NOTICE TO PARENTS

Owing to the fact that in hundreds of Corpus Christi homes people are ill, a number being quarantined, it is urged that parents tonight restrain their children from the usual Halloween pranks.

The co-operation of the public in the strict observance of this request is earnestly solicited.

## YOUNG WOMAN INJURED IN AUTOMOBILE CRASH

Miss Valerie Davis of Pleasanton Sustains Severe Cuts as Result of Head-On Collision Between Cars

As the result of an automobile accident which occurred yesterday afternoon on the Robstown road, about one mile west of Clarkwood, Miss Valerie Davis of Pleasanton, sustained severe injuries.

Miss Davis was one of a party of nine young people from Pleasanton who were driving to Corpus Christi. A collision with a car coming from this city caused her to be violently thrown against the windshield, which lodged several deep gashes.

She was immediately brought to Corpus Christi and was taken to the Spohn Sanitarium where she received medical attention. Although suffering from the shock and from loss of blood it is thought that her injuries will not prove serious.

Clyde Hazell of Robstown, who was driving the car received several cuts about the arm. None of the other occupants of either car were injured.

## HAMBURGER STAND IS WRECKED BY ACCIDENT

Passenger Car Drives Into Stand to Save Occupants of Automobile From Truck

A hamburger stand standing at the curb of the sidewalk on Schatzel street near the Rutherford building last night had the appearance of having been in the pathway of a charging bull as the result of an automobile crashing into the stand.

The automobile was travelling south on Chaparral street when a heavy truck coming into Chaparral street from Schatzel street made a wide hooking turn that sent the heavy truck against the passenger car. The driver of the passenger car to avoid injury to occupants of his car drove his car on the walk smashing the hamburger stand.

But for such presence of mind disaster from the car would have succeeded injuries.

### Prince Albert Popular

LONDON, Oct. 30—Although Prince Albert, King George's second son, is usually described as "Captain Prince Albert R. A. F." he is always spoken of as Captain Windsor in the neighborhood of the air station to which he is attached. The Prince has made himself very popular with the men in his command and has developed into an accomplished flier.

## ADVANCE SUBSCRIPTIONS TO UNITED WAR FUND ARE REPORTED BY ROY MILLER

Nueces County Committee Asks That Those Who Can Do So Send In Their Checks to Be Applied to The $20,000 County Quota

"Though the drive does not start until November 11 Mayor Miller, Nueces County Chairman for the United War Fund Drive up to last night had received through the mails checks amounting to $1,000 to be applied to the $20,000 quota for this county.

"Due to the influenza epidemic it will be almost impossible to hold public meetings during the progress of the campaign and Mayor Miller therefore is sending out letters to those who are able to make generous contributions asking that they send in their checks in advance so that the Nueces quota, if possible, can be completed during the first day of the drive.

"Commenting on the success of this plan Mayor Miller Wednesday said:

"The responses which I have thus far received from letters sent out have been most generous. The total receipts from this source amount to considerably more than a thousand dollars.

"Nevertheless I must urge upon those who have received requests for private contributions the importance of responding promptly. Because of the conditions with which we are confronted we will have to depend almost entirely upon voluntary donations which come in response to personal letters. Writing and mailing these letters constitute a tremendous task and therefore act of consideration to me and my office force, I beg to ask of those who receive these letters that they kindly answer without delay, thereby relieving us of the necessity of writing them another letter."

### Bolsheviki Destroyed Tunnel

MOSCOW, Oct. 30—Soviet newspapers were enthusiastic over the news of the destruction of Tunnel 5 on the Trans-Siberian Railway east of Irkutsk on the Lake Baikal section, and declared the blockades would delay American and Japanese troops from six months to one year in their movement to relieve the Czecho-Slovaks.

The Izvestia says the Soviet forces exploded 1040 pounds of dynamite in the tunnel and destroyed it completely. This tunnel is one of a series of forty-eight which carries the railway thru the bases of mountains and hills jutting into Lake Baikal.

## INFLUENZA SITUATION SHOWS AN IMRPOVEMENT

Thirty-Two New Cases, The Fewest Number for the Past Two Weeks Are Reported for the 24 Hours Ending Wednesday Afternoon At 5 O'Clock

A marked improvement in the influenza situation was disclosed in reports of physicians made to City Physician Kaffie for the 24 hours ending Wednesday afternoon at 5 o'clock.

Thirty-two new cases of influenza were reported, this being a decrease of 19 cases as compared with the Tuesday report and a decrease of 12 cases as compared with Monday, and the fewest number of new cases for the past two weeks.

One additional new case of pneumonia was reported.

Four deaths were reported bringing the total death list since last October 1, in Corpus Christi to 28 from either influenza or pneumonia. All of those who have succumbed have been civilians and 18 of the number was among the Mexican population.

Physicians are very much pleased at the improvement in the situation and believe that the epidemic is now rapidly on the wane. By securing the full co-operation of the public it is believed that the disease within another week or ten days will be fully stamped out in Corpus Christi.

## City News : : : : : : in Brief

Under date of September 22, Private Floyd McKnight, a Corpus Christian, writes that he is in service with a regimental band stationed near Bordeaux, France, and that he is in the best of health.

Buford Craig, ticket agent for the Gulf Coast Lines has recovered from a ten days' siege with Spanish influenza and has returned to his office.

Chairman A. A. Lichtenstein of the Nueces County Draft Board announced yesterday that it is expected that the next contingent of draft registrants to be called for service in this county will be asked to report for induction on Wednesday, November 6. Definite information is expected today by the board. Thirty-nine men will be included in the next contingent to go from Nueces County.

The soup kitchen established last Monday at the High School by the Red Cross Chapter with Mrs. Bettie Bolinger in charge, is proving a success. It has been inaugurated for the purpose of furnishing nourishing soup and broth to those ill, who are without the facilities for cooking at home, as well as for the destitute. Fifty-four distributions were made yesterday. The kitchen is open each morning from 11 o'clock until each evening at 6:30 o'clock.

What the Government Says About Christmas Shopping

We shall not increase our working force or our working hours above normal.

We shall sell and use our efforts to confine Christmas giving to gifts for children, and useful articles to all but children.

We shall spread the period for holiday purchases over the months of October, November and December.

We are requested and shall endeavor to restrict deliveries and induce our customers to carry their own packages, when ever possible.

The Council of National Defense asks us to faithfully and loyally put these regulations in effect, and we are making preparations to immediately do so.

Our splendid stocks of holiday goods will be on display as soon as possible, and we urge our friends and customers to BUY HOLIDAY GOODS NOW.
