NOTES: Now the war infected into the horse and mule trade this week when the French government and a local dealer entered into another contract for a large number of mounts for the war zone. Major Dee and English buyers are representing the French government. Both the heavy drafters horse and the light carriage mount are much sought after and prices for same are almost as high as paid by previous purchasers.

Continued good rains of common to medium kinds of beef steers, mostly on the fresh order have had a demoralizing effect in northern markets the past week. Best fat stuff has been scarce and the average buy of packers has been low grade 30 per cent of the supply.

The first rain in three weeks visited Oklahoma City last night and was attended by strong winds which almost resulted in considerable damage. It is believed that it was a part of the storm which did great damage in Kansas early Wednesday morning.

Local packers are crying for more fat cattle and must have them to fill orders. Stocker buyers also can use more especially the light specified kinds.

Very little feeding but a lot of stocking is general over the state this year. Many farmer stockman visitors at the yards the past week, the uncertainty of the beef market and an over supply of roughage are given as the reasons.

CATTLE MARKET—Buyers made short work of moving the moderate supply in this division today, practically all of the receipts consisting of the 975 head cows being on first bids. Packers took every thing offered which left but few on the yards outside of Chickasha country buyers. A small number of watered up steers sold to 7.25@7.50. Butcher buyers found a few cows and there everything bringing steady prices for the day and week. Cows and heifers at $7 made top. Stockers and feeders met plenty of life and everything with quality had little trouble in moving while common grades were slow to go but at values and $7.50@8 and everything up to $7 found ready sale. Calves and the market ruled with fresh receipts being small. NATIVE HEIFERS:

CHICAGO GRAIN

CHICAGO, Nov. 11.—Storms in Canada and bullish cables gave the wheat market today an upward swing. Talk of a freight shortage that might cause a bread famine in New York tended also to lift prices. Reports, however, that immediate action would be taken at Ottawa to eliminate the Canadian export duty acted somewhat as an offset. Opening prices which ranged from ⅛@⅜c higher with December at $1.04⅝ to $1.04⅞, and May at $1.06 to $1.06⅛, were followed by a slight further gain, but then a moderate reaction set in.

Liberal offerings from the country weakened corn. After opening unchanged to ⅛@¼c higher, the market receded below yesterday's finish.

Oats merely followed the changes in prices of corn.

Provisions went lower with hogs, but a strong rally caused a rally.

COTTON

NEW YORK COTTON

NEW YORK, Nov. 11.—The firmer tone which developed in the cotton market yesterday was in evidence again this morning and the opening was firmer at an advance of 10 to 12 points, with January selling up to 11.86 and March to 12.07, or about 25 points net above the low level of Tuesday. Higher European cables, coupled with reports of an improving export demand and private quotations of a wet forecast for Northwest Texas, Oklahoma and eastern Arkansas, promoted the rallying movement.

Houses with continental connections were moderate sellers, however, and the advance also seemed to attract considerable realizing, and the early fluctuations were somewhat irregular.

Reports that the Sixth cotton call to be issued by the military dictator, seemed to contribute to the early advance, as did exaggerated notions concerning interference with European importations of Indian cotton. Buying was also encouraged by the official western bull forecast for freezing temperatures in parts of Oklahoma, and the market sold about 12 to 16 points net higher during the morning with January touching 11.90 and March 12.12, or half a cent above the recent low level. Trading was less active later with prices coming back to a net advance of six points only in the last hour.

NEW ORLEANS COTTON

NEW ORLEANS, Nov. 11.—Unsettled weather conditions over the south caused more higher Liverpool than was expected. Heavy trading and a large demand at the opening of the cotton market added to the first half hour of business in which values 14 to 19 points over yesterday's close.

LIVERPOOL COTTON

LIVERPOOL, Nov. 11.—SPOT—Cotton steady; good, 7.32; middling, 6.981; sales, 6,000; for speculation and export, 1,500; receipts, 10,000. Futures very steady. Pleased With Times Want Ad

REGAL HOTEL
(EUROPEAN)
Phone 6931—WALTER J. MASON, Proprietor.

November 9, 1915.

The Oklahoma Times,
Oklahoma City, Okla.

Gentlemen:—For several years I have been a great believer in advertising and I want to say just a word for the splendid demonstration of the efficiency of Times want ads as was exemplified in the little eight line ad I inserted a week ago today.

Since that time I have seemingly procured a greater volume of business than the hotel has enjoyed during the past three years, and taking pains to inquire of my patrons who recommended them to me, I find that the greater percentage of my business, especially the regular roomers can be directly attributed to said ad.

Whenever the people respond to classified ads in such a manner as this I consider it ample proof that the paper is read and re-read by thousands of people each day.

Hereafter when I have a vacant room I will know that all I have to do is call P. B. X. 36 and insert an ad in The Times.

Very truly yours,
E. T. HULL,
Proprietor Regal Hotel

Sales were in large volume and advances range from a point to a point and a half. Steel made an initial rise of 3 points, but lost a fraction of this later rising to a net gain of 1 point. Reading and Canadian Pacific rails were strong.
