Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.

GERMANS EXCEL IN NUMBER OF PRISONERS HELD

IN YEAR 2,658,000 OF ENTENTE ALLIES GRABBED BY TEUTONS

Berlin, Aug. 1.—The German government has issued officially the figures relating to the conquests at the end of the second year of the war in a statement which reads:

"The central powers occupied 127,000 square kilometers against 189,000 a year ago. The enemy occupied 227,000 square kilometers, against 111,000 a year ago.

"The central powers, Bulgaria and Turkey captured 2,658,000 enemy soldiers, against 1,935,000. Of those taken prisoner by the Germans, 3947 officers and 218,000 men were French, 9019 officers and 1,202,000 men were Russians, and 947 officers and 30,000 men were British.

"The war booty brought to Germany, in addition to that utilized immediately at the front, comprised 1,934 cannon, 4,700,000 shells, 5,450 machine guns and 1,556,000 rifles.

"According to the list of statistics of German wounded soldiers 50.2 per cent returned to the front, 4.4 per cent died; the rest were unfit for service or were released. The military measures of the central powers, in consequence of vaccinations, were never disturbed by epidemics."

Biliousness and Stomach Trouble

"Two years ago I suffered from frequent attacks of stomach trouble and biliousness," writes Miss Emma Verbecke, Lima, Ohio. "I could eat very little food that agreed with me and I became so dizzy and sick at my stomach at times that I had to take hold of something to keep from falling. Seeing Chamberlain's Tablets advertised I decided to try them. I improved rapidly." Obtainable everywhere.

GIRL BRIDE SAYS PARENTS GUILTY OF KIDNAPING

HUBBY A CAPTIVE AND 16-YEAR-OLD WIFE WANTS HIM FREED

New York, Aug. 1.—Romance of another kind, besides that which has been the sensation and subject of discussion at a disrupted bridegroom, Caroline Aunt Hatie and a gold [illegible] attorney at law, are coming to the rescue.

This romance of Eddie may read the story of the young Edmund Mason Town and again it may not. For behind, as love sets fast here is the sensation and unusual occurrence of a disrupted bridegroom, Caroline Aunt Hatie—Mrs. Hattie E. Manning to her godmother. The lawyer for the time being is anonymous but active.

Children Were Married.

Details of the dramatic sensation to the romance are Mr. and Mrs. Edmund Mason Town, Sr., and their children, whose sections are under control of the Town. The lawyers, aunts, the father and the mother are active behind the romance of Eddie and Caroline, which climaxed recently when the children fleeing themselves to Crown Point, and in that late Gretna Green were joined in the bonds of wedlock.

The parents of Eddie seek to have the marriage annulled. Mr. Town, the elder, an instructor in Crane Technical high school and wealthy real estate owner of the west side, is keeping the youthful bridegroom in hiding much to the distress of the bride. She says it's an act and not case of kidnaping.

"Nothing to do, positively not a word," admonished Mrs. Town.

"But where is Eddie?" They say he has been kidnaped.

And the speaking tube was disconnected.

Neighbors, who are taking an active interest in the development of the romance ever that Eddie is secured safely within the walls of his own apartment, under mamma's watchful eye.

Won't Give Eddie Up.

"They have induced my husband to sign something or other which means that he is willing to give me up," asserted Caroline with a consciousness of her "no husband." "But they can't do that. We were married in Indiana. Besides, I'm not going to give Eddie up. As soon as Edna gets out of their power he'll come and claim me."

Mrs. Manning asserted every legal right will be exercised to protect her niece.

"Our attorney has the matter in charge," said she. "The story—I hard to last night sought to borrow a nickel to ride to the river and end her life is all a mistake. No such thing happened. I can't imagine how such a tale originated."

"Kill myself," interrupted Caroline scornfully. "The idea! I'm going to find Eddie."

APPLAUSE FOR KING PAID FOR BY GERMANY

(By Associated Press.)

Athens, Aug. 1.—A dramatic moment marked a military horseshow given recently in the stadium. The jumping and riding exhibitions were over. The white-haired veterans had taken off their steely mail. The royal officers and two regiments of soldiers were drawn up before King Constantine and Queen Sophia to ring streets full scope. Royal songs sweet sweet as its enough. There then came out about the exploits of Constantine Paleologus, Emperor of Byzantium.

Even Demosthenes, who could not make stand the words, there was soul-lifting stirring in the martial tones. And when a thousand voices rang out: "The Warrior King Unsheathes His Sword," suddenly the whole mass concentrated the gleaming steeds of the stadium rose as of one and also applauding shrill out: "Yes! yes! the Warrior King Will Unsheathe His Sword" and craning their necks to see their sovereign, their warrior king of today.

Constantine I sat erect and rigid in his sword, while unbroken a handsome martial figure slipped. He heard but he made no movement. His left hand grasped the hilt of his sword. But the sword remained unsheathed and the song went on. Only when the King had gone and the crowd was hearing down the stadium run in front of the royal residence some man shouted that it was shameful that the applause for the King had been paid for by German money.

A crowd gathered instantly. There was a shot. An officer cut the man who had shouted in the head with his saber. A scene of secret police sprang up in a moment and the offender (not the officer) was hustled off through an unfinished building down back streets, to jail.
