Methodist Missions.

New York, November 13.—Several missionaries of the Methodist Episcopal Church have accepted the offer of $10,000 made by Mrs. Philander Smith of Little Rock, for the endowment of a medical college at Nankin, China. The committee also accepted the donation of Rev. Dr. Goosher of Baltimore of $3,000 towards the establishment of an Anglo-American college at Tokio, that would cost $12,000, providing the remaining sum shall be secured by contributions of $7,000 from the same clergymen for theological schools at Foo Choo, China. Twenty-five hundred dollars was appropriated as a contingent fund for the ensuing year.

Arbitration Proposed.

Pittsburg, November 13.—The river coal operators met this afternoon and appointed a committee to meet a similar committee of miners Friday, to discuss the necessity for the present reduction in hours and to arrange for the appointment of a board of arbitration, similar to those so successful in settling the differences between railroad operators and miners. The action of the operators to-day will avoid the strike ordered for the 15th.

The Virginia Jubilee.

Lynchburg, Va., November 13.—Last night the greatest demonstration ever witnessed here was held in celebration of the defeat of Mahone. The whole city was ablaze. Resolutions were passed guaranteeing the negro full justice before the law in all matters, and regarding the Danville riot as injurious to the state, and an invention of Mahone to excuse his overwhelming defeat.

Postal Irregularities.

Washington, D. C., November 13.—Complaint has reached the postoffice department that mails on the Northern Pacific are not properly worked by the postal clerks, and instead of being distributed at various points along the route are carried to Portland and stacked up there. Superintendent Thompson says the state of affairs is brought about by a combination of postal clerks, who purposely neglect their work in order to compel him to double the force, which he maintains is already sufficient to distribute the mails properly. Assistant Superintendent Jamesen will go over the road from St. Paul to Portland and make a thorough examination.

They have been borne by Bradstreet's agency as having a capital of $100,000 to $150,000. A large amount of paper maturing to-morrow is the immediate cause. The firm has been extensively engaged in speculation in suburban real estate, which has not realized expectation. This is said to be the real cause of the embarrassment.

Vessel in Peril.

Grand Rapids, November 13.—At Petosky a heavy gale prevailed again this afternoon. A Democrat special from Saugatuck says the tug Protector is in distress off there, with helm and wheel short. Officers and crew of nine are on board her tow. The schooner Arab, with a crew of nine men, is is ashore ten miles south of Grand Haven. The St. Joe life-saving crew reached Saugatuck this evening, but could not get a line to the tug, and will not make any further effort till morning on account of the heavy gale. The Protector is valued at $12,000; her insurance ran out a few days ago.

Row in a Bagnio and Its Singular Result—A Woman Dropped Dead on the Sidewalk.

Special to the Gazette.

St. Louis, November 13.—A singular case occurred here to-day, which will probably result in a prosecution for murder. A man named Wm. F. Dunn had a quarrel with Belle Oertel in a bagnio on Eighth street. He pounded the woman and threw a tea-cup which struck her in the face and smashed. She bled from the cuts considerably, and later in the day went to the criminal court to make complaint against Dunn. A warrant was issued charging assault. The girl left the office of the clerk of court, and while on the sidewalk close to the building suddenly fell down and expired. Meantime, Dunn was arrested. He admitted throwing the tea-cup at the girl, but denied whipping her. He was not informed of her death till he had been placed in a cell and locked up, as he supposed for assault and battery. When he learned the truth he was considerably alarmed for his own safety, but seemed to care nothing for the death of the girl, though he had long been intimate with her.
