WHY IS IT!

We are often asked by persons, after they have bought goods of us, why we sell our goods so low; and they suggest that if we were to ask more for goods, we could get it, and if we did not, we could fall in price and not lose the sale.

OUR SECRET.

We will take the public into our confidence. The reason we sell goods so low is because we buy them low, and, being a new house, think it best to be very cheap to draw trade. The reason we have only ONE PRICE is because we wish to put our best foot foremost. The system of falling prices is toothsome to the buyer, but when they find that some one else has bought lower, they become embittered and seldom forget it.

CHASE TRADING COMPANY,

SIGN OF THE FOUR RED FLAGS, HOUSTON STREET, FORT WORTH, TEXAS.

GALVESTON.

Donnigan Case—Capt. Eads and the Deep Water Problem.

Galveston, November 8. — Before United States Commissioner Spann, Donnigan charged with theft of letters from the United States mail, was taken up, but had his case postponed to Monday, owing to the absence of a witness. Donnigan is an Armenian. A Russian gentleman, name not learned, acted as interpeter. Donnigan was arrested in Fort Bend county, and in default of $500 was committed pending trial.

Arrived—San Marcos from New York.

The draft of a letter to Capt. Eads from the deep water committee of citizens was prepared tonight. It says: "We wish to know if you will undertake the work of deepening the water on Galveston bar, to the extent of twenty-five to twenty feet on ordinary tides. If so, how long will it require? What will be the probable cost? For what sum or sums will you guarantee to maintain such depth of water, as you may say you can obtain?" The committee invite Capt. Eads, if not fully acquainted with the situation, to visit Galveston and make a personal survey. The letter enlarges on the national character of the work and the benefits expected, but says the committee feels it is proper to say that however reasonable the estimates might be, the people of Galveston are not able of themselves to contract for the work. They are enouraged, however, to believe that the general government would contract on a proper proposition of the matter, and they trust to be able to secure the necessary congressional assistance.

A North Carolina Killing.

Statesville, N. C., November 8.—While Deputy Sheriff Wilson was attempting to collect taxes from Wm. Pope, a quarrel occurred, and Wilson killed Pope. The former surrendered, and says the act was in self-defense.

The Pool Meetings.

Topeka, Kas., November —8. The Trans-Continental pool association was in session all day, but nothing can be learned of their proceedings. The Colorado association will not meet again till the Trans-Continental finish their business.

BOLD BURGLARY.

A Band of Thieves Operating in Pittsburg—Their Exploits.

Pittsburg, Pa., November 8.—It is evident that a gang of expert thieves are working in this locality. This week three large robberies have been committed. The boldest was breaking open the safe of Samuel Schultz, a store keeper a few miles from the city, early this morning. The robbers hauled the safe out of the building on planks, blew it open with powder and got $22,000 in cash and jewelry. Three thousand dollars worth of cloth stolen Tuesday has been recovered, and three men and a woman arrested, but it is thought there are a dozen others in the gang.

A Fat Steer Show.

Kansas City, November 8.—The fat steer show closed to-day, having proved a success throughout. The annual stock fair will be held hereafter. At the close of sales to-day, a herd of Herefords was sold by Adam Earl, of Lafayette, Indiana. Thirty-one cows brought $17,565, an average of $608; general average $574.

Boiler Explosion.

Cleveland, O., November 8.—A special to the Leader reports a threshing machine boiler exploded to-day on the farm of Widow Geattge in Dover township, Tuscarawa county. Mrs. Geattge was blown fifteen feet and her shoulder broken by a flying piece of the machine and her recovery is doubtful; Jno. Smith, engineer, was blown sixty feet and badly wounded; Peter Lyntner was blown a considerable distance and injured about the back; others had miraculous escapes. The barn was set on fire by the explosion and destroyed with large quantities of grain and hay.

Buzzard's Gang.

Lancaster, Pa., November 8.—Holingter's store at Lincoln was robbed last night. A large posse started in pursuit of the thieves. Buzzard and his gang, who recently escaped from the Lancaster jail. The thieves were overtaken at Welch mountain and a fight ensued.
