the Gazette.

WICHITA FALLS.

a Falls, August 14.—A very e was polled here, but that for education and progress. amendments carry by a vote to 10 against, and Wichita corporates herself for school by a sweeping majority.

HILLSBORO.

ro, August 14.—The day quietly, with but little in- ing taken in the election. votes were polled, 118 of re cast for the amendments ainst them.

LONGVIEW.

iew, August 14.—The election the constitution passed off only 48 votes being polled following result:

endment, section 4, article 7, 44, for 76.

CAMERON.

eron, August 14.—Very litt! interest was manifested in the vote on the constitutional amendments here to-day; 75 votes for the amendment and 29 against.

TEMPLE.

Temple, August 14.—Temple to-day distinguished herself by a trial of numerical strength with her older but not more energetic sister, Belton. The prize was the county seat for Temple, if a two-thirds majority of votes could be had. The vote in Temple stands at present count 533 in favor of Temple; in favor of Belton 13, thus showing a solid vote at Temple for the removal of the county seat from Belton to Temple. The day passed off quietly, the people all paying attention to business.

BELTON.

Belton, August 14.—This being the day set apart for the election to decide the location for the county site of Bell county, many rural faces were to be seen grouped about in anxious conversation with our citizens apparently as deeply interested in the issue as though it were some great national event. The returns thus far give Belton an overwhelming victory, and our property holders are jubilant. Considering the relative age, population and natural advantages, of Belton and Temple respectively, a different result would have been marvelous. This virtually settles the county seat question for all time to come.

The constitutional amendments also were carried by a large majority.

TYLER.

Tyler, August 14.—The election to-day excited no interest whatever, and a very light vote was polled. This precinct gives about 200 majority against the amendments, and it is probable that the county will go largely against them.

AUSTIN.

Austin, Aug. 14.—Only five voting places open in the city to-day. These polled 187 votes; 137 against and fifty votes for the amendments, and the country precincts to be heard from.

ROUND ROCK.

Round Rock, Aug. 14.—The amendments were carried in Round Rock precinct to-day by eighty-three majority.

BRENHAM.

Brenham August 14.—The election passed off very quietly, only about 12 per cent. of the voters voting. One poll was opened in the city. 200 in favor and 12 against the amendments. No interest was manifested.

LAREDO.

Laredo, August 14.—The election today for the adoption of the constitutional amendments passed off very quietly. The saloon men forgot to close up until 1 o'clock. Only about 40 votes were polled, all for the amendments.

CORPUS CHRISTI.

Corpus Christi, August 14.—But little interest was felt in the election today in this city. Not over 100 votes were cast and they were nearly all for the amendments.

JEFFERSON.

Jefferson, August 14.—The drouth has prevailed to a fearful extent today; saloons were closed and the election law strictly observed. A very meagre vote throughout Marion. Politicians and business men took but little interest in the election. The amendments will undoubtedly receive a three-fourths majority.

SAN ANTONIO.

San Antonio, August 14.—The city vote on the constitutional amendments was very light. Section 4, article 7, received 293 for to 61 against; section 6, same article, 131 to 26; section 9, article 7, 317 to 59; section 3, same article, 314 to 62; article 5, 346 to 39.

GALVESTON.

Galveston, August 14.—The election on the constitutional amendments occasioned little interest here. Probably not over 150 votes were cast, two-thirds of which were against the amendments. The expense of each ballot deposited was about $1.25.

JEFFERSON.

The Haughn Investigation--Raiding the Moonshiners.

Special to the Gazette.

Jefferson, August 14.—Mr. Weegard, who came here to examine into the alleged lawlessness of this section and the charges preferred against Hon. Ed. Guthridge, United States attorney for this district, after a short absence, has returned, and the examination was this morning resumed. Mr. Weegard is fresh from the department of justice in Washington, and it is clear the direct investigation could not not have been entrusted to abler hands. He is thoroughly versed in the intricacies of his profession, and while urgent in his duty is quite courteous. Some of our county officials, the ex-mayor of this city and other prominent citizens have been before him, some by request and others of their own accord. No effort has been made to forestall or bias the operations of Mr. Weegan. A glance at his face would convince even the unlettered that toadyism would meet with no toleration. Several ex-Union soldiers, residents of this city, have testified that they never lived in a more orderly or quiet community than Jefferson. Many colored men, who were once among the leaders of the Republican party, have been before the tribunal. The nature of their testimony is not yet known. It is clear that this keen, shrewd, polite and accomplished agent of the government was not sent here on an idle errand. The assassination of Judge Haughn, the alleged malfeasance of United States District Attorney Guthridge and the condition of this section generally will receive attention. The investigation is going on in one of the United States court rooms. Such of it as is deemed important is reduced to writing as taken.

A party of armed men left here yesterday morning under command of a United States Marshal from Louisiana. It is reported that some memorable moonshiners on the business line are the object of the raid.

Five or six picnic parties went down to the lake this morning. Among them were the saloon keepers. They had inscribed on their banner, "Election day; closed from eight to six."

Foreign Tourists.

Chicago, August 14.—A party of foreign officials and Eastern business and professional people, en route for the Yellowstone Valley, under the guidance of Rufus Hatch, arrived here this morning, and depart for the north next Thursday.

ROUND ROCK.

Dry Weather--Rumored Railroad Extension--A New Wire.

Special to the Gazette.

Round Rock, August 14.—The cotton crop is failing fast on account of no rain.

There are rumors of the Georgetown Tap being extended to Lampasas at no distant day.

The Western Union company are putting up the third commercial wire along this division.

HILLSBORO.

Dry Weather and Suffering Crops—Returned Home.

Special to the Gazette.

Hillsboro August 14.—The weather is dry and cotton is suffering. Boll worms are reported in some portions of the county.

Miss Fannie Tarlton has just returned from an extended visit to Louisiana, and is receiving the congratulations of her many friends.

SAN ANTONIO.

Marriage of Charles Hubbard to Miss Ella Platte.

Special to the Gazette.

San Antonio, August 14.—Chas. G. Hubbard, the well-known representative of Denny, Rice & Co., wool commission men of Boston, was married here to-day to Miss Ella W. Platte.

ABILENE.

Sale of Sheep—The Market Reviving.

Special to the Gazette.

Abilene, August 14.—James Holland, presiding officer of Stinchcomb, Davies & Lambeth, sold 1,000 ewes to-days at six dollars per head. The sheep market is reviving here.

THE LABOR COMMITTEE

Still Enquiring Into the Rights and Wrong of the Telegraphers.

New York, August 14.—The United States senatorial sub-committee on labor and education reassembled today. John F. McClelland, member of the Brotherhood of telegraph operators, resumed his testimony. He said the estimated cost of a telegraph line 1500 miles long would be $725,965. Telegraph operators were generally young men and lived in boarding-houses. They usually came from the better classes of society. The morality of the operators, as a class, had greatly improved within the last ten years, and this was one result of the organization which has been effected. Most of them were single, but some of them were married men. Witness thought fifty dollars per month was reasonable for food and lodging per month for a single man. Only one in a hundred had any money. The highest paid operators did not receive enough to enable them to lay by anything for their support in old age. In 1880 the Western Union company required every man coming into the employ to take oath that he would never connect himself with a trade or labor organization. This was called the iron clad oath, and was administered to every person who took part in the strike in 1870. After the existence of the Telegraph Brotherhood was made known recently, the railroad superintendents issued a circular which was sent to every employe of the company, forbidding him to connect himself with the organization under penalty of dismisal. Day operators worked from 8 a. m. to 8 at night, and had but two or three hours to devote to amusement. Night operators had more time at their disposal. No such thing as recreation was known in the telegraph business.

THE TELEGRAPHERS.

A Day's Budget of Western Union Statements—Hashed and Rehashed for the Public Eye.

Cincinnati, Aug. 14.—Two striking operators returned to work in the Western Union office here this week and one first-class operator was obtained from St. Louis.

WIRES CUT.

New York, Aug. 14.—The Gould Stock Telegraph company announces that all its wires have been cut this morning. It expects to get them in working order by noon.

TRANSFER OF OPERATORS.

Washington, D. C., August 14.—The Mutual Union Telegraph office in this city was closed to-day and is being dismantled of its telegraph operators. The operators have been transferred to the Western Union Main office.

A WESTERN UNION BULLETIN.

New York, August 14.—The strike of telegraph operators presents no new features to-day. Somerville, of the Western Union said 126 wires of the Gold and Stock Telegraph company, which supply the most of the circuits to brokers' offices down town, and which are carried through Church and Rector streets in seven cables suspended under the elevated railroad girders, were all cut last night in such a way that the wires cannot be connected again at the point where served. Temporary connections have been made with other lines, and the company hope to be able to repair the the balance to day. A dispatch received by the company to-day states that the New Orleans telegraphers were weakening.

SPORTING.

Slade in Training for His Coming Match With Mitchell.

St. Louis, August 14.—Slade, the pugilist, accompanied by Jack Brighton, his trainer, and Rice, his manager, arrived at Independence, Mo., yesterday, and will go into training at once. Private advices are said to have been received here stating that the mill between Slade and Mitchell will be fought at Vinita, Indian Territory.

A PRIZE FIGHT.

Hunter Point, L. I., August 14.—A prize fight took place between Dempsey, of Brooklyn, and Trumbull, of New York, about 4 o'clock this morning. Twenty-three rounds were fought, and Dempsey was declared the winner. There was a large attendance of New York sporting men.

SARATOGA RACES.

Saratoga, August 14.—The weather was fine and the attendance very large. First race, Kentucky stakes, three-fourths of a mile. Welcher won; Parique, 2d; Barton, 3d. Time, 1:17¼. Emigrant was scratched.

Second race, grand prize of Saratoga, handicap sweepstakes, for all ages, one mile and three-fourths, won by Mediator; Gen. Monroe second; Blazer 3d. Time, 3:04¼.

Third race, three-fourths of a mile, for all ages, won by Force; Alexander second; Lord Lyon third. Time, 1:15¼.

ANOTHER MILL.

Pittsburg, August 16.—A prize fight between William Wagner of Pittsburg and Albert Connauck of New York, was fought this morning at Whitehall, a few miles from this city, resulting in a victory for Connauck, who knocked Wagner out in the fourth round.

Stocks opened ¼ to 1½ lower than close last night for general list of active stocks, the largest decline being in Wabash preferred and Omaha preferred. The pressure to sell was at first only moderate but was soon increased by heavy short selling directly against Lockawanner, St. Paul, Northern Pacific preferred, Oregon & Transcontinental, Lake Shore, Union Pacific and New York Central. The effect was to bring out pretty large amounts of long stock of the list above, under which they all declined, carrying the rest of the market with them and causing considerable amounts of other stocks to be thrown upon the market. Among these was Burlington & Quincy, which declined 2¼ on sales of only about 1,300 shares, which was probably nearly all long stocks. The extreme decline was reached about 12:30 o'clock, at which time a decline on Oregon & Transcontinental was 4½, Burlington & Quincy 2¾, Jersey Central 2½, Northern Pacific, common and preferred, 1½, Pacific Mail 2, St. Paul 1¼, Western Union 1¼, Lockawanna 1½, Illinois Central 1¼, Lake Shore 1⅝ and Wabash 1⅝. From this extreme decline there was a general and very rapid recovery by 11 o'clock, ranging from 1 to 5 per cent., the latter on Oregon & Transcontinental to 1 61½, and from that time until 12 o'clock the market continued firm and there was evident recovery of confidence, not only as regards day but large also as regards prospect for future of general market. This was in some measure due to the belief that the break was artificially produced and that without the hammering of the bears the market would only have continued dull and comparatively steady. This was the general feeling up to 12 o'clock, at which time the suspension of Geo. Wm. Ballou & Co. was announced; the announcement of the failure at first caused a decline of ¼ to 1½ in the market, from which it reacted in twenty minutes ¼ to ¾ on later Lake Shore. At 12:30 the market was at the highest prices of the day for a good many stocks, and strong but feverish. Total sales up to 12:30 o'clock were about 355,000 shares. After 12:30 the market was at first stronger and there was an advance of from ¼ to 1½, latter Oregon & Transcontinental to 61½, with one per cent. on Union Pacific. After 1:30 there was a decline of ¼ to 1½ on latter Oregon & Transcontinental, with 1½ on Wabash preferred and Northern Pacific, 1 on Union Pacific, ¾ on Wabash common and less than ¾ on the rest of the list. These changes left the market little lower than at 12:30. About this time also were begun the sales for account of Ballou & Co., and during the day 18,400 shares of stock and $14,000 in bonds were closed out for account of the firm. The majority of the stocks closed out were bought in short account, and Ballou & Co. stole the great bulk of their liabilities were in short sales. The feature of the market in the last hour was a decline of 3¼ per cent. in Western Union to 72¾. This was a puzzle to Street, as stock had been pretty well sustained all day, the largest previous decline being 1¼ in earlier part of the day. The explanation given for the break was that the number of stop orders were in market which bears discovered. After the bear pressure was removed, the market moved up again. Before the close Western Union recovered 2½ of the decline in previous half hour. The whole market declined in the early part of the last hour ½ to 2¼ latter.
