the kind treatment and friendly hospitality extended them while here. This afternoon from 5:30 to 6:30 the ladies of the city federation of women's clubs gave a nice reception to the delegates at the home of Rev. and Mrs. W. C. Miles.

Following was the program at today's session.

Morning Session.

Devotional Exercises, Mrs. Hemmen, Chandler.
Reports.
Purity, Mrs. Ida Lindsay, Okarche.
Press Work, Miss Tina Lost, Delta Roma City.
S. S. Work, Mrs. V. E. Young, El Reno.

Report from committees.
Adjournment.

The program for this evening's session will be as follows:
Music.
Devotionals, Mrs. Ora Morgan Perry.
Music.
Lecture, Callie H. Howe.

PROSPEROUS CONCERN.

Music House of E. H. Knauss Grows With Guthrie.

Speaking of the rapid growth to Guthrie and her diversified interest, there is not a business house here that has made greater strides for large business than the piano and music emporium of E. H. Knauss. There is never a week that Mr. Knauss does not add to his large stock new things in musical instruments and sheet music. He also carries the largest stock of sewing machines in Oklahoma. He has recently received some new patterns in organs and pianos. The new Kimball piano unpacked this week is a marvel of workmanship, tone and style.

N. W. NORMAL EQUIPMENTS.

Professor James B. Ames, president of the Northwestern Normal at Alva, was a visitor here yesterday evening. He was returning home from the meeting of the board of regents at Edmond. The board ordered the purchase of two organs, concerning pianos for the musical department of the school. Prof. Ames says the school is growing rapidly and is in a most prosperous condition.

MUST KEEP IT UP.

One step won't take you very far
You've got to keep on walking.
One word won't tell folks what you are
You've got to keep on talking

One look won't make you very tall.
You've got to keep on growing
One little ad won't do it all.
You've got to keep em going.

WANTS HIS COMMISSION.

Judge G. S. Fenton commenced suit today before Judge McCarter against John J. Nelson. The Judge is suing for a commission made in the sale of a farm for Nelson. The farm was sold and Fenton claims he made the sale. He has never received any commission for his labor, so he farmer claims.

REPORT GOES EAST

The annual report of Gov. Barnes to the secretary of the Interior has gone to Washington today. It contains twenty-two words synopsis of every subject of interest in the territory and is nicely illustrated.

John P. Donahue returned today from a trip to his home at Medford.

MIXED SCHOOLS

Advocated by Delegate Flynn, According to Records.

Oklahoma City, Okla., Oct. 4.—The meeting of the Bryan, Stevenson and Kolb club was crowded by a larger crowd than any previous meeting, the private office room being packed and great numbers of people being turned away for want of room.

The meeting was addressed by Col. Randolph R. Forrest of Mt. Ross, and Hon. Bill Cross, of Oklahoma City. Col. Forrest was the first speaker and he talked more than two hours. He held the closest attention of his audience throughout. His speech was an able one and touched all of the issues both local and national. He quoted from the Congressional Record to prove that Flynn had advocated mixed schools for Oklahoma and had introduced a bill in congress which provided that the constitution of the state of Oklahoma should guarantee to any child the right to attend any public school in the state.

At the close of his speech Col. Forrest was given a vote of thanks for his very entertaining and instructive address.

WHAT THE MINERS WANT.

The demands of the Pennsylvania miners may be summed up thus:

Wages to be paid semi-monthly in cash.

An advance of 10 per cent in wages less than $1.50.

An advance of 15 per cent in wages of $1.50 and less than $1.75.

An advance of 10 per cent in wages of $1.75.

Abolition of sliding scale of wages.

Abolition of the company doctor system.

A ton of coal to be actually 2,240 pounds, and not as now, over 2,000 pounds.

Price of powder to be $1.50 per keg, and not as now, $2.50. The company sells it for 90 cents.

Those of us who do not mine for a living will wonder what there is excessive in the demands relating to powder, the company store and the screenings. Pennsylvania was ever the home of the protected manufacturer and rabid tariff baron. The country will pay dearly for its tariff sugar, coal and iron.

A big scrap-sackful of late national Cyclopedia, brand new, for $10 each. Address, "W. C. T." care Leader.

10 Magazines for 25 Cents
