PREVENTIVE

Of Typho-Malarial Fever and Cure for Rheumatism at Last Discovered

By the firm of Hughes Bros., manufacturing chemists of Dallas, Tex. This enterprising firm have for the last five years been engaged in the manufacture of baking powders, wines, cider, vinegar, etc. Dr. F. E. Hughes, who presides over their laboratory, has for the last forty years been engaged in the study and practice of medicine and chemistry. They also have in their laboratory Prof. Geo. C. Calhoun, who has for many years been a teacher of chemistry, also Mr. J. Price Warrick, a graduate of chemistry in the University of Philadelphia. These gentlemen in manufacturing the various articles already mentioned have found it necessary to combat excessive fermentations, whether vinous, acetous or alcoholic, which have ever stood in the way of successfully manufacturing wine, vinegar and alcohol in our Southern climate. The experiments have resulted in the discovery of an agent which completely obviates this difficulty. This agent is the extract of the bark of a tree indigenous to the state of Texas. Carrying their experiments still further, they have ascertained that this same extract as completely controls the only remaining fermentation known to the arts and sciences, viz: Blood fermentation, which is the cause of fevers as well as of rheumatism. This agent they have combined with the extracts of ginger and lemon, thereby rendering it a most efficacious as well as delightful and palatable beverage. It is not only one of the best tonics in its effects, but the use of it effectually prevents typho-malarial fever. At the same time, it is a sure cure for rheumatism. Dr. Hughes' Extract of Lemon and Ginger is put up in cases of two dozen bottles, and can be found at all first-class drug and grocery stores.

To hotels, boarding-houses, restaurants and private families: If you desire good rolls, something choice, use only Silver Loaf, as it is the only pure baking powder to be had.

DALLAS.

A Dallas Dude's Fort Worth Mash—An Arkansas Nine Discomfited.

Led Astray By a Variety Harridan—Sale of the Narrow-Gauge Railway Postponed.

Special to the Gazette.

DALLAS, TEX., Aug. 3.—A Dallas dude rode over to Fort Worth in the express car the other day. Arrived in the city he wended his way up street mutely gazing upon the many strange things to be seen in the metropolis. Suddenly he was accosted by some one behind him, who tapped him on the shoulder and said, "hello, friend, you're a stranger to me, but I see you are traveling by the Texas Express, and I can direct you to the office." "If any of those fellows have stuck a tag on me I'll—" but he got no further, for on reaching around he found pasted clear across the basement of his anatomy a large Texas Express placard. He had set down on it and it stuck fast. He had noticed a good many people staring at him, but simply thought he had made a general mash on the residents of the Fort. He shipped himself home in a box-car and has not been seen on the street since.

PERSONALS.

J. H. Britton, Sherman; P. J. Crosbie, El Paso; W. J. Caven, Marshall; T. N. Read, Corsicana; T. F. Marchison and H. C. Scott, Athens, were here to-day.

Rush Barnes, passenger agent Chicago & Alton railroad, is in the city.

COUNTY COURT.

Judge Bowen opened up his county court this morning, and is attending to probate business exclusively. The criminal docket will be taken up on the fourth Monday of the month.

A LOT OF PEOPLE

were in town to-day attending the estray sale, and a lively lot of trading took place. The watermelon and fruit wagons also did a land-office business on the square, and the lower end of town presented a regular old-time winter-day appearance.

BASE BALL.

The Dallas Browns and the Texarkana club played again to-day. There was a terribly small crowd present, but it was more than the game deserved. The scorer wore out his pencil marking tallies for the home nine and errors for the visitors, and the true count could not be learned. The Texarkana boys say they won fourteen out of fifteen games in Arkansas, but they can't play ball in Texas.

TAKEN OFF.

An eighteen-year-old boy, named Jno. Newman, was arrested here to-day, charged with embezzling $113 from J. S. Dougherty, for whom he has been collecting. It seems that Newman had fallen victim to the blandishments of one Carrie Senton, one of the Coliseum harridanis, and had used the money to blow in on her. She was arrested and said she had $50 of the money, but refused to give it up, saying that he had owed it to her. The boy has stood well heretofore and it is likely that Mr. Dougherty will refrain from prosecuting him on that account. He is an orphan and was raised in this city. There are two variety theaters here and they are regular haunts of hell, in which more boys are robbed of their virtue and innocence in a month than are saved by the churches in a year. They are cancerous sores, loathsome, festering abcesses, from which moral disease and death are rapidly springing, and they should be abolished.

HORSE STOLEN.

A horse belonging to Mr. Fuller was stolen from the Star wagon-yard last night.

SALE OF THE NARROW-GAUGE POSTPONED.

J. M. McCormick, master in chancery for the Texas & St. Louis railway, has gone to Tyler for the purpose of postponing the sale of the road, which was advertised for to-morrow. It will be postponed thirty days, at the request of the bondholders.

AUSTIN.

AUSTIN, TEX., Aug. 3.—The jury sd inquest over the remains of the mulatto infant found in a water-closet on Robinson hill on the 1st inst., brought in a verdict charging its mother and grandmother with the murder. The women are in jail.

Saint Edwards academy, a Catholic school for boys, three miles south of Austin, filed a charter to-day.

The state treasurer reports for July: $528,504 revenue, balance $36,898, available school funds $285,470, available university fund $47,931, total cash in the treasury $514,129.

The returns from Dimmit county show an increase in taxable values of $159,000, Washington county an increase of $59,000.

A Michigan Failure.

DETROIT, MICH., Aug. 3.—An assignment was executed Saturday morning by Charles H. Borgman in favor of his creditors. His assets are estimated at $120,000, and his liabilities at $75,000. Borgman's attorney says everything will be paid in full. Mr. Borgman himself is prostrated and not able to transact business.

There is no Pain Like Tooth-ache.

It "beats the dogs" for making a fellow squirm. Nobody pities you. "Get it out," says one; "rub the tooth against a stone," says another; "when it begins to swell then it won't hurt so much," says a third. The reason of the ache is you didn't use SOZODONT, and prevent your teeth from decay.

To the Memory of Montefiore.

NEW YORK, Aug 3.—Representatives of the various Jewish congregations met last night for the purpose of perpetuating the memory of the late Sir Moses Montefiore. An organization was effected by the election of officers, and it was stated that $10,000 had already been subscribed towards the erection of a monument to the renowned philanthropist. It is intended to erect a monument statue in Capital park.

Our National Sins.

There are a good many of them. One of the principal ones is gluttony. Another is eating too fast. The result of both is dyspepsia. By taking Brown's Iron Bitters dyspepsia gets knocked out. Mr. A. Eckenwalter, 308 Poppleton street, Baltimore, suffered twelve years from dyspepsia; after trying in vain many different kinds of medicine was cured by Brown's Iron Bitters. He writes: "I to-day enjoy better health than I have for years."

Shooting Affray at Duffau.

Special to the Gazette.

HICO, TEX., Aug. 3.—A messenger from Duffau reports a shooting affray that occurred there yesterday evening in which Tim Beach was instantly killed by John Crockett. They were residents of that community and neighbors. An old feud existed between them. Crockett has been arrested and confined in Stephenville jail.

Human Calves.

An exchange says: "Nine-tenths of the unhappy marriages result from human calves being allowed to run at large in society pastures." Nine-tenths of the chronic or lingering diseases of to-day originate in impure blood, liver complaint or biliousness, resulting in scrofula, consumption (which is but scrofula of the lungs), sores, ulcers, skin diseases and kindred affections. Dr. Pierce's "Golden Medical Discovery" cures all these. Of druggists.

Harrold, Tex.

The town of Harrold is the wonder of the age. Only two months old and a population of 1500 and still growing. No town in the state can boast of a better hotel than the Windsor. It is located near the depot, has twenty-eight nicely furnished rooms and meals are first-class. The house is run on both the American and European plans, so that meals can be had at any hour, day or night. The cool breeze that blows here all the time makes this one of the most attractive places in the state. Come and see us.

That the quantity of Silver Loaf baking powder manufactured by J. H. Brown each month has more than doubled within the past year settles the question of its popularity wherever it has been introduced.

Advice to Mothers.

MRS. WINSLOW'S SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhœa. 25 cents a bottle.

Wanted.

1000 steers one year old, and 2000 steers two years old, delivered at Magnolia ranch, in Borden county, forty miles northwest from Colorado City. Address W. V. Johnson, resident manager, at Colorado, Mitchell county, Texas, giving number, price and quality.

It is poor economy to buy cheap food, and a greater mistake is made by those who use an inferior brand of baking powder, because it is sold for less money. Silver Loaf baking powder is by no means a fancy-priced article, yet it is chemically pure, and cannot be classed with the inferior grade of baking powders with which the market has been flooded.

A Free Ride to New York City.

Every twenty-five cents' worth of goods you buy entitles you to a ticket in the free distribution of prizes. First prize is a first-class unlimited coupon ticket from Fort Worth to New York city via the popular Bee Line route.

LAMPASAS SPRINGS.

Great Health and Pleasure Resort.

This place has justly earned the reputation of being the great health and pleasure resort of the Southwest. For mercurial, rheumatic, cutaneous and kidney diseases, these waters are the most certain auxiliary and specific known. The hotels are conceded to be the best in the country. The *San Geronimo*, centrally and delightfully located corner Fifth and Main streets, is one of the most comfortable, elegantly furnished and best ventilated houses in the state, which, with its excellent cuisine and moderate rate of $2 per day and special rate to parties by the week or month, make the *San Geronimo* a great favorite. Two sample rooms on first floor, twenty feet square each—best in the state.
