GOOD CLOTHING CHEAP.

Who would pay 25 per cent more for good clothing than the same or an equally as good could be procured for.

Yet this is continually being done by persons wanting clothing for lack of knowledge where to find the closest bargains.

As large disposers (we are running two stores) we are enabled to purchase our goods at closer margins.

This enables us to sell at closer figures. Get posted on our prices before purchasing.

Come and see the largest assortment of styles for your selection. Don't pay this year's prices for last year's goods.

The new styles cost no more and are decidedly better.

Personal.

Mrs. Traxler is visiting friends in Cleveland.

Hugh McClelland, the veteran collector of Evans City, was the first to make a payment on his duplicate for 1890.

Mr. A. B. Crouch, agent of the P. & W. R. R. in Butler, is now occupying a house on Brown Ave., Springdale.

Jos. Blakeley of Harrisville has been granted an increase of pension.

Mr. Campbell, of Campbell and Templeton, East Brady, has rented the new Laube house on W. Pearl, and expects to start a furniture store in the Troutman building.

Mrs. D. Osborne in sojourning at Saegertown Spring's for her health.

Jas. W. McCandless of Eau Chaire, has had his pension increased.

Mrs. C. D. Greenlee and Mrs. Bailey are bettering their respective healths at Ocean Grove.

Dr. Zimmerman and Rev. London are camping out on the East Shore of Maryland, and an effort will be made in Butler to get up a club or ass'n to buy or lease one of the little islands in the Chesapeake Bay, for a permanent summer resort. Ducks, fish, oysters and fruit of all kinds are abundant there, and there is always a cool breeze from over the bay.

Mr. William D. Smiley and wife, nee Edith Mechling, are visiting Mrs. Smileys parents.

Mr. Adam Smith and his family were poisoned a few days ago, and a physician had to be called to save their lives. Some new cabbage, which is supposed to have been sprinked with Paris Green, contained the poison.

Mrs. H. Q. Walker of W. Pearl St., is seriously ill.

Miss Amelia R. Williams, Miss. Clara Rauscher and Miss. Tillie Miller left on Tuesday morning for Utica and other points in York State. Miss Williams is on an extended vacation from her duties as missionary at Newburg, N. C., and has been visiting her sister, Mrs. Andrew Brymer, of Pearl St. Misses. Rauscher and Miller will be absent several months and will visit their relatives in central and northern N. Y.

A New Book.

For the next two months Mr. J. M. Moore, of Worth Twp., will canvass the county for a new book entitled "Hot Shots Fired at Fashion's Follies and Society's Abominations," by some of the best authors and most noted people of the country. Talmage, Frances Willard, Gen. Fisk, and many other of the best thinkers and writers of the day are contributors. Examine the prospectus carefully when presented to you.

LOCAL AND GENERAL

—Very little oil speculation in Butler.

—Petrolia is to have a new Masonic Hall.

—Not much use for 1-cent stamps in Butler any more.

—"No news is good news" to everybody but the editor.

—Up in Millerstown they shoot roosters that crow too loud and too early in the morning.

—It is only national history that "repeats itself." Your private history is repeated by the neighbors.

—Black & Baird, of Pittsburg, bid $2,900 per acre for the Pittsburg city poor-farm and got it.

—Persons entitled to pensions under the new act can have their claims presented by local talent just as well as foreign.

—A man 108 years of age recently died in a neighboring State, caused, it is said, by excessive dancing in his youthful days.

—United States officers are said to be looking up another case of counterfeiting in this county, and a sensation is promised.

—"Where did you get that neck?" is the query that presents itself when one sees some ladies wearing the fashionable dress of to-day.

—A farm journal advises its readers to "be quiet among bees." The observance of this depends largely upon the conduct of the bees.

—A new railroad between Butler and Punxsutawney to connect the B. & O. with the B. R. & P., and N. Y. P. & O. is talked of.

—Policeman Herdman stopped two teamsters with loads of empty glycerine cans on N. Main St. the other day. They said they were taking the cans to Oil City.

—A horse named "Vespasian" and owned by Mr. Titley of Millerstown was a prominent figure in the races at Homewood Park near Pittsburg, last week.

—The house of the widow McGuirk in Marion twp was destroyed by fire last Tuesday morning. Nearly everything in it is reported to have burned.

—Reed, Leidecker, Dale and others are drilling a well for water on the old Biehl property. They intend putting in a windmill and supplying that neighborhood with water.

—On the Boyd hill, east of town, which is now being graded by the P. & W. R. R. Co., there is a twelve foot vein of fire clay that would make a good article of paving brick and save this town some momey.

—The Franklin *News* says "The Butler people may rely on a good job. Mr. Osborn has done perfect work in the same line here, and is now engaged in laying about a mile of brick pavement on our principal streets.

—The telegraph office at Saxon Station has been made a union office, that is the Western Union wires now run into it, and a telephone wire is to be put up between the office there and Theo. Helmbold's store in Saxonburg.

—Artificial ice is now being used in Butler. The water is frozen in square, iron moulds, which are immersed in Ammonia-water. The manufacture of artificial ice has made Ammonia a very scarce article and greatly increased the price of it.

—A horse belonging to C. Carver & Co. was badly injured a few days ago by sinking into a pipe line ditch that had not been properly filled and tamped, and Mr. Carver will bring suit against the borough for damages.

—The freight traffic of the Penn'a R. R. has grown to such enormous proportions that the road cannot handle it with its present facilities, and it is rumored that the Penn'a Co. is arranging to complete part of the abandoned South Penn route.

—During the greater part of last week it was impossible to obtain a pound of good butter at any of our groceries. Either the area that supplies the Butler market must be increased, or else some good dairy, chicken and vegetable farms established near the town. At present too much of our money goes out of the county.

—The breaking of the rung of a ladder, Wednesday afternoon, caused a slate roofer named C. Murray to fall about twenty-five feet and sustain serious injuries. He was working at Lew Ganter's house on N. Washington St. and was taking up a load of slate at the time. He was taken to the home of his employer, Jos. Kastor, and word was sent to his folks at Youngstown.

—The A. G. Reed Post, G A R, of Butler; Connoquenessing I O O F, Butler; Butler Council, Royal Arcanum; J. R. Randolf Post, G A R, Prospect; J. G. Campbell Post, Petrolia; O. G. Bingham Post, Slipperyrock, and United Lodge, A O U W, Bruin, were mentioned in the Pittsburg *Times* of last Saturday as having received votes that week, in its "Most Deserving Secret Society" contest, the prizes for which are $500, $300, $200 and a gold watch.

—A marrage license taken out a year ago was returned to clerk McElvain by the parties a few days ago, with an agreement releasing each other of all responsibility; sometime ago another young couple quarrelled on their way home after securing a license and tore it up; a young man who had taken out a license got on a spree and as the license became soaked in liquor he went back to the clerk secured a duplicate, and several other incidents, amusing to all but the parties concerned, have occurred during the past year.

—Our Military Co. returned home last Saturday. They left Mt. Gretna at 1 a.m. Friday night and arrived here at 2 p.m. Saturday, having been on the cars thirteen hours. The encampment was a success and the boys had a good time. Several accidents occurred, but the only fatality was that of a soldier who was hit and killed by a base ball while playing catcher. Another soldier who was found in Lebanon without a pass and was put in the guard room, jumped from a third story window and broke his leg. Mt. Gretna is an immense hill of iron ore, covered with a reddish colored soil. It has a fine park and it is owned by a man named Coleman who values it at twenty millions. Companies of U. S. Calvary, artillery and infantry were present at the encampment, this year, and on Thursday last a crowd of visitors, including President Harrison, and estimated at twenty thousand were present to see the drill. Lebanon is a fine town of ten or twelve thousand, a few miles distant, and is maintained by an immense iron plant. Art. Cornelison of Renfrew, a member of the Military Co. joined the regular army, and will serve in the cavlary.

—Ten gradustes of Edinboro Normal are occupying prominent positions in school work in California, and five in Oregon. Address the Principal, J. A. Cooper, Edinboro, Pa

Go to Indiana Normal School.

If you want to make a teacher of yourself, go to Indiana Normal, Indiana, Pa.

LEGAL NEWS.

NOTES.

The will of Nicholas Gardner of Jacksville was probated and letters to Marg Gardner, also will of Jacob Ekas of Buffalo twp, and letters to Thos Ekas.

Brittana Haney was in jail on a charge of fortune telling, but was discharged upon paying costs and agreeing to leave the county she was one of the band of gypsies, lately in camp near Brownsdale.

The Butler Water Co. charges the county $600 per year or $50 a month for water for the Court House and jail. This the Co. Comm'rs consider an imposition but the Water Co. will do no better. So the Comm'rs are seriously considering the project of drilling a water well on the Diamond or jail lot, and putting up a windmill and water tank. Six hundred dollars is the interest on ten-thousand. The Comm'rs can have the well drilled for a few hundred, and if they strike a strong vein of water the enterprise will save the county some money.

August 6--Firemen's Day.

A "big" day is something Butler has not had for a long, long time. There was a time when the "glorious Fourth" was observed with all due pomp, but it seems past. In a business sense, all our days seem such "big" days now that we have had little time or inclination for a celebration. This is to be regretted, for it is little doubted that more holidays fittingly observed would tend to rob the American of his reputation for dyspepsia and nervous prostration. Your American, though, is too fearful of a state of affairs similar to that of Italy, where common report says they have upward of 400 holidays every year.

Well, however it is, we are going to have a day here and a "big" one, when everyone is going to let business and cares and troubles slide for 24 hours, while the firemen parade and race, and make every qualified voter wish himself one of them. We're going to have our ears beseiged by all manner of more or less sweet-toned bands, from the little "Sharmen pandt, vot blay so schweet" to the mighty Great Western Band of Pittsburg, while our eyes are confidently expected to be somewhat blinded by the 25 companies of fire laddies, who will be here.

The races, of course, will be the most interesting feature. They will be held on North McKean St., beginning at 2 p. m.

The following are the conditions under which they will be run:

The first will be Free for All at 2 p. m. for a prize of $200.

At three o'clock the home race will be run. The prize is a handsome banner to be made and presented by the ladies of Butler.

A special prize of a silver trumpet will be given to the company presenting the best appearance on parade. The rules adopted for the contests are as follows:

RULES FOR FIREMEN'S RACE.

1st. Race to be run dry, single run on time.

2d. Distance 900 feet in all, 750 feet to hydrant, attach hose to hydrant, lay 150 feet, uncouple and crew on pipe, and time taken when nozzle strikes the ground. The judges will at once examine the coupling and for every ¼ turn that can be given the pipe ½ second shall be added to the running team.

3d. Centre of reel to be on starting line.

4th. Cart to carry 300 feet of hose, reel on in one continuous line and all couplings made can be made by hand.

5th. Cart furnished by Butler Fire Department.

6th. Pipes to be service pipes; pipes or spanner may be on cart or carried by pipe or hydrant men.

7th. For every 12 feet of surplus hose at hydrant, one second shall be added to running team.

8th. Running teams limited to 15 men; no men allowed to start ahead of leading men on rope; no man to fall in or assist in dragging cart after starting.

9th. All contestants in race to be decently cloathed, judges to decide.

10th. Each department represented shall be entitled to one judge, to act in connection with three residents; each company to select ist own judges; one judge at start, one judge at hydrant and two judges at pipe, one of whom shall be the visiting judge.

HOME RACES.

Home races shall be run on same conditions as free-for-all, except that teams shall be members of their respective companies for thirty days, and shall throw water.

NEIGHBORHOOD NOTES.

The Electric street cars of New Castle, will soon be running.

John Fink became jealous of Lizzie Cousins, at a picnic at Templeton, Armstrong Co. and shot her on the way home.

O. J. Sarver and Henry Irwin were lately thrown over the bank of the river road near White Rock, and Sarver's leg was broken.

Miss Henry, a daughter of J. C. Henry formerly of Parker was lately drowned by a steamboat collision on Alexandria Bay, N. Y.

The hotel and residence of Geo. W. Nulton in Armstrong Co. were consumed by fire, lately. Loss $5,000 and no insurance.

Earnest Woefel, the present leader of the Economite Society, at Economy Pa. was stricken with paralysis last Friday, and died Monday.

The sixteen-year-old daughter of M. L. A. McCracken, one of the leading lawyers of Washington Pa. committed suicide by shooting herself through the heart, last Saturday.

John McCleery, the Democratic nominee of Lawrence Co. for Co. Comm'r was found dead in his barn, last Thursday, and an election to fill his place on the ticket will be held next Saturday the 9th inst.

The local wool buyers of Greene Co. who had previously been paying 30 cents a pound for wool, got orders from headquarters last week to lrop to 28 cents, which they did promptly.

A Titusville man treated his potato vines to a bath of petroleum to clear away the bugs. It proved a howling success, so much so that now he is not troubled with either bugs or potato vines.

One afternoon last week as Jennie Mead, aged 14, of Corydon, Warren county, Pa., was picking berries in sight of her father, who was sitting on the porch of their home, it began to rain. She took shelter for the moment under an uprooted tree and was struck by lightning and instantly killed.

A Beaver Co. black snake six feet long, got tangled up in the cutter-bar and shaft of a mowing machine last week, and stopped the machine. When the driver saw the snake's head appear about the cutter-bar, he fled, leaving the horses stand. He returned shortly, however, and found his snakeship dead.

Beaver Falls has been struck dead by the strike at the Saw works and the calling out of the men at Carnegie, Phipps & Co's mill by the A. A. of I. and S. W. The former firm refused to discharge George Getchell, a non-union man, hence the strike; the latter refused to sign the Amalgamated Association scale, hence the the call out. Business looks blue in that place out present, and the streets are crowded with idle men.

During church services at Sharon, a few days ago, a fine bred dog, which had been nosing about the church-hall, discovered a cat. Instantly has instinct asserted itself, and with a raised paw, stiffened muscles and glaring eyeballs, he "pointed" the cat, which in turn, true to its nature, bowed its back, stiffened its whiskers and bristles and spit and glared defiance at its mortal enemy. All the same it kept gradually edging towards the church-room door, and when opportunity offered whisked in. In an instant the dog was in full chase, and feline and canine dashed down the aisle, the former making good its escape, but there was, "fuss and feathers" for a few seconds and consternation in the congregation first, then laughter. Whether any of the worshipers thought that the devil had invaded the sanctuary is not known.

Arthur Businger, a 20 year-old farmer's son, living six miles north of Springfield, Ohio, met with a shocking death last week from a heavy electric bolt while trying with a number of others to get some hay in out of the rain. He was standing besied a hay wagon, half-loaded, pitchfork in hand, when heaven's weapon descended. Every article of clothing on his body was reduced to shreds except his shirt, only a small piece of which was left around his neck. His chest was made prefectly raw, and a large, livid, nicely formed cross was marked on his back. Both legs were blackened and made ghastly; but the most curious part of the fatality was what happened after he was struck. The bolt leaving his body entered the ground at his feet and excavated as cleanly as if done with a steam shovel a hole exactly like the grave. The six other men standing around were all seriously but none fatally shocked.

The magnificent new shops of the Pennsylvania Railroad Company located at Juniata, in the eastern part of Altoona, are rapidly approaching completion and in a short while will be opened for active operations, furnishing employment to over 3,000 additional men. The new plant cost something like $1,000,000, and together with the other vast works there will undoubtedly be the finest in the world. No expense has been spared in its construction. The buildings are models of architecture and the workman's art, and the massive machinery is of the latest and most improved pattern. The plant consists of a machine, erecting, boiler, smith and paint shop. The machine shop is 254x75 feet in size, and its equipment comprises the latest inventions for power and convenience. Two floors are occupied—the finer machines and the vise department on the top floor. On the first floor is located an immense five-ton crane that travels the entire length of the building and is to be used for transferring the heavy work from one portion of the shop to another. Electricity furnishes the motive power.

A three year old daughter of Mr. Amos Sowers, of Armstrong Co., met with a strange and sad death. The child was playing in the barn and it is thought attempted to climb into a buggy over the wheel. Its foot must have slipped and it fell with its head between the spokes of the wheel and stranged before the mishap was discovered. When found the child was quite dead, and although every effort was made to bring it back to life by the nearly frantic parents it was without avail.

A Williamsburg, Pa., youth, aged twelve years, hung himself until he was dead the other day because his mother scolded him for tearing a lace curtain. The boy who would commit self-murder in order to wring his mother's breast with anguish and repentance, must have a gloomy and revengeful heart, although many bitter words are said by mothers without sence or reason.

Merchants' Picnic.

On account of the Firemen's Tournament we have decided not to hold our annual picnic this year, but to join—and we heartily invite all the patrons of our picnics to join—in making the Firemen's Tournament a grand success.

Osborne Given the Contract.

At the meeting of Council, Saturday evening, Mr. Osborne, of Franklin, was awarded the paving of Main St, at $1.79 per square yard. This is six cents more per square yard than his original bid, and will make the street cost the borough and property owners from a thousand to fifteen hunded dollars more, but he intended putting in Franklin brick, the endurance of which has not yet been fully tested, and the Council specified another, which makes the difference in the price. He is to begin immediately, and complete the whole street in four months, if the weather permits.

Great Seashore Vacation Trips.

The great success which has crowned the efforts of the Pennsylvania Railroad Company to provide pleasant vacation excursions to the seashore for the people of Pittsburg and Western Pennsylvania, as illustrated in the first two excursions of this season, will do much toward making the two yet to come more brilliant and attractive than ever. These trips include in the tickets the most desirable resorts on the Jersey coast, and the long return limit of ten days fills the exact period of the average midsummer holiday. The resorts, from which a choice may be made, are Atlantic City, Cape May, Sea Isle City, or Ocean City, and the next date is Thursday, August 7th.

A special train composed of parlor cars and day coaches will leave Pittsburg on the date mentioned of 8.50 A. M., and run through to Philadelphia, arriving at 7.16 P. M. The night will be passed in Philadelphia and the party will take regular trains to the seashore next morning.

Passengers from Pittsburg, East Liberty, Irwin, Uniontown, Connellsville, Scottdale, Stoneville, Greensburg, or Johnstown may take the evening trains leaving Pittsburg for Philadelphia at 4.30 and 8.10 P. M., and proceed to the shore the next morning.

The excursion rate from Butler is $10.00 and the regular train connecting with the special will leave at 6.00 A. M.

Any special information in regard to these excursions may be obtained by addressing Thomas E. Watt, Passenger Agent, Western District, 110 Fifth Avenue, Pittsburg.

New Library.

A public circulating library of a superior nature is now to be established in Butler which, when established, will give everyone an opportunity of obtaining access to a variety of the most instructive and interesting class of reading by the very best authors. This library is being organized on a permanent basis and all books used are strongly and handsomely bound in cloth. It is an institution that recommends itself and we have no doubt that the project will be carried out successfully. A membership fee of $1.50 entitles a person to free access to the library for two years. It is probable that Mr. W. A. Osborne will have charge of the library. A certain number of members is required in order to have the library established. Let old and young alike all do their share in getting the library established and at the same time secure for themselves access to a larger variety of good reading.

WE LEAD, others follow. The rapid increase of business is the best evidence that our effort to give to this community a first class Drug Store is appreciated. We make a specialty of the drug business proper and give it our entire time and personal attention. We handle only the best of everything in our line and guarantee the purity of everything bearing the name of C. N. BOYD. We have no old stock that has stood for years, but all goods are pure and fresh. Physicion's Prescriptions receive special attention. If we do not have what you want we frankly tell you so and will be pleased to secure it for you on short notice We ask a share of your patronage and feel sure you will be pleased with our methods of doing business, and we can save you money. Your interests are best served at our store.

Respectfully,
C. N. BOYD, Druggist.
