SHACKELFORD COUNTY.

The "Nesters" and Wire Fences—Local and Social Dots at Albany.

Correspondence of the Gazette.

Albany, July 14.—Trouble is anticipated in this and adjoining counties between the stockmen and the "nesters," growing out of the extensive wire fencing that is being constructed by the former. Some of our stockmen in the neighboring county of Stephens have already suffered severely, one man having had twenty-eight miles of fencing cut in one night. A gentleman by the name of Bull, who resides in the southeastern portion of this county, has also felt the avenging spirit of the wrong-doers, who cut his fence while the workmen employed in its erection were absent at dinner. This is certainly a bad state of affairs and should be met with summary justice. It is true that there are grievances on the side of the "nesters," whose stock sometimes come in contact with the barb-wire and suffer in consequence, but it would seem to be a poor policy to resort to wanton destruction of property to remedy the evil. The courts are open for all who feel themselves aggrieved, and it would certainly be the wisest way to settle the matter.

We learn that L. M. Kener, who has for sometime been employed in F. E. Conrad's mercantile establishment, will soon open a gents' furnishing house.

The commissioners court was in session to-day, to hear any complaints that might arise from the equalization of taxes.

Copious rains have fallen in this section since my last communication, giving a new impetus to grass and late crops.

A large and enthusiastic crowd, armed with fishing tackle, repaired to the country yesterday and made a successful raid on the finny tribe, after which a good old-fashioned dance was indulged in till a late hour. The only accident of the occasion happened to a disciple of Blackstone, who became so interested in the proceedings that he took a flying leap off a ten-foot bank into the water, which slightly disfigured his personal appearance.

The vote to incorporate for school purposes was taken yesterday without a dissenting voice. Propositions to build a school-house will soon be in order.

Our town is growing rapidly into prominence and is fast assuming the air of a little city. Almost every day witnesses the laying of the foundation of a new structure.

This is an unusually prolific climate if we are to judge from the number of infants that have been registered during the past week.

From the number of strangers in town enquiring for land, we would say that the spirit of speculation is abroad in the land.

Any "doubting Thomas," who thinks that Shackelford is not a fine farming country, should visit this section and feast his eyes on the fine wheat, corn, oat and millet crops that are being harvested this season, the "*Stock Journal*" and the *Wool Grower* to the contrary notwithstanding.

A positive cure for malarial poisoning, chills, fever and ague, is found in Morse's Ague Magnets. Only 50 cents per box. Sold by L. N. Brunswig & Co., Fort Worth, Texas.

Goats for Sale.

We have the following described goats for sale at a great bargain within a few miles of the city:

1600 breeding nannies.
175 kids from six to eight months old.
125 yearling wethers.
250 improved billys.

For further information call on or address W. L. Bentley with Texas Investment Company.

Attention Subscribers.

The drawing for the gold watch, to be given to the city subscribers, is just one month from the 1st of July. Do not forfeit your chance by neglecting to pay promptly. Tickets will be given to each subscriber when he has paid up to the appointed time. No one will hold a ticket who does not pay up in full between this and the drawing.

JAS. T. MELTON,
City circulator.

Mr. A. F. Lumm, of Fort Bend county, Tex., writes: "MORSE AGUE MAGNETS have cured my entire family of chills and fever, and that none should be without them who are suffering with malarial troubles in any form." For sale by L. N. Bruswig, Fort Worth, Texas.

The St. Charles Hotel has been refitted and refurnished by Dr. Stewart, and is now open for the public. Charges reasonable.

EASTLAND COUNTY.

The New Teacher at Cisco—A Good Outlook for General Prosperity.

Correspondence of the Gazette.

Cisco, July 13.—The board of school trustees to-day employed Prof. John M. Summers to take charge of the public free school at this place for the ensuing ten months. There were quite a number of applicants, but after a rigid examination, lasting nearly two days, and a close scrutiny of credentials the selection was made as above. Prof. Summers was superintendent of public schools at Bolivar, Mo., during the past year, and comes highly recommended as an educator. The two assistants necessary will be employed in the near future.

The school board also awarded the contract to-day for erecting a school building, consisting of three rooms twenty-four by thirty feet, each to Messrs. Green and Huddleson, for $1,343 and to be completed and ready for occupancy by the first of September. Hon. J. K. Fleming pays $100 toward the school building and $100 to the teachers salary, in addition to the tax. We anticipate a prosperous scholastic year under the excellent school system.

Mr. W. D. Chandler has exchanged his city property in Cisco for a flock of sheep, but we do not lose him as a citizen.

The spirit of improvement received quite an impetus from the late rains. Several business houses and a number of dwellings are going up. Real estate is firm, with quite a number of transactions in that line. Business generally is very good.

Several religious revivals are in progress in various portions of the county.

Everything and everybody wears a cheerful look in these ends of the earth.

We like the decided stand taken by the GAZETTE in supporting the city attorney in trying to enforce the Sunday and other laws.

FACT.—With the stomach disordered, tongue coated and furred, heated fevered breath, and constipation, how can you expect to feel well? Acker's Dyspepsia Tablets will remove each of these troubles and let you enjoy the good things of life. Sold by L. N. Brunswig & Co

List of Letters
