Called Back

At last after two years of silent plugging in the obscurity of the minors dug out Jim Thorpe is to get his chance as a regular player on McGraw's top line. Thorp was pulled down from the height of his fame as an athlete to a place on the New York bench where he was being forgotten. It must have been galling to the Indian as he sat there through two long seasons with the scenes of his former triumphs as the world's greatest athlete flitting before his eye.

But in these two years McGraw has made a finished player out of him. He needed plenty of polishing when he first joined the team. But his wonderful knack of being able to master all kinds of sports to a superlative degree has aided him to blossom out as a big league star. Thorpe's batting has been the sensation of the training camp siege, and as the fans all like hitting, it looks as if they were going to like Jim.

He will probably play right field.

BIG FIGHT WILL BE HELD MONDAY

Johnson-Willard Battle is Postponed for a Day on Request of President of Cuba.

HAVANA, March 27.—The fight between Jack Johnson and Jess Willard, which had been scheduled to take place here on April 4 for the heavyweight championship of the world has been postponed until Monday, April 5, at 12:30 p. m.

The postponement was due to a request made by President Menocal of Cuba. In a letter to the fight promoters he said that great objection had arisen in Cuba and the United States to the fight taking place Easter Sunday, a holy day, and he requested that the event be postponed until the day following. A meeting of the principals and promoters was held at once and the request of President Menocal was acceded.

Americans here have been surprised at the opposition in Cuba to holding the fight on Easter Sunday. The promoters were assured that at least 5000 more people would attend any day other than Easter. The date originally was set for April 5, but was changed to Sunday at the request of several Havana associations. Both pugilists say the change will not upset their training as they have had a full week's notice.

Light road work was the only feature for the forenoon at the two camps.

It is probable April will be made an official holiday. Havana merchants and others reciprocating in this manner for the change in date.

GIVE MERCHANTS RACING TICKETS

Association Perfects Plan Which Will Lessen Work and Give Dealers Opportunity to Advertise.

To enable Oklahoma City merchants and wholesalers to obtain tickets for their out of town customers for the automobile speed races to be held here April 20 and 22 the Southwest Auto Racing association has a plan that will take the distribution of these tickets out of the hands of the promoters and at the same time will give the city merchants an opportunity to advertise and get better acquainted with their customers.

The plan as outlined is to give each merchant and wholesaler a number of tickets, and let him, through letters to his customers tell them of the races and offer to make reservations for them. The money for the tickets will go direct to the merchant and he will turn it in to the association after the required number of tickets is sold. But a limited number have been made for the grand stand or parking spaces and those who come first will be the first served according to the plan of having no reserved seats. The tickets will be placed in the hands of the merchants who desire them.

SUPPOSE GIRL DEAD

The County Attorney's Office, However, Has Received No Official Notice of Harguerite Ellis' Death.

Marguerite Ellis is not dead. At least no such word has been received at the county attorney's office, where they are waiting to file charges of murder against D. V. Monroe, now out on bail on a charge of having assaulted with the intent to kill.

"We have heard that the girl is dead," said Assistant County Attorney Hilprit this morning, "and we will file charges just as soon as we receive authentic information of her death, but we could not file such charges against the man unless we knew for a fact that she is dead." Mr. Hilprit would not state just when the charges would be filed. Not until proof of the death of the girl is shown, however.

CHANGE FED PLAYERS

Falkenberg Will Remain With Newark Club, But Rauff Goes to Brooklyn; Arrangement Satisfactory to Sinclair.

NEW YORK, March 27.—All Federal league clubs were represented at the special meeting held here Friday to adopt a playing schedule for the coming season. President Gilmore and E. E. Gates of Indianapolis, the league's club to Newark, N. J., had been ratified.

President Gilmore announced that Pitcher Fred Falkenberg would remain with the Newark club but that Benny Rauff, outfielder, would play with the Brooklyn Federals. First Baseman McKechnie, the former Pittsburgh and New American player who had been holding out for better terms signed a Newark contract Friday. Both Rauff and Falkenberg had been slated to go to Brooklyn.

The arrangements as to the disposal of players seemed to be satisfactory to Harry Sinclair of Tulsa, Ok., and P. T. Powers, the owners of the Newark club but the question of an exchange of managers Geo. S. Gatell and Wm. Phillips between Kansas City and Newark, while under discussion, was not settled.

According to President Gilmore's statement Friday night the playing season will begin on April 10, the date originally announced.

OKLAHOMA GIRL DRIVES RACER

Wife of Mechanician Goetz Was Formerly Miss Freeman of Oklahoma City.

SHE LOVES THE RACING GAME

"Harry, this is Miss Pauline Freeman. Mr. Goetz, Miss Freeman," said a mutual friend of the two principals in what was to be a romance of the storybook type. The date was 1912, the place the Kingkade hotel in Oklahoma City, and the principals, Harry Goetz, mechanician for Barney Oldfield, the master driver of the world, and Miss Pauline Freeman, telephone operator at the hotel.

"The introduction was very commonplace from some standpoints," said Goetz this morning, "but to me it meant more than I had ever thought an introduction could." Goetz is proud of his automobile-loving wife and to her enthusiasm for automobiles and all things pertaining to speed driving he credits the fact that he is now a married man.

"I was pretty fast when I met the girl who later became my wife," he said. "She loves fast cars but not a fast husband, therefore I continued to ride in the fast cars, but from that time on I have lived about as fast a life as a touring car compared to Barney's racers."

"I came here with Barney in 1912 to race at the fair grounds. We were ready to race when we were denied the use of the track owing to the fact that horse races were to be allowed in place of the proposed auto races. As a consequence Barney went to Fort Smith, Ark., and left me here. I was here about two weeks before I met my wife, and then it was two weeks before she would consent to marry a mechanic, in spite of the fact that I was in a business she loved.

Were Married Quietly.

"I wired Barney that the big ceremony was to come off, and he wired back, 'Wait and get married here, there is big money in it.' He meant that a spectacular race would take place, the bride to be the prize, and that we should be married on the track.

"I fell for it at once, but the wife said 'No.' She insisted that should marry her quietly or not at all. We were here but a short time until I had to join Barney and I didn't hardly get to know my wife's parents. That is why I came here early, to get acquainted with my father and mother-in-law."

Mrs. Goetz is well known in this city, as she was born and raised here. She is a thorough lover of the racing game and rides with her husband whenever she is allowed to usurp Oldfield's place at the wheel or her husband's in the mechanic's seat. According to Goetz she can fix any motor made, is a thorough judge of courses and other matters that a competent mechanic is expected to be familiar with.

Can Drive a Racing Car.

"She could take my place in Barney's car at any time," he said. "She has driven the car at a rate of speed that would give any other woman with but few exceptions, an attack of heart failure, and she can outdrive many men on the race course today.

"Our meeting was somewhat romantic and our marriage, without hardly any acquaintance with her parents, was decidedly so. Of course if we had been married on the race course as Barney suggested it would have been more spectacular, but as it is it was romantic enough for both of us."

Goetz is here as the advance agent for Barney Oldfield, who will take part in the automobile race here on April 22. The three cars that are with the Oldfield troupe will arrive here tonight and will be unloaded and placed on exhibit at the H. M. Sharp Motor Car company, the state agents for the Haynes car, on West Grand avenue, early Monday.

ARM OF LAW TO GET VIOLATORS

Federal Law for Dispensing Morphine Expected to Be Violated When the Novelty Wears Off.

Collector of Internal Revenue Bolen says that by the first of next week his department will have sent out over 5,000 order form books, which doctors, dentists, physicians and veterinary surgeons are required under the new drug law to use. The department is now filling in and mailing over 500 of the new record books a day.

As ten applications is the smallest order which will be accepted, and as each application and its duplicate must be signed by Collector Bolen, it can be seen what a mass of routine work the department has had to contend with. Some of the orders, which must be in multiples of ten, call for a hundred or more application sheets. A fee of one cent each is charged for each application. Over 3,500 have already been sent out and only about 1,000 remain.

Collector Bolen says that some drug stores will probably begin to violate the new law as soon as the novelty wears off, and that the long arm of the law will reach into more than one prescription shop before many week. A druggist dispensing any form of cocaine or morphine without using the regulation order form is liable to a fine of $2,000 or five years in the penitentiary or both.

Official Reports

TURKISH.

CAIRO, March 26.—This official statement on the military situation in Egypt was issued here today:

"The British losses in a skirmish March 23, in the desert ten miles east of Kubri were three men killed and 16 wounded. The enemy left on the field about fifty dead, but succeeded in carrying away nearly all his wounded. Aeroplane reconnaissances show this Turkish force has retreated to Nekhl."

BERLIN, March 27.—The German general staff today gave out a report on the progress of the fighting which reads as follows:

"In the Vosges the French yesterday evening occupied the top of Hartmannswellerkopf, on the edge of a height held by German troops.

"French aviators yesterday threw bombs at Batsumne and Strassburg without doing any military damage. In Batsume eleven Frenchmen were killed and 22 severely wounded.

"A French aviator was compelled to come to the ground at a point northwest of Arras. Russian troops who started from Tauroggen to loot Tilsit in the same way they looted Memel, have been repulsed near Laugszargen. They suffered heavy losses and were driven back over the Jedlorups river.

"Several Russian advances between the Augustowo forts and the Vistula have been repulsed and in some places this fighting continues.

FRENCH.

PARIS, March 27.—The French war office this afternoon gave out a report on the progress of the campaign which reads:

"During the night of March 26-27 the Germans bombarded Arras with shells of all calibre. Fire broke out in Arras, but it was quickly extinguished. The fighting has been going on at La Boiselle under conditions favorable to the French.

"In the Argonne district in the vicinity of Bagatelle, there has been bomb throwing from one line to the other, although no infantry has taken place.

"After an energetic engagement which lasted for several days the French were successful in reaching the heights of Hartmanns-Wellerkopf which they captured from the Germans. The French also made progress on the northeastern and southeastern flanks of the main army, taking more prisoners including several officers.

The Germans have abandoned important war material and left numerous dead on these battlefields. The French losses were inconsiderable.

"A German aviator dropped several bombs on the town of Willer, to the northwest of Thann. Three little children were killed."
