Supreme Court Decisions.

The Supreme Court, sitting in Pittsburgh last week, passed on the following cases taken up from this county. It will be seen that the judgments in all the cases were affirmed, which speaks well for the judges of our county courts:

Karns City and Butler Railroad Company vs McCandless. Error to Common Pleas of Butler county. Judgment affirmed.

Logue's appeal from the decree of the Orphans' Court of Butler county. Decree affirmed and appeal dismissed at cost of appellant.

Mellon's appeal from the decree of the Orphans' Court of Butler county. Decree affirmed and appeal dismissed at cost of appellant.

Eastman's appeal from the decree of Common Pleas of Butler county. Decree affirmed and appeal dismissed at cost of appellant.

Robinson's appeal from the decree of the Orphan's Court of Butler county. Decree affirmed and appeal dismissed at cost of appellant.

Overseers of Jefferson vs Overseers of Winfield. Error to Quarter Sessions of Butler county. Judgment affirmed.

Commonwealth vs School Directors of Forward township. Error to Common Pleas of Butler county. Judgment affirmed.

Adams vs Murtland. Error to Common Pleas of Butler county. Judgment affirmed.

Bard's appeal from the decree of Orphan's Court or Butler county. Decree affirmed and appeal dismissed at costs of appellant.

Campbell's appeal from Court of Common Pleas of Butler county. Decree affirmed and appeal dismissed at cost of appellant.

Templeton vs Hart. Error to Common Pleas of Butler county. Judgment affirmed.

Township of Allegheny vs Knee. Error to Common Pleas of Butler county. Judgment affirmed.

Township of Allegheny vs Boyle. Error to Common Pleas of Butler county. Judgment affirmed.

Two other cases taken up were heard, but no decisions rendered in the same as yet.

—Butler county may well be proud of her military record during the late Rebellion. Her citizens nobly responded to the call of her country in the time of her distress, and her blood and treasure were freely given to help maintain this, the best government the sun ever shone on. We are pleased to learn that the forthcoming Illustrated History of Butler county will properly represent all who participated in the great conflict, privates as well as officers, as every one will have their record inserted. This one feature alone is enough to commend the work to our citizens and ensure their hearty support and co-operation.

—Dr. G. M. Zimmerman, of this place, met with a serious accident last Monday morning. He intended butchering his pig that day and went to the pen to kill it, taking a loaded revolver with him. He shot the pig and not killing it instantly, placed the revolver in his left pants pocket, and picking up an axe struck at it, when the axe handle came in contact with the hammer of the pistol and discharged another barrel, the bullet passing into his right leg and lodging in his knee, from which it has not yet been removed. The wound may prove to be a serious one.

—Mr. Thomas I. Wilson, County Commissioner elect, died at his residence in Jackson township, last Sunday. He took to his bed on the day after the election and from that time till Sunday was sick of typhoid fever. His death is generally regretted, as he was well spoken of by all who knew him, and by his death a vacancy is made in the next board of County Commissioners, which by Section 7, of Article XIV, of the State Constitution will have to "be filled by the Court of Common Pleas of the county in which such vacancy shall occur, by the appointment of an elector of the proper county who shall have voted for the Commissioner or Auditor whose place is to be filled."

—At the conclusion of the business in the State Supreme Court, sitting in Pittsburgh last Friday, Chief Justice Sharswood read an order of the Court, redistricting the State as far as the Supreme Court is concerned, and placing Butler county in the eastern or Philadelphia district, where all cases from this county will hereafter be heard, on the first Monday of the term, commencing on the third Monday of November. This arrangement will greatly increase the cost of appealing cases from this county. It seems to have been made to suit the convenience of Justices Sharswood, Greene and Paxson, whose homes are in the eastern part of the State. Justices Gordon, Trunkey and Sterrett objected to the change. Some time ago the Supreme Court Judges complained that their living expenses were largely increased by their being compelled to move from one place to another in the performance of their duties, and our last Legislature increased their salaries $1,000 per annum to compensate them for this. The change seems to meet with general disfavor in this part of the State. If the Supreme Court is to be located at any one place, the State capital would seem to us to be the proper point.

HEADQUARTERS FOR THE GENUINE

Magnolia and Red Ball Flour!

CAUTION.

We beg leave to caution the public against buying a spurious brand of "Magnolia" and "Red Ball" flour, for sale by others. D. W. Camp, formerly of the Camp & Randall Manufacturing Co., of Warren, Ohio, is the originator of those brands and the manufacturer of the same (to whom belongs all the credit for its excellence and wide reputation it has attained), is now connected with "Camp, Geiger & Beebe," (the mill at Warren, Ohio, being destroyed by fire some six months ago), he cautions the public from being misled by unscrupulous parties who still advertise those brands, using his hard earned reputation to his disadvantage, and cautions the public against buying Magnolia or Red Ball as genuine, unless the name of Camp, Geiger & Beebe is on every sack or barrel, all others being spurious. Call and see us and get the genuine Magnolia and Red Ball, made by *Dan.* himself. Prices on our various brands are as follows—every sack warranted to contain 49 pounds:

How to Increase Your Income.

Just at this season of the year, there are, among our readers, those looking for employment for the next six months. We have lately received from L. E. Brown & Co. the well-known manufacturers of specialties for agents to handle, a request to put them in communication with one or more suitable persons in this locality, to act as agents in introducing several of their patent household articles to this community, and after consideration, we take this method to comply with their request. The firm are manufacturers of a large number of household articles, which they introduce to the public by means of agents, having sometimes as many as 1,000 persons in their employ. The particular articles which they seek to introduce here, at this time, are: Brown's Peerless Sifter, generally acknowled to be the best in the world of which nearly one million were sold during the last year; the Kitchen Queen, the latest and best invention in Coil Oil Lamps, and the only absolutely Safe Lamp made; the Centennial Cake and Bake Pan, an article which has a national reputation, and is the delight of every housekeeper; the Half Minute Egg Beater, which always sells at sight, and the new Alto Relievo Bronze Profile Cast of JAMES A. GARFIELD, with memorial frame, the best selling article ever put into the hands of an agent, the best of all the portraits, chromos or steel engravings that have been offered. It is a truer likeness of the martyred hero than any we have ever seen before, and its price brings it within the reach of all. For this county, Messrs. Brown & Co. desire as many agents as can work advantageously. Any smart, intelligent lady or gentleman can make a fine income in this way. The firm will send to any responsible person FREE who will assume the agency here and go to work, a complete outfit of these goods, to the amount of five dollars. The reputation of this house is first rate; the goods are what they represent them to be. Their terms are liberal, and we advise those looking for genteel, remunerative employment to send to them for further information. Their address is—

The INDEPENDENT

"The foremost religious newspaper of the United States."—The Rev. Joseph Cook.

Established in 1848, as an advocate of anti-slavery and of reforms of religion and politics, The Independent at once became a recognized power throughout the country. Its influence has ever since been constantly growing. As it has fought against slavery and for cheap postage, so will it fight against Mormonism, for Civil Service Reform, and for purity in politics, and general uprightness in all things. It employs the best editorial talent and speaks fearlessly on all subjects. It pays for contributed articles and for editorial services more than double the amount paid by any other weekly newspaper.

It publishes more religious discussions than the religious reviews, more poetry and stories than the popular monthlies, and gives more information than an annual cyclopædia. The long cable dispatches recently published from the great Methodist Council in London are a good illustration of what The Independent is constantly doing. A list of the most prominent religious and philosophical writers, poets and story writers in the country is the list of the contributors of The Independent. Besides the space set aside for these writers and for editorials, there are twenty-two distinct departments, edited by twenty-two specialists, which include Biblical Research, Sanitary, Legal, Fine Arts, Music, Science, Pebbles, Personalities, Ministerial Register, Hymn Notes, School and College, Literature, Religious Intelligence, Missions, Sunday school, News of the Week, Finance, Commerce, Insurance, Stories, Puzzles, and Agriculture. 32 Pages in all.
