GOOD CLOTHING CHEAP.

Who would pay 25 per cent more for good clothing than the same or an equally as good could be procured for.

Yet this is continually being done by persons wanting clothing for lack of knowledge where to find the closest bargains.

As large disposers (we are running two stores) we are enabled to purchase our goods at closer margins.

This enables us to sell at closer figures. Get posted on our prices before purchasing.

Come and see the largest assortment of styles for your selection. Don't pay this year's prices for last year's goods.

The new styles cost no more and are decidedly better.

—Signor Schiaparelli, the Italian astronomer who has made more wonderful discoveries among the planets than all the other astronomers of our days put together, has just furnished a new surprise, greater even than his recent discovery that Mercury performs only one rotation in the course of a revolution around the sun. He now asserts that Venus, the brightest of all the planets that we see, the twin sister of the earth, which is at present glowing with nightly increasing splendor in the west after sundown, also turns but once on its axis in the course of a revolution around the sun. In other words, there is no alternation of day and night on Venus, as on the earth. The planet enjoys perpetual day on one side of its globe, while the other side is plunged in unending night.

Any applicant can get one by asking for it, whether he belongs to the Grand Army or not.

BUTLER'S GALA DAY.

The "4th of July" for Butler came on the 6th of August this year, and the town was full—full of enthusiasm, full of bunting, full of music and full of people.

The trains that came in from the north, Tuesday evening, contained enough people to crowd every hotel and boarding house in the town, and then the floors of the school houses and halls were covered with mattresses, and yet the entire crowd was not fully accommodated.

The specials containing the visiting companies, their friends and bands, came in at all hours of the night on account of being delayed on the road; one train not arriving until 5 a. m. The special from Bradford consisted of ten coaches, all full. It left Bradford at 10 a. m., Tuesday, and did not reach Butler until 10 p. m.

The occasion of this immense gathering in Butler was the first Firemen's Tournament ever held in the town, and it was well managed and was a success, notwithstanding the terrible condition of our streets, due to rain and ditching.

Owing to one of the companies arriving late, it was not till after noon that the parade formed at corner of McKean and Jefferson Sts., with the officials of the town leading and followed by the Citizen Hose of Bolivar, N. Y., Packard Hose of Greenville, Central Hose of Bradford, Whitney Hose of Bradford, Independent Hose of Franklin, Watson Hose of Warren, and Luther Hose of Olean, N. Y., each preceded by a band, and followed by all the Butler companies, with the Butler bands.

Some of the carriages were very handsomely decorated, and all the companies were in splendid form and dress, and the judges must have had some trouble deciding which company looked best, but they did make a decision and awarded the beautiful trumpet to the Olean Co. for best appearance on parade.

It was after 2 p. m. when the parade disbanded, and the races were postponed till 3:30 p. m. to give the boys time for dinner.

At half-past three the north end of McKean St. and all the porches and windows facing it were crowded with people, but owing to some disagreement as to the cart to be pulled, it was nearly 5 o'clock before the first race began.

This race was for a purse of $200, to be awarded to the Hose Co. making the best time over 750 feet, connecting hose with plug, and running out 150 feet of hose. It was won by the Luther Hose of Olean; time, 55½ seconds. The Central Hose of Bradford did it in 57 seconds, and the 1st Ward of Butler won'd have done as well as either had it not met with a slight accident.

The second race was for the banner and was won by the 1st Ward Co.; time, 58 seconds; Perrine and Wheeler, judges.

After supper several of the visiting bands favored the people with some delightful music from the balconies of the hotels, and the Olean Co. indulged in a broomstick parade.

Then came another general parade with red lights, rockets, brass bands and fog horns.

The town was "painted a beautiful vermilion," the noise and tumult did not subside till near midnight, and the Tournament was over. It was a great day for Butler.

An Old Book.

Mr. J. Williamson Christy, formerly of Clay Twp., this county, and who removed to Kansas about ten years ago, has been back on a visit to friends here for the past month, who are all very glad to see him again. Last week he paid the CITIZEN office a visit and stated among other things that he is now near 78 years of age, enjoying good health, but likes and is about to return to his present home at Waverly, Kansas.

Mr. Christy, while up among his friends last week, came into the possession of a book that belonged to his father, one of the three Andrew Christys of the early settlers of this county. The book is a small but thick one, resembling some of the old hymn books or small Bibles. It is of a religious character, and the title page, although torn almost in two, indicates that it was written "By William Dyer, M. A., and Printed at Belfast by James Blow, 1736." The sermons, or "epistles," that it contains are by William Dyer and can in the main be yet read, and are of a very fervent and Christian nature. On one of the blank leaves can yet be deciphered as follows: "Andrew Christy his Book and Name, Bought June the 23d, 1763: Price £ D" a cipher appearing under the £, which is supposed to stand for pounds, and the figure 9 under the D, supposed to be for pence. On another blank leaf is written thus: "Andrew Christy's Book, April 25th, 1810. Begun this day of his age, 1812." Taken altogether it is one of the most interesting of old books we have seen for some time. The printing is in old style and can generally be yet read. It is certainly a valuable relic and heirloom in the Christy family to which our friend Williamson Christy belongs.

BUTLER COUNTY, SS:
The Commonwealth of Pennsylvania to Oliver C. Redic, High Sheriff of Butler county, Pa., greeting:

Whereas William S. Cashdollar, guardian of Walter H. Gilleland, Frank W. Gilleland, and Edward Gilleland, minor children of John Crawford Gilleland, deceased, presented his petition to the Orphans' Court of Butler county, setting forth that said wards are still minors, and that said John Crawford Gilleland died on or about the 14th day of January, A. D. 1885, intestate seized in his demesne as of fee of the undivided one-seventh in a certain tract or piece of land situate in Adams township, Butler county, Pa., bounded and described as follows, to-wit: On the north by lands of David Marshall et al., on the east by lands of John Kennedy et al., on the south by lands of John Dean and Wm. Dean, on the west by lands of James G. Marshall heirs, containing two hundred and fifteen acres, more or less, with the appurtenances, and leaving to survive him a widow, Maria Gilleland, and three children, said Walter H. Gilleland, Frank W. Gilleland, and Edward Gilleland; that the other parties interested in the said land are Nancy Kennedy, intermarried with T. W. Kennedy, Nancy Purvis, intermarried with Anderson Purvis, Margaret McCord, intermarried with Wm. S. McCord, James Gilleland, Lewis Gilleland, Amelia Train, intermarried with Washington Train, all residents of the county, excepting James Gilleland, who resides in Iowa, and Margaret McCord, who resides in Allegheny City, Pa.; that no partition of said estate has been made amongst present owners, nor can a jury for that purpose be agreed upon by the parties in interest, and petitioner therefore prays the Court to award an inquest to make partition of the said real estate to and amongst the aforesaid parties according to their respective rights, whereupon the Court made the following order, to-wit:

And now, June 14, 1890, inquest awarded as prayed for, notice to be given to the parties interested, residents within the county, as directed by law, and notice to parties interested not residents within the county by advertisement in one weekly newspaper published in Butler, Pa., for three successive weeks prior to holding the inquest, and by mailing a copy of each of such newspapers to the last known place of residence of such non-resident parties returnable to next term.
BY THE COURT.

We therefore command you that you take six good and lawful men of your county, that you go upon the premises of John Crawford Gilleland, deceased, and then and there in the presence of the parties by you warned, if upon being warned they shall be present, and having respect to the true valuation thereof upon the oaths and affirmations of the six good and lawful men aforesaid, you make partition of the real estate of John Crawford Gilleland, deceased, to and among the heirs and legal representatives of said decedent in such proportions as by the laws of this Commonwealth is directed, if such partition can be made without prejudice or spoiling the whole, but if such partition can not be made as aforesaid, that then you cause said inquest to ascertain how many of the said heirs and legal representatives it will conveniently accommodate, describing each part by metes and bounds and returning a just valuation of the same; but if said inquest be of opinion that the premises aforesaid will not conveniently accommodate more than one of the heirs aforesaid, that then you cause the said inquest to value and appraise the said estate with the appurtenances, having respect to the true valuation thereof, and that partitions and valuation you have, together with a draft of the premises, before the Judges of the Orphans' Court of Butler county, at Butler, Pa., the term next after you shall have made such partition or valuation, and have you then there this writ.

Witness the Honorable Aaron L. Hazen, President Judge of our said Court at Butler, Pa., this 30th day of June, A. D. 1890.
REUBEN MCELVAIN, Clerk O. C.

In the matter of the partition of the real estate of John Crawford Gilleland, late of the county of Butler, deceased, notice is hereby given to the heirs of said decedent that in pursuance of an order of the Orphans' Court of Butler county, Pa., a writ of partition has issued from said Court to the Sheriff of said county, returnable on Monday, September 1, 1890, and that the inquest will meet for the purpose of making partition of the real estate of said decedent on the 29th day of August, A. D. 1890, at 11 o'clock A. M., of said day, upon the premises, at which time and place you can be present if you see proper. The premises in question are described as follows: A certain tract or piece of land situate in Adams township, Butler county, Pa., bounded on the north by lands of David Marshall et al., on the east by lands of John Kennedy et al., on the south by lands of John Dean and Wm. Dean, and on the west by lands of James G. Marshall's heirs, containing two hundred and fifteen acres, more or less, with the appurtenances. OLIVER C. REDIC, Sheriff.
