American Capital for Chinese Railways—Grain Markets Nervous on European War Rumors.

FINANCIAL.

Texas Railway Bonds—Gossip.

Special to the Gazette.

NEW YORK, Oct 14.—The railway-bond sales from 10 o'clock to noon to-day were as follows: Missouri, Kansas & Texas general 5's, 5000 at 74; 10,000 at 74¼, 15,000 at 74¼; Missouri, Kansas & Texas general 6's, 5000 at 88¼; Missouri, Kansas & Texas consolidated 7's, 2000 at 112; Texas & Pacific firsts Rio Grande division coupons offered, 20,000 at 64, 10,000 at 64¼, 10,000 at 64.

Sales from 12 o'clock to 2 p. m.: Texas & Pacific 2000 ex-dividends, 10,000 at 63¾, 35,000 at 63¾, 10,000 at 8¾; Texas & Pacific incomes, 2000 at 49, 10,000 at 49¼, 20,000 at 49, 5000 at 49¼, 5000 at 49¾; Texas Central firsts, 2000 at 79; Fort Worth firsts, 10,000 at 82; Houston & Texas first ex-dividends, 10,000 at 98¼, 10,000 at 99; Kansas & Texas 5s, 2000 at 74¾, ditto general 6s, 10,000 at 88¼.

Sales from 2 o'clock to the closing: Texas & Pacific incomes 6000 at 49¼, ditto Rios ex dividends 2000 at 63, 10,000 at 63¼; Houston & Texas Central 1's, 2000 at 99; Kansas & Texas general 6's, 5000 at 88, ditto 1's 2000 at 111¼. Closing quotations of stocks: Fort Worth & Denver city, 21 bid, 22 asked; Houston & Texas Central, 33 bid, 35 asked. Kansas & Texas, which has been heavy around 26 for weeks, crawled up to 27, but immediately sagged back to 26¾.

It is thought in some circles that a pool which has had a good deal of stock has been selling it out, that the price was purposely kept down to force such sales. People who have been calling Texas & Pacific are very chipper over the sale of that stock upon Kansas and Texas, and predict that Texas & Pacific will cross Kansas & Texas within a month.

Money on call was 1¼ and 2 per cent.

The abundance of capital of the United States is indicated by the fact that a well-known railroad man left New York for China to-day with a large amount of American capital pledged to build railroads in that country if satisfactory franchises can be obtained from the Chinese government.

The wheat market was unsettled; November, $1 01¼; December, $1 02¾.

Cotton futures steady.

Petroleum unsteady.

The Daily Stockholder says that the recent advance in Oregon Transcontinental from 30 to 48 was on covering of shorts by Boston parties, who, before purchasing stock in the market, had endeavored to deal privately with Mr. Elijah Smith, but he had refused to give them the stock at the figures named, fearing that the transfer would have been used to bear the market. The Stockholder intimates that the Oregon Transcontinental company must soon take care of the $11,000,000 floating debt, which it will find difficult to do. The talk about Mr. Belmont placing this loan in Europe, or otherwise renewing it, is alleged to be not only false, but absurd.

There are big pools in Kansas & Texas and Texas & Pacific, in which Chicago operators are heavily interested. An advance from 10 to 15 per cent. is promised in the market at 26@26¾.

Governments, Stocks and Bonds.

NEW YORK, Oct. 14.—Government bonds neglected and very strong, especially the 4's.

The railroad bond market continues exceedingly active.

The stock market was again very active, especially during the first hour, the total sales for that time amounting to over 240,000 shares. Later there was a fall, followed by renewed activity in the last hour, the total sales for the day aggregating 500,000 shares.

Nearly 25 per cent. of the day's business was in five stocks, the same which were prominent for their activity at the opening of the week—except Erie, which took the place of Union Pacific. Union Pacific was dull. Prices were very feverish, especially during the first hour. St. Paul, with the exception of Erie, being the most active stock. It was steady this forenoon at a fraction above 83 and rose to 84¼ and closed at an advance of 1¼. Northwestern advanced 1¼ and closed with a gain of ¾. In fact the whole market opened with a boom, the first prices showing gains of 1@2, the latter Pacific Mail, but after numerous fluctuations closed with a loss of ¼. In addition to the rumors that the Pacific railroad had given notice of their discontinuance of the subsidy to the Pacific Mail, reports said that the reports of two cabinet officers will contain attacks upon the company. The remainder of the active list is fractionally higher than last evening for all except a few stocks which gain more than 1 per cent.

THE B. & O.'S DIVIDEND.

BALTIMORE, MD., Oct. 14.—The directors of the Baltimore & Ohio Railroad company declared the semi-annual dividend of 3 per cent. on the stock of the main stem and also on that of the Washington branch for six months ending September 30.

MONEY MARKET.

NEW YORK, Oct. 14.—Money on call touched 2 per cent. to-day, but most of the business done was at 1¾@2 per cent., closing at 1¾ per cent; prime mercantile, 4@5 per cent; foreign exchange, unchanged.

LOCAL MARKETS.

GAZETTE OFFICE, FORT WORTH, TEX., Oct. 14, 1885.

In response to inquiries from the commercial reporter, regarding the present status of Fort Worth's trade, answers elicited from a number of representative business men were of the most gratifying character. All spoke contentedly of the present, and cheerfully of the future; and all were certain that the big volume of trade already centering here, both in retail and wholesale lines, would be kept here and constantly augmented.

The bears still keep their grip on the cotton market, which closed quiet at 8½c.

Grain showed more activity, and a considerable quantity changed hands at prices given below.

Groceries are firm and to good demand, coffees having an upward tendency. The new crop of sugars and syrups will reach Fort Worth in about twenty days.
