In a certain town in the State a young man advertised for a wife, signing an assumed name. The advertisement was answered by the young man's sister, she, too, using an assumed name. When photographs were exchanged there were two parties, at least, in that town who felt like fools, and their parents deserve the sympathy of the entire world for having reared two idiots.

Go. Pingree ventures the opinion that when all the facts are brought to light it will be developed that President McKinley has been more responsible than Secretary Alger for whatever mistakes have been made during the war. —Georgetown Times.

Does Your Head Ache?

Are your nerves weak? Can't you sleep well? Pain in your back? Lack energy? Appetite poor? Digestion bad? Boils or pimples? These are sure signs of poisoning.

From what poisons?

From poisons that are always found in constipated bowels.

If the contents of the bowels are not removed from the body each day, as nature intended, these poisonous substances are sure to be absorbed into the blood, always causing suffering and frequently causing severe disease.

There is a common sense cure.

AYER'S PILLS

They daily insure an easy and natural movement of the bowels.

You will find that the use of

Ayer's Sarsaparilla

with the pills will hasten recovery. It cleanses the blood from all impurities and is a great tonic to the nerves.

Write the Doctor.

Our Medical Department has one of the most eminent physicians in the United States. Tell the doctor just how you are suffering. You will receive the best medical advice without cost. Address,

DR. J. C. AYER, Lowell, Mass.

The outlook for the future is not promising for the toilers of the United States. Our cotton and wheat is priced on the gold standard in Europe, thus giving the products of silver countries a great advantage over us. The over-capitalized trusts will force the wages of labor down and the price of products up in order to put value into their stocks. The Dingley bill will keep foreign goods out of our markets and the war tax will continue to bleed us at every turn.—National Watchman.

Glorious News

Comes from Dr. D. B. Cargile, of Whashita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion builds up the strength. Only 50 cents. Sold by Perry & Thomas, Druggist, Guaranteed. 4

When a farmer sells $500 worth of hay he sends away from his farm over $300 worth of fertilizers, and when he sells $500 worth of wheat he disposes of $125 worth of fertilizers. But when he sells $900 worth of dairy products he parts with less than $50 worth of fertilizers. And when he sells $500 worth of fruits he loses less fertilizer than either of the other because fruits are composed largely of actual solids. This shows that the highest priced products rob the farm the least, and is an argument in favor of diversified and intensified farming.—Blue Grass Clipper.

He Fooled The Surgeons.

All doctors told Renick Hamilton, of West Jefferson, O., after suffering 18 months from Rectal Fistula, he would die unless a costly operation was performed; but he cured himself with five boxes of Bucklen's Arnica Salve, the surest Pile cure on Earth, and the best Salve in the World. 25 cents a box. Sold by Perry & Thomas, Druggist. 4

The fact that there was no fight in the Kentucky Republican convention is due to the other fact that there was nothing worth fighting for.—Omaha World-Herald.

NEW YORK FASHIONS.

This is certainly a season of fancy skirts.

Tight-looking little black jackets are worn with white or light skirts.

The miniature brooch now yields place to the sleeve link. A new fad is for lovers to present each other with sleeve links, each bearing the other's picture.

The ruby has, from remotest ages, been a favorite betrothal stone. It is a lucky gem, keeping away bad dreams, low spirits, etc., and is now enjoying a revival of old time popularity.

The woman whose hair does not curl naturally or stay in curl, blesses the tip-tilted hat in style this summer.

For girl babies of two years, Best & Co., of New York, show some beautiful little Mother Hubbard frocks of the sheerest materials. Their principal points of trimming are tiny tucks, fine lace or needlework, edgings and insertions, and the narrowest of shoulder ruffles.

Wide shoulder frills are not often seen upon girls, frocks nowadays. Two or three narrow ruffles are preferable.

There is a perfect craze for barbaric jewels. Bracelets and anklets of present style are positive shackles.

Bands of Etruscan gold in exquisite workmanship are worn low on the forehead with dinner or evening gowns.

EVALYN CABLE.

Save yourself for a trip to Lexington and witness the Horse Show, Fair and Carnival, August 8 to 12—the greatest entertainment ever inaugurated in the South—better than a trip to the Lakes—equal to the world's fair scheme and superior in point of refinement.

There are greater dangers to Kentucky than those involved in what is termed Goebelism. Hannaism is decidedly worse, viewed from any standpoint. The triumph of Taylor would mean a Hanna victory with all its concomitant evils. The Democrats who are not pleased with Goebel's nomination should consider what would inevitably follow the defeat of the Democratic nominee.—Jackson (Tenn.) Sun.

A number of Boyle county people propose to have a big barbecue in that county this fall, probably in October, at which they expect Hon. William Jennings Bryan, Senator Gorman and others.—Winchester Sun.

After Dove Hunters.

An association is being formed in Lexington for the purpose of preventing the killing of birds out of season. Doves are the birds now chiefly sought by the pot hunters and others, but the season does not open until August 1, and it is the purpose of the association to offer $25 reward for the arrest and conviction of any one killing this or other game out of season. This will be in addition to the fine of $5 for each bird killed or found in the possession of any one—half going to the informer.

"WELL, I DON'T KNOW WHAT TO DO."

(Song and Chorus.) Very catchy words and music—the accompaniment alone making splendid schottishe or march. Send 6 cents in stamps for sample copy. Address, ISAAC DOLES, Indianapolis, Ind.

A mischievous little shaver at Lawrenceburg played up as carrier, and distributed from house to house in his neighborhood a quantity of letters written by his father to his mother during their courtship days, which the mother highly prized. Difficulty was had in recovering possession of the letters, some of which had been carefully read by inquisitive neighbors. What happened to the little shaver was no doubt a plenty.

Five famous diving and bucking elks are on the daily program of the Lexington Horse Show, Fair and Carnival. They daringly jump from a tower 42 feet high and alight right side up into a pool but ten feet deep. These same elks have been trained to ride and in this exhibition they buck like broncbos. They exhibit each day during the fair, Aug. 8-12.

John B. Embry bought of Clell Ellis, of Bath county, 160 export cattle at 5 cents, for July delivery. They are said to be one of the finest bunches of cattle sold from this county in years. These cattle will average 1,500 pounds.—Mt. Sterling Gazette.

The negro Republicans in Kentucky are in revolt. They don't like the way they were treated at the Republican State Convention, and threaten to set up a ticket of their own. When will the poor, misguided colored men realize that the partner master is the best friend, and that the Republican cares nothing for him beyond his vote?—Anglin (Democrat).

WORN-OUT WOMEN

Most women are drudges. Some are willing, some are unwilling. Some women drudge for themselves, some for their family. Their routine is endless; no matter how ill they feel they work.

Women never half take care of themselves. Early decay and wrecked lives abound, mainly through neglect. Every woman should have the book called "Health and Beauty," which the Pe-ru-na Medicine Co., Columbus, O., will mail on request. It tells women some easy things to do to protect health, and all about the virtues of Pe-ru-na for women's peculiar ills. Miss Lizzie Peters, Mascoutah, Ill., writes:

"I am perfectly cured of female weakness by taking Pe-ru-na and Man-a-lin. I have gained thirty-seven pounds since I began taking Pe-ru-na. My friends are wondering what makes my look so bright and healthy. I would like to let the world know what a wonderful medicine Pe-ru-na is."

Woman's diseases are mainly catarrh of the pelvic organs. Pe-ru-na drives out every phase of catarrh.

Mrs. Hilas Wise, No. 126 Iron Street, Akron, O., writes:

"I would be in my grave now if it had not been for your God-sent remedy, Pe-ru-na. I was a broken-down woman, now I am well."
