Sandlin Sale.

Dr. Sandlin's public sale of city property last Saturday brought out a good crowd, but the bidding was light. Five cottages on Walnut street were taken down, but the store room in east end went for $980 with Judge Elzie Million as the purchaser.

Colt Show.

At Brassfield, Ky. All persons having colts sired by my horse(Rex Chief)are requested to have sam here on Saturday, August 26th, at 8 o'clock p. m. to compete for the premium, $8.00 which will be given to the one having the best colt. N. G. Todd.

Next Week.

The Colored folks are making great preparations for their fair next week which will be held at the fair grounds in the eastern part of the city. This will be times with the colored brother as the exhibition has been advertised all over the country.

Smith Goes.

Mr. Edward Bancroft Smith left Tuesday for Princeton, Ind., where he goes to accept a position as expert machinest in the general shops of the St. Louis-Louisville Division of the Southern railway. Mr. Smith was with the Q & C for sometime at Somerset.

Masonic.

Grand Master Burnam went to Clark county Saturday evening, where he was the guest of honor at the regular meeting of Elkin lodge. Several residents of this county residing near the border are members of this lodge. At Pilot Knob several days ago, Grand Master Burnam was Master of Ceremonies at the Dedication of the new Temple. He was accompanied by Messrs. Neale Bennett James Hamilton and Dr. Bosley.

Society Night.

Manager Baxter has been approached so much of late by local people who are anxious for a Society vaudeville, that he has about decided to offer a prize and announce one week of entertainment by local amateurs. There are several of the younger ones here, who are capable and could do a very creditable "turn" on the stage. It would bring out much friendly rivalry and also afford a chance to witness the local celebrities. It should prove a big drawing card.

Circus Coming.

With the coming of Sun Bros., great shows to this city next week, recalls the unfortunate affair which happened when the last circus visited Richmond The collapsing of a section of seats brought death and pain to many and it was a miracle that more were not killed or injured. It is one of those unfortunate things that will happen once in a lifetime. Of course this will not serve to cut down the attendance at this show, for the people in this section are anxiously awaiting a circus as it has been a whole year since the town was visited by one.

Bottling Goods.

Emil Lorisch proprietor of the Richmond Bottling works has about perfected the watermelon flavor, something that has heretofore been unknown in the bottling of soft drinks or by chemists. The bottling business is always at its height during the summer months, but when the watermelons come in, it begins to fall of terribly and bottlers everywhere have been trying to devise some flavor that could be substituted for the watermelon and thus hold up the trade. It is the case now that very little of the pulp of the watermeldn is eaten, only the juice or water, and for this reason it is substituted for soft drinks during the hot month of August.

No Let Up On Price Cutting

On Fine Suits

Never before have we sold so many fine suits, never before had we so many to sell, and there are still hundreds of them left

Beautiful grays, blues, browns, tans, and splendid color mixtures of all kinds; stouts, slims, longs, chunks, and regulars---models to fit all men---priced lower than fine clothing was ever sold before in Kentucky. Divided into four big lots as follows

$15.00

All our finest Kenton Hand-made Suits, this season's newest styles, in great variety of beautiful patterns and weaves---tailored to fit without fault and keep their shape perfectly. Strong values at $22.50 and $25---slaughtered now for $15

$12.50

For Twelve-Fifty you take unlimited choice of all that sold at $18 to $20. These are also Kenton Hand-made and fine enough for any man. Every suit loses us money, but the loss is smaller now than if carried to next spring

$10.00

Honest values at $15, $16.50 and $17, but we are forced to slaughter them at Ten Dollars for choice. Big loss to us, big gain to you. Will you buy? A wealth of fine worsteds and serges to select from

$7.50

Brand new suits, this season's models, unusual values at $10 to $12.50---slaughtered at $7.50 for choice. Prudent men will buy for future needs at these prices

No man can invest his dollars more profitably than buying his clothing now at these prices

Covington and Banks

New Warehouse

For the Loose Leaf Business and Manufacturing Tobacco Product.

Within a short time Richmond will have a tobacco manufacturing plant, as local capital has become interested and last week closed a deal with Mr. Wm. Jones for a lot at the corner of Big Hill Avenue and East Main streets, on which the new building will be erected. It is also the purpose of the owners to launch a loose leaf market and the warehouse will be constructed in the most modern idea The opening for a tobacco manufacture in this section looks so encouraging that the promoters of the above are now figuring on combining the two and making an enterprise which would employ from fifty to one hundred people. The tobacco is here and the same machinery that the trust uses can be secured, so those who have studied the proposition can see no reason why a manufacturing plant wouldn't prove a paying enterprise here. Some years ago the Burley people talked of building a tobacco manufacturing plant and locating it in Richmond, but the dissension in the ranks of the Burley organization could never be overcome and consequently the scheme was abandoned. A big re-drying plant was also talked off, but it proved talk only. Mr. Kit Chenault, one of the promoters of the above, said that work would begin shortly on the building and it would be rushed to completion. He said that thousands of dollars had been offered by parties all over the country to be put in the new enterprise, but the stock will be offered to local people first. Many prominent members of the Burley Society are anxious to hold stock in the new concern. This will be a great thing for Richmond and a possibility that seems assured.

Prominent Madison county growers in the enterprise are Kit Chenault, Price Gumm, Ed Million, Andrew House, Thomas Baldwin, Sr., Joe Oldham, Shearer Abram; Samuel Royce, Thomas Collins, Sanford Oldham, John D. Powell, George Phelps, and McCreary Simmons, which is proof enough that there is hustle and brains behind the enterprise.

Likes It.

Mr. T. E Arnold, who left Richmond several years ago to seek a fortune in Southern clime, is in Richmond for a visit to his brothers, Messrs. William and John Arnold. Mr. Arnold is located in De Land, Fla., where he is Manager of the De Land Realty Co., and he says the Northern capital is rushing to the growing southern city.

Quinn.

One of the oldest and most highly respected citizens of Estill county passed away last Wednesday, when "Uncle Dick" Quinn died at his home just over the Madison county line, where he had lived for many years. He was in his eighty-seventh year and was born and reared in Estill One daughter survives him, Mrs. Gip Witt. The funeral services were held last Thursday at the home and burial followed in the John Newman burying ground.

Wonderful.

The Poultry show at the Madison county fair will undoubtedly be a wonderful exhibition of all the finest breeds of poultry in Kentucky. The Directors are determined to make this a feature of the three days show and Mr. Coleman Neff, the manager of this department has received letters from hundreds of breeders of fine fowls all over the State that they will be here and compete. The ribbons alone in this department will be worth trying for.

Examination.

A competitive examination under the rules of the United States Civil Service Commission, for all first grade, or Clerical positions in all branches, will be held at the Postoffice, in this city, on Saturday, Sept. 2, beginning at 9 o'clock, A. M. Applications must be filed with the District Secretary, at Cincinnati, Ohio, not later than Aug. 26. For information concerning this examination, and for necessary blanks for same, apply to L. P. Adams, Secretary Local Board of Examiners, at Postoffice, or address C. W. Moss, District Secretary, Cincinnati, Ohio.

Wanted.

20 girls for machine operators in glove factory. Good wages, light sanitary work rooms. Apply to Hurst Mfg. Co. Collins & Main Sts. 10-2t

Diseased Trees

Are Being Scientifically Treated in Richmond By Expert gang.

Doctoring a sick tree? giving medicine where it is needed? applying-to diseased tree all the principles of dentistry and surgery?

Sounds kind of funny, but that is exactly what is being accomplished every day in every large city in the United States and moreover with absolute success. Last week a large gang or these tree surgeons arrived in Richmond and, since their advent have been kept busy answering questions. It is the first time any of this work has been in Richmond and the work of the tree doctors has been watched with a great deal of interest. Thomas A. Knight who is well known in this section of the state was the forerunner of the surgeons and had prepared a rather extensive program before they arrived. The first work tackled was on the property of Dr. Gibson opposite the Glyndon hotel. Trees that seemed ready for the kitchen stove and which represented about 90 per cent cavity and 10 per cent tree were handled as a dentist would handle a bad tooth and to day represent a most peculiar appearance for they have been trimmed, reunited, sterilized and filled with cement. According to the best authorities these trees will be completely rejuvenated and next spring will put out a fresh dress of leaves and new branches that will be astonishing In short, the diseased tree that is properly cared for has just as good a chance to retain its usefullness as has the decayed tooth that is properly taken care of by a good dentist. According to the statement of Mr. Knight, over 10,000 trees were sucessfully treated by the Davy Tree Expert Co., last year, and in every case, no matter how large the cavity, the tree put out increased foliage and new, healthy bark.

The gang at work in Richmond is under the immediate supervision of Mr G. G Miller, who is a graduate of the Davey Institute of Tree Surgery. The diseased shade and fruit trees of this vicinity should keep one gang busy for the rest of the summer and it is quite possible that it will be necessary to install another gang to assist in the work.

Mr. Knight is stopping at the residence of Mrs. Ed Powell on West Main street.

Demand For It.

There is an unusual demand for money at present, according to the financial institutions of the county. The drought is in a small way responsible, but most of the demand comes from farmers, who sold their live stock early and are again in the market for feeders.

An Old One.

According to the old time custom the sign is in the Heart this year and on next Thursday and Friday, 24 and 25th of August, is the time to deaden your trees and they will never sprout. Did you ever try it? It is claimed by many people of Madison that this will work with a locust tree every time.

Must Do It.

Mayor Rice is certainly bringing down the "Big Stick" on the property owners, where concrete sidwalks are to be laid. He is advertising in this issue for bids on work in different sections of the city. Proprety owners who refuse to comply with the ordinance, must submit to the City making the contract and forcing the payment. Bids will be let next Saturday

Business Sold.

The Kincaid Brick Co., one of the big enterprises of the county, changed hands last week, the new purchasers being Messrs. E. C. Holliday, of Winchester and Thomas Little, of Perry county. This plant is located at Searcy station on the L. & A. railroad and is one of the most modern in this section. The new owners will operate it on a larger scale and will very likely turn it into a paving brick and tile plant, exclusively, as there are so many brick plants scattered in this section, it makes the business less profitable. There is a great demand for paving brick and tiling, and as the clay in that section is ideal for this purpose, it would cost no more to turn out the product. Manager Booth, who has been with the Kincaid company and has been engaged by the new company, says that the clay in that section is the best he ever saw for making the vitrified paving brick and hard tiling. He is an expert along this line, having been in the business for twenty five years.

Better Attendance.

Must be Given the Ball Games if the Team Finishes out the Seasom.

There seems to be a lack of lively spirit among the people of this section to patronize the base ball games of late in and consequence the club is badly in need of funds. Just because a team isn't at the head of the race, is the poorest excuse for non attendance. Every team can't win and remember there are three mighty good ball teams below the Pioneers. Frankfort is below Richmond, and those who witnessed the Law Makers play the past week are wondering why it is that they are not closer up in the race. There are five or six star players on this team and they are always in the game with the veteran Pat Bohannon always putting life into the play. Then there is Maysville, a team composed of as good a bunch of individual players as there are in the league and yet they are below Richmond. Winchester, winner of the first season's pennant is "limping in the rear" and the Pioneers have had very little trouble in defeating them. The ball games are absolutely the only pleasure during the long summer months, for the people, and is the best sport in the world for the price of admission. There have been but few games played on the local grounds this year that has not been worth double the price of admission. Dont expect the home team to play championship ball every day, errorless, and win the games. If the contest is exciting, where both teams are playing good ball and the visitors win, that should make the fans all the more enthusiastic and serve to bring the attendance up to a high point. Base Ball has proven a good thing for the town. It has kept people here that usually spent from two to four weeks at the summer resorts, It has brought people to the city and has brought business here. It has served to enliven the dull spirits of the people during the hot summer months. The Climax is anxious to see the ball team continue and in order to do this the people must go out more. If you only attend two games a week you have spent fifty cents in a good cause to help to promote a clean, manly American sport that every body can attend, one that the pulpits endorse. Lets have from three to four hundred people out to the games this week and next and show that we are for the Pioneers strongly. If we succeed in landing an even break with the coming games we will finish in second place, and the Pioneers have finished in second place on two occasions and the fans were satisfied. This is not a money making enterprise, in fact its a losing one, but the people should help keep it up because it is for them. If base ball should stop in Richmond there would be wailing among a lot of people, who will not go to the games, but wait down town for the score with great eagerness and never help a cent.

Liberal Reward.

A Liberal reward will be paid for the return of $60.00 lost between my home on East Main street and the L. & N. Depot. B. Current.

Berry Out.

In this issue will be found the official announcement of Mr. E. Berry to succeed himself as councilman. Mr. Berry has represented his ward with much satisfaction and it is said by his friends that he will be given an endorsement without opposition. He is a careful business man and has advocated many excellent ordinances for the City's welfare.

Two New Ones.

According to a high official of the Bluegrass league there will be two new towns admitted next season. The following is a special from Lexington: "President Thomas A. Sheets, of the Lexington club of the Bluegrass League, announced here this morning that the Bluegrass League will invade Covington and Newport next season, having clubs in each of those cities, thus giving the league eight clubs and putting it probably in Class C, instead of Class D, where it now is. All clubs now in the league will remain unless Winchester drops out, and if it does, Mt. Sterling wants a franchise badly. President Neal, of Louisville, talked the plans over with the present league officials here, and all agreed on the proposed scheme. This is the first time those cities have ever been invaded by the Bluegrass baseball organization."

Ricci's ice cream is delicious. Everyone talks about it. Any flavor made to order and delivered promptly. tf

Field Full.

The County Attorney's race for the nomination promises to be one of the warmest ever known in this county. Five candidates have entered the field and they are working hard, although it is a long time before the election. Attorneys Murray Smith, J. J. Greenleaf, John Noland and Harris Cooke are on the track and County Attorney Jackson has announced for re-election. Mr. Jackson is a strong candidate and the one who takes the office from his grasp will have run a good race. Here's hoping that the result will bring no ill feeling among the young aspirants.

Jumped Track.

A very bad wreck came near resulting from the spreading of the rails on the L. & N. just north of Red House Sunday morning. A fast special running as 2nd 34 with Pullman sleepers filled with tourists for Niagara Falls, jumped the track and ran for about a hundred yards on the cross ties. Singularly the engine remained on the track but most of the coaches jumped. The accident happened just south of the Otter Creek trestle and the engine pulled the coaches across the bridge after they had left the track. If they had turned over, there would have been considerable loss of life. No one was hurt and traffic was delayed but a few hours. The excursion from Lancaster to Cincinnati was declared off here and the train remained over. It was the busiest day at the Richmond depot in many months, and the ticket sales were increased by the wreck, as many first class tickets were sold to Cincinnati, when the excursion was turned here.

After 'Em

According to Deputy Sheriff "Bill" Johnson, of the Beren and Big Hill sections there is more lawlessness going on in the Red Lick neighborhood than was ever known before in this section. Several families are at outs and it is a daily occurrence for from fifty to one hundred shots to be fired. One or two fuedists have been wounded and there promises to be much blood shed. Deputy Johnson claims the hills around Red Lick are covered day and night with members of both sides, waiting to get a chance to waylay. Johnson is a fearless officer and has succeeded in hadling several of them in jail. Robert Powell and a man named Rose are in jail now charged with shooting, and two Baker boys, sons of Merrill Baker, were placed under bond last Wednesday. "Dutch" Powell was wounded in a free-for-all fight last week and was unable to be here. Old residents, say it reminds them of the Battle of Richmond.

Manhattan shirts, greatly reduced. Rice & Arnold.

A Hot Fight.

At the meeting of Morgan's men at Parks Hill last week, Col. Green R. Kellar told the following interesting story of the fight at Green river bridge, in which, Col. Nath Deatherage, W. T. Duerson, "Billy" Myers, Joe Collins, Joe Maupin, Ira Scudder and others of Col. Chenault's command took part. Mr. Kellar said: At the Green River bridge fight on the 4th of July, 1863, Lt. Col. James B. McCreary, then a dashing young officer, had the unusual experience of having three of his commissioned comrades killed at his very side while consulting them as to the fight then in progress. The men were dismounted for the charge of the stockade guarding the bridge while the field officers were mounted. While receiving orders from Col Chenault, a well directed shot from the enemy struck and killed the gallant Colonel dead. Assuming command of the regiment Col. McCreary sent for Capt. Terrell, senior Captain, to assume charge of the left of the line. While instructing Capt. Terrell, a shot from the stockade laid him low. Just at that moment Major Thos. I. Brent of Smith's regiment rode up to consult Col. McCreary as to progress and plan of the battle when he received his death wound.

Good Prices.

W. O. Park writes from the Kansas City Stock Yards, that the best beef cattle sold 25 to 40 cents higher last week than the previous week. The bulk of finished beeves sold at $7.50 to $7.65, and a number of car lords sold at $7.70 to $7.80 with one car lead weighing 1404 lbs. at $7.95, and 5 prime 1030 lb. steers at 8 cents. The drought coming so early, lasting so long and extending over practically all of the corn belt, has caused only a limited number of cattle to be put on feed, consequently a shortage of fed cattle, and high prices follow. As there is only about one-half crop of corn, to take the whole country over, we will see high prices for fat cattle at least another year.

Poor Burley.

There is another tough road for the seemingly ill fated Burley Tobacco Society to trod. This time it is a suit asking a receivership and was filed in Lexington last Thursday by J. D. Gover, James Thacker, and John Ford, all of Scott. In the petition it is alleged in part that the expenditures are reckless and without intention of carrying out the original contract. "That the defendants are insolvent, that every dollar they have was derived from the pools and belongs to the members thereof, and that the only remedy available to them is a discovery and accounting "As stockholders are scattered throughout three States, plantiffs say it would be impossible to bring them all before the court in a reasonable time and they pray that they be allowed to prosecute the action for all persons similarly situated as themselves, that receiver or receivers be appointed by the court to take charge of all the business of the defendant corporations, and that all funds be distributed among those entitled thereto." This will be interesting news to many Madison county tobacco growers, who will watch the outcome anxiously.

Sales.

Long Tom Chenault, the premier auctioneer, announces the following sales, Mrs. Claude Smith to-day beginning at 2 o'clock, town property; Mrs. D M. Stephenson, Sept. 1st, town property and J. T. Jones on the 6th, of September farm and personalty.

Big Auction.

I will on Saturday, September 2nd, and Monday September 4th, (Court Day) sell to the highest bidder at auction, the entire lot of vehicles at Richmond in the firm of J. S. Stapp. This lot includes all kinds of top buggies, surries, pheatons, roadwagons runabouts, Hoxton road carts, all kinds of farm wagons, pony carts and rigs of every description. I am heavily stocked and trade is dull, consequently I must turn them into money at once. No reserve, everything I offer will be sold. If you want a bargain now is the chance.

J. S. Stapp. 5t

Wash those Pimples Off.

Use D. D. D. that mild, soothing wash, that recognized remedy for Eczema and all skin troubles. First drops take away that awful burning itch, cleanse the skin—wash away every pimple—every impurity. Nothing like D. D. D. for the complexion.

Get a 25c trial bottle today,—worth ten times its cost to have a bottle in the house. At any rate, drop into our store to talk over the merits of this wonderful prescription.

STOCKTON & SON

Notice to Tax Payers.

Office City Hall, corner First and Irvine Streets. 6-4t

That good ice cream at Ricci's tf

LAXATIVE SENT FREE TO TRY

It may be taken for granted that there is no family that does not sometime need a laxative. If you don't know of a good laxative, or the laxative you are using is losing its effect, we want to call your attention to Dr. Caldwell's Syrup Pepsin, which thousands of families are using successfully.

We have scores of letters from mothers, and scores from prominent men saying they are using it personally and giving it to their families, men like Mr. C. K. Smith of the Traffic Clearing House, Pine Bluff, Ark., and Mr. George B. Turner, a lawyer of Harlan, Ky. The thousands of mothers who use it themselves and give it to their children would take too much space to mention.

The reason they prefer Syrup Pepsin is that it is a mild, gentle laxative-tonic that does not gripe—effective and yet so mild that babies can take it. Its tonic ingredients invigorate the body and strengthen the stomach and bowel muscles so that they again do their work naturally. If you have been a victim of salts, pills and strong cathartics you will discard them when you once use Syrup Pepsin.

You can buy a fifty cent or one dollar bottle of any druggist, but before doing so you may want to try it free. If so, send your address to Dr. Caldwell and he will promptly forward a free sample bottle. Then, being convinced, do as others are doing and buy it in the regular way of your favorite druggist.

For the free sample address Dr. W. B. Caldwell, 402 Caldwell building, Monticello, Ill.

W. O. PARK,
