GET AWAY FROM THE CROWD.

Robert Burdette says: "Get away from the crowd for awhile and think. Stand on one side and let the world run by, while you get acquainted with yourself, and see what kind of a fellow you are. Ask yourself hard questions about yourself. Ascertain, from original sources, if you are really the man or the man you say you are; and if you are always honest; if you always tell the square, perfect truth in business details; if your life is as good and upright at 11 o'clock at night as it is at noon; if you are as good a temperance man on a falling barometer as you are at a Sunday school picnic; if you are as good when you go to the city as you are at home; if, in short, you are really the sort of man your father hopes you are and your sweetheart believes you are. Get on intimate terms with yourself, my boy, and believe me, every time you come out of one of those private interviews, you will be a stronger, better, purer man. Don't forget this and it will do you good."

When the hardened old church member sinner pauses, turns the lights on and looks right into himself he most likely will begin to whistle and wish someone would come his way. For he must hear coming up from that awful pit the cries of the damned and get a vivid picture of hell as it is about to take him in.

COMBS WILL KEEP HIS WORD.

If Mayor Combs, through the obstinacy of the saloon keepers, is compelled to carry out his threat to destroy saloon property, we may expect "Aunt Carrie" to put on her bonnet and shawl and come over and give His Honor the right hand of fellowship.—Lexington Leader.

We know the stuff Mayor Combs is made of and that he will not eat his words. Saloons had best obey orders and be good.

Fragment of Cartridge Shell in Boy's Eye.

Writing before last, while shooting on Watkins' pond, Henry King, of Hagerman, received what he thought was a slight powder burn in the eye, caused by the explosion of a 32 cartridge which was thrown into the fire by a companion. It caused him considerable pain, and although the optic has remained closed ever since, he failed to consult an oculist until Friday, when Dr. Woodson Robbins Taylor extracted a large sliver of the copper shell of the cartridge—about 1-16 inch—from the patient's eyeball, in which it had remained imbedded so long. It will be some days yet before it can be determined whether or not the boy's sight in that eye will be restored.

Right and Day Bank.

The first "Night and Day Bank" in the world opened its doors for business in New York at 6 o'clock on the evening of May 3, and from that time on until midnight officials and clerks were kept busy. Within five minutes sixty accounts had been opened, representing deposits of $100,000. When the clock in the rotunda marked midnight the deposits had run up to $500,000. At that hour the bank, keeping open house, had received 5,000 visitors. One man waited at the accounts window from 7 a. m. until 6 p. m. to win the distinction of being the first depositor.

New Departure.

After two months of remarkable sales, W. S. Lloyd, the enterprising druggist, says that his plan of selling at half price the regular 50 cent size of Dr. Howard's specific for the cure of constipation and dyspepsia, and guaranteeing to refund the money if it does not cure, has been the greatest success he has ever known.

He has sold hundreds of bottles of the specific; and as yet are not had one returned, although he stands ready at any time to refund the money should any customer be dissatisfied. This is the strongest testimony that can be furnished to the great merit of this medicine.

Anyone suffering with dyspepsia constipation, liver trouble, headaches, dizziness, coated tongue, or the general tired feeling, caused inactive liver and bowels are disordered digestion, should take advantage of Wm. S. Lloyd's new departure and buy a bottle of Dr. Howard's specific at half price, with his personal guarantee to refund the money if it does not cure

Painful Mishap.

Anna Bramblett, aged 68, of 14-21 Madison avenue, Covington was probably fatally injured last week. She was visiting the family of Albert Crook, of 15 Park place, where she fell down a flight of stairs. Later she was found unconscious suffering from a compound fracture above the right wrist and a bad scalp wound, Menninger's ambulance removed the woman to the St. Elizabeth's hospital, where the arm was amputated above the fracture. Her condition is critical.

Her son Edward Bramlett was with her and last reports are that she is resting easy with indications of recovery.

Mrs. Bramlett is well known here where she has many friends.

HAPPY WOMEN.

Plenty of Them in Mt. Sterling, And Good Reason For It.

Wouldn't any woman be happy after years of bodiache suffering, days of misery, nights of unrest. The distress of urinary troubles, then finds relief and cure!

No reason why any reader should suffer in the face of evidence like this:

Mrs. E. B. Turpin wife of Hon. E. B. Turpin, county Judge, living on East Main Street, Richmond, Ky., says: I am pleased to give Doan's Kidney Pills my endorsement, for my present good health and fine physical condition attest to their merits. When I got my first box and began using them, I had been a sufferer from kidney trouble for years, and all the doctoring I had done had been in vain. I was troubled continually with severe, dragging pains in the small of my back. Doan's Kidney Pills have done wonders for me. They are a splendid cure.

Plenty more proof like this from Mt. Sterling people. Call at F. C. Dutton's drug store and ask what the customers report.

HEALTH IN MT. STERLING

W. S. Lloyd Says Cure of Digestion Solves Problem of Long Life.

W. S. Lloyd believes that the problem of long life is solved by proper care of the digestive organs. Let the stomach get out of condition and soon there will be nervousness, irritation, furred tongue, specks before the eyes, weakness, debility, indigestion, and other physical and mental troubles that directly result from a weakened stomach.

Of all the vital organs, the stomach is the most frequently abused, and hence, the one which most frequently fails, and so with the discovery of a remedy like Mi-o-na stomach tablets, which is sold on an absolute guarantee to strengthen the digestive system, aid in assimilation of food, and cure all troubles caused by indigestion, and important step has been taken towards solving the question of good health and long life.

W. S. Lloyd sells Mi-o-na on an absolute guarantee to refund the money if it does not cure. A large box of the tablets costs but 50 cents, if it helps you; nothing if it fails. 44-&-46.

MINERS WILL NOT STRIKE

As Believed Will Be the Final Result of Conference.

Scranton, Pa., May 7.—The report of the scale committee recommending the return of the miners to work under the anthracite committee's award, was adopted by the convention after 15 minutes' discussion. The convention adjourned to give the scale committee opportunity to confer with the operators.

Scranton, Pa., May 7.—Nothing has developed since the report of the scale committee to disturb the general belief that a strike of the anthracite miners has been averted. There seems to be every assurance that the scale committee of the organization which is to have a conference with the operators will be assured by the latter that there will be no discrimination shown in case the men are ordered back to work and that the term the agreement is to last will be read by agreed upon.

Chairman of Isthmian Canal Commission To Make Special Report.

Washington, May 7.—Both interest in being manifested in the anticipated special report to the secretary of war of Chairman Shonts, of the Isthmian canal commission relative to the conditions on the Isthmus of Panama. The report is already in press and will be given to the public within a week.

It is to be a complete statement of the conditions regarding the work done and in hand with suggestions as to the route and type of the great canal in contemplation, as well as many other improvements under consideration.

BREAKS UP LOTTERY BUSINESS.

Raid Made On New Orleans Express Offices By Government Officials.

New Orleans, May 5.—A successful raid of local express offices here was made by a post office inspector and United States marshal. Large quantities of lottery tickets and a considerable sum of money intended for the Beneficiencia Publica, the lottery at Puebla, Mex., were obtained. Several days ago Harry Deponta, of New Orleans, said to represent this lottery, was arrested for sending tickets and lists through the United States mails.

BANK MONEY ORDERS.

We take this opportunity of calling your attention to BANK MONEY ORDERS, a new feature in banking which we are introducing. You will find them convenient for sending small amounts of money to other cities in payment of merchandise, subscriptions to papers, etc. They are absolutely safe and are payable everywhere. Their payment is guaranteed by the American Surety Company of New York, which has a capital of $1,500,000. We issue a receipt for each order purchased. You do not have to write out an application for them, as you do a Postal Money Order, and you are thus saved delay and inconvenience. The cost is also less than the money orders, being as follows:

Amounts $5 and under,	2 cents.
Amounts $5 to $10,	5 cents.
Amounts $10 to $25,	10 cts.
Amounts $25 to $50,	15 cts.
Amounts $50 to $75,	20 cts.
Amounts $75 to $100,	25 cts.

Dr. Gunn's Improved Liver Pills.

A lady wrote us from Winchester, Va., she had been under a doctor's care for 4 years for dyspepsia. The pain appeared to center under the left shoulder blade, was so severe she could not sleep. She asked us to send her sample of Dr. Gunn's Improved Liver Pills. We sent her two pills, in a few days she sent for a box. Now she writes the pain under her shoulder is gone, she enjoys her meals and never sleeps less than 8 hours, used the pills four week and cost her 50 cents for two boxes. Sold by druggist for dyspepsia, sick-headache or billious attacks, use these pills. One for a dose. Made by Dr Bosanko., Philadelphia, Pa, 42-5t.

From Cherry-Blossom Land.

It is a proverb of Cherry Blossom Land that a healthy stomach is the basis of all strength. Good nature is also recognized as of great importance. The Japanese as a people are remarkable for their health, endurance, patience and skill. They have a system of physical training which is universally used. It is called the Jiu Jitsu, and by this they regulate diet, bathing, clothing, breathing, muscular development and boxing. They have a philosophy that good humor is followed by good health. They try to banish worries, and believe that a cheerful view of life is a good foundation for strength. Such philosophy could well be adopted by our American people. We are apt to be too serious.

They have many sayings in Japan similar to our own. One is that "a woman is as old as she looks," but a Japanese woman's face is usually as unwrinkled as a baby's. Although the Japanese women do not usually have the well developed figures of our American women, yet they do not gather wrinkles from worry nor suffer as do our American women. What is it that makes our American women often pale, sallow faced, with dark circles under the eyes, and very often old at forty-five when they should be in their prime? In more southern climates like Japan the women live closer to nature—they live simple, homely lives and do not worry because they cannot dress as extravagantly as their neighbors. They eat wholesome food and do not practice high living. To keep young a woman must keep healthy and strong. When she is run down with the pains and ills which come periodically among our women-kind, she adds years to her looks, wrinkles develop, and the woman really suffers untold agony. There is no real need for this if she will practice right living, recognize her bodily needs, practice hygiene—all of which knowledge she can obtain from some reliable medical book like Dr. Pierce's Common Sense Medical Adviser, which can be had by sending him thirty-one cent for the cloth-bound volume, or twenty-one cents for the paper bound. Dr. R. V. Pierce, who is the founder and medical director of the Invalids' Hotel and Surgical Institute, at Buffalo, New York, says, "there is no reason why women should suffer if they will take the proper means to cure those irregularities which lead them to a miserable existence."

Women suffer in girlhood from backache, spine-ache and headaches, followed by irregularities, painful or disagreeable, and as a result diseases of the womanly organs are more common than any one but a physician in active practice could suppose. It is often the result of days of girlhood passed in overcrowded public schools, or worse, in a fall-like boarding school for young ladies. The brain is crowded, indigestible foods disturb the stomach, the body does not get healthful growth, and the undeveloped woman leaves school to plunge into social dissipations, followed only too closely by the taking up of wifely duties and responsibilities towards a husband who has only noticed her beautiful face. The woman suffering from continued nervousness, weariness, wakefulness, headache and backache, needs the advice of a physician of the largest experience in the Diseases of Women, such as Dr. R. V. Pierce, of Buffalo, N. Y. The young wife desiring the advice of a physician is deterred therefrom by bashfulness, and so are many younger women, single women, and we should advise these to write at once to Dr. Pierce, who will treat their correspondence as strictly confidential, and give them an intelligent medical opinion without cost.

After long experience in the treatment of womanly diseases, Dr. Pierce evolved a vegetable tonic and corrective which he called Dr. Pierce's Favorite Prescription. This is a purely vegetable preparation, without a particle of alcohol contained in it.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay $500 in legal money of the United States for any case of Leucorrhea, Female Weakness, or Falling of Womb, which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.
