
IT'S ten to one that the Electrically lighted house will be sold or rented long before the one which does not have this modern improvement. "Is it wired for electricity?" is the first question asked by the vast majority of prospective tenants. How will you answer it?

Prepare for the Renting Season

Wire for Electricity

Many real estate men so appreciate the value of Electric Service that they do not attempt to sell or rent a house without first wiring it for Electric Light. See that your property is thoroughly modern; that it has Electric Light before the renting season is upon you.

YARD NOTES—Blaine county furnished most of today's quality porkers; three loads belonging to H. B. Phelps and the lot sold at $7.60@7.70.

Hon. Gilbert, brother of Earl, cashier of the Stock Yards National bank, was here today from Temple, Tex. Both left on the morning train for Chelsea to visit their mother.

Oklahoma should follow Kansas in providing an outlet for its spoiled wheat. In Kansas the 1,500,000 acres of wheat, beaten down by rains and wind, will not be a total loss. Farmers are rushing orders for sheep, and within thirty days it is estimated some million head will be eating this unsellable grain. Some estimate the profits will be greater than had the grain been marketable quality.

Mutton is outstanding pork in the week's pursuit of higher prices. Lambs are now worth $0.50 for the best while swine buffers for the $9 line.

CATTLE MARKET—A sticky but about steady market for a small log of beef cattle today. The count rolled for 350 head, against 298 a week ago. Packers got a few drafts of steers at $6.65 and $6.90, and the market was called barely steady. She stock sold fast as shown, the price basis being steady, some heifers at $7 and cows at $6.25 being tops. Stockers and feeders were steady. Commission houses are getting busy on northern and Oklahoma shippers. The fact that hogs are bringing 30@35c more than at Omaha and all kinds of cattle options much more than we should be suffi- [illegible] inducement to bring everything for [illegible]

KANSAS CITY, Aug. 27.—Wheat: hard $1.08@1.27; 2 red $1.11@1.13.

Corn: 2 mixed 71½@72; 2 white 71½.

Oats: 2 white 38@40; 2 mixed 38@39.

Chicago Grain

CHICAGO, Aug. 27.—Several bearish conditions served to give wheat a tumble today. The market opened ⅛ to 1⅜c low, with September at 96½ to 98 and December at 97¼ to ½. Improved weather was one of the chief influences for lower prices. Though it was cool in the northwest and there was frost in some sections of the belt, the trade discounted reports of damage that caused the excitement of yesterday. Liverpool was easier on better conditions at Winnipeg and this had some weight in this market. The market for a time held within the opening.

Corn followed wheat, improved weather conditions making an easier market. The opening was unchanged to ⅛@⅜ lower, with September at 74½ to ¾ and December at 65⅞ to 66⅛. The market seemed disposed to hold steady at these figures.

Oats held fairly steady after an opening ⅛ to ⅜@⅝ down.

Provisions were fairly active, steadying around opening quotations which were unchanged to 10c higher.

COTTON

New York Cotton

NEW YORK, Aug. 27.—There was a renewal of the buying movement in the cotton market this morning with demand more general than for months past and after opening at an advance of 4 to 7 points active months sold some 12 to 17 points above last night's closing figures during the first minutes. January contracts went through the ten cent level to 10.05 for the first time since the decline to practically the 9 cent level early last July while October sold at 9.95, or more than $2.00 per bale above the low level of last Monday. Prospects for further unsettled weather in the south, talk of an improving foreign demand and expectations of a bullish government crop report were the bullish features.

Realizing and reports of a little southern selling caused only slight reactions after the early advance and the buying movement continued late in the morning with the encouragement of unfavorable weather reports and predictions that the government condition figures on Monday would show a deterioration of at least seven per cent for the month. October contracts sold up to 9.71; December to 9.98 and January to 10.07, or 22 to 29 points net higher.

New Orleans Cotton

NEW ORLEANS, Aug. 27.—The buying movement in cotton was resumed today as soon as the market opened. Cables were better than due, many complaints of crop damage were received from Texas and portions of the central belt and the trade was impressed by strength displayed by southern spot markets. Half an hour after the opening, prices were 10 to 17 points over yesterday's close.

Sensational reports of crop damage from Arkansas and Alabama and reports that foreign interests were buying futures on a large scale caused much covering of short cotton while fresh long buying was in large volume. Toward noon the advance amounted to 45 to 58 points.

Liverpool Cotton

LIVERPOOL, Aug. 27.—Cotton, spot steady; good middling 5.93; middling 5.6; low middling 5.17d; sales 10,000; for speculation and export 1500. Receipts 300. Futures, steady. FINANCIAL

Wall Street

NEW YORK, Aug. 27.—Heavy dealing in coppers constituted the chief feature of today's early trading. Interest converged around Tennessee copper, which closed yesterday at 65—a net gain of 11½ points. Today's first sale was 100 shares at 57½, followed by 1200 at 55@57; later transactions carrying it up to 60½, then back to 59¼. Utah opened at 66½ to 68¾—a maximum gain of 3½. Other prominent issues in the metal group included Butte-Superior, Inspiration and American Smelting. United States Steel opened at a moderate advance, but soon receded. Among the distinctive was issues gains of one to 3 points were made by Westinghouse, American Can, American Car and New York Airbrakes.
