THANKSGIVING, 1918

—a day overflowing with thanksgiving that right should achieve such an early victory over wrong.
—that our boys, who put aside everything to lay their manhood upon the altar of democracy, are soon to return home to us.

Let us express our heartfelt thanks.

AMERICAN WOMEN ARE WARNED TO GUARD AGAINST PROPAGANDA OF GERMANS TO ENLIST SYMPATHY

NEW YORK, Nov. 27.—Under the slogan "Carry On!" the National Security League appeals today to the people of America, through the 500,000 patriotic women of the nation cooperating actively in the League's pro-American propaganda, to be on the alert against sentimentality for the defeated enemy and to stand firm for a peace of justice.

The Security League's appeal is made in the form of the following warning sent through Miss Ella V. Leighton, Civic Secretary of the League's Educational Department, to the various important organizations of women of the country, numbering a membership of over 5,000,000, whose co-operation in the League's work has been enlisted by her.—

"Be on Guard."

"Be on Guard! The Enemy is still active!

"Your attention is called to the government warning against the apparently concerted movement to start a wave of sympathy for the enemy and to work for leniency in armistice and final peace terms.

"The appeals to the President and Mrs. Wilson to feed a possible starving Germany show fate on the face of the cards. The Allies had taken all necessary steps to life and before the signing of the armistice and the government of Germany knew this when the appeals were sent. Other appeals for the aid of the United States in going back on their armistice bargain and the impudent request that we receive a food commission shows an unrepentant foe.

"Unwise Sentimentality."

"Do your part to prevent the nation being stampeded into unwise sentimentality that will hamper negotiations for a careful, just and permanent peace.

"Apply the acid test of American doctrine to all peace terms. 'Liberty and Justice for all'—this means justice for the Allies and the new nations as well as for the foe and better also to those who will come after us for whom we hold in trust American democracy.

"These are days of Crisis!

"In the name of Freedom, Carry On!"

Co-operating Bodies.

In addition to the innumerable local organizations of women throughout the country who are participating in the Security League's propaganda, Miss Leighton has obtained the endorsement and active co-operation in the work of the following great bodies:

Woman's Benefit Association of Maccabees.
I. O. O. F. Grand Encampment, Arkansas.
Social Service Federation, Richmond, Virginia.
Colorado State Teachers' Association.
National Council of Jewish Women.
Minnesota Baptist Convention.
Rhode Island Council of Defense, Women's Division.
Women's Section, Maryland Council of Defense.
Young Citizens Loyal League, L. L. Georgia Rebekah Assembly, I. O. O. F.
International Brotherhood of Electrical Workers.
New York State Historical Assn.
Woman's City Club of New York.
Milwaukee Council of Jewish Women.
Boston Council of Jewish Women.
Great Council Improved Order of Red Men, New Hampshire.
Michigan Federation of Women's Clubs.
New Jersey Federation of Women's Clubs.
Florida Federation of Women's Clubs.
Arkansas Federation of Women's Clubs.
Ohio Federation of Women's Clubs.
Kentucky Federation of Women's Clubs.
Rhode Island Federation of Women's Clubs.

"Save the Peace."

In further explanation of the dangers of the moment which the Security League asks the women throughout the country, represented by these co-operating bodies to combat, Miss Leighton has written the heads of all these organizations as follows.—

"Your organization, by its loyal participation in our Victory Loans campaign, helped to Win the War. We ask you now to help to Save the Peace.

"These are the most dangerous days since war began. The hope of peace makes us to relax physically and spiritually, yet any of us will admit that the danger of invasion by the enemy, great as it was, could not compare with the danger of the spread of Bolshevism. Invasion could mean only temporary conquest. Bolshevism has meant in Russia the abrogation of every moral ideal hitherto held, even by barbaric peoples.

"Dark Forces at Work."

"The dark forces are at work here as elsewhere. Whole communities have come lately close to disaster by I. W. W. and Bolshevist undermining of the trust of our foreign population. By uttering half-truths they would undoubtedly our vision and bring about not world-wide democracy, but world-wide civil war. The preaching of such doctrines in America should be considered unadulterated treason since they deny to all but one class the fundamental rights guaranteed by the declaration of independence and the constitution.

"The days of reconstruction bring peculiar problems. A just and lasting peace will call for world adjustments of the relations of old and new nations, most of them unprepared to grapple with the problems of peace. America can help solve these problems only if she keeps the splendid balance between freedom and license which has hitherto characterized the steady growth.

"Teach Our Ideals."

"We are called on to defend democracy our ancestors died to save it we are to do this and to meet the dangers which will arise in the days of reconstruction, we must become conversant of American ideals and preach and practice them. This can be brought about only by the united service of every loyal organization which will direct the attention of each community to a study of the Constitution and the ideals of our government and which will timely stand any attempt to fly the red flag in America, or to parade class distinctions, or to weaken the bonds of unity between us and our allies, or to countenance a peace which ignores the moral issues of the war.

"Let us return to our task the task of interpreting American ideals to the world, ideals that should direct if the season of the Red Terror should fall on our beautiful banner and crimson its white and stripes of white and its field of blue and leave to each the red flag of anarchy. Taking for our motto the Anti Test of American doctrine, 'Liberty and Justice for All' let us do all in our power to achieve a just and lasting peace with all nations."

STORIES OF CRUELTIES OF GERMANS TRUE SAYS PRIVATE G. STEPHENSON

Before going to France, Private Stephenson, a Corpus Christi lad with the Army Signal Corps, had accepted with some doubts stories of German atrocities. First-hand information received since he has been at the front has furnished him the proof that the stories were true, according to a letter received from him yesterday by his sister, Miss Ella Stephenson, 414 Tancolua Street.

From "Somewhere in France" Private Stephenson under date of October 27 writes as follows:

"Well, we have been and back from the front for a much-needed rest, the first that we have had since August 1. It is certainly fine to be back in civilization. It sure is an awful sight to view some of the country that the Huns have overrunned.

"I used to think I was just talking about the German atrocities, but I have seen evidences of their cruelties and now know the facts. If ever a race of barbarians and inhuman people existed, this is the Germans. I have seen where they have marched up the bodies of soldiers killed in battle. I have never told you this before, and I am telling you now so that you can realize what this war means."

Private Stephenson writes that he is enjoying excellent health.

SNOW AT BIG SPRINGS.

BIG SPRING, Texas, Nov. 27.—The hardest rain in years here lasted all day. The wheat acreage passed also is the largest in years, and it will gain much benefit from the storm, observers say.

CHILDRESS, Texas, Nov. 27.—It has been snowing continuously since yesterday morning. The temperature is slightly above freezing.

SAN ANGELO, Nov. 27.—Four inches of snow, the heaviest in 19 years, covers all of West Texas from the Panhandle to the Rio Grande. The fall on the south, Lubbock on the north, Lometa to the east and Midland on the west are the most extreme points where reports have by telephone.

ABILENE, Texas, Nov. 27.—Heavy snow which began yesterday continued today. The fall registered six inches here, the heaviest November snow in 19 years.

RED CROSS TO CARE FOR YANKS ILL IN GERMAN CAMPS

WASHINGTON, Nov. 27.—Sick and wounded American soldiers who were held prisoners by the Germans and who are not strong enough to be moved at the present time will be cared for by the American Red Cross through Alfred Ney, a Swiss central delegate with large German experience and knowledge.

A cablegram received today at Red Cross headquarters here from Paris said it is planned to place all these Americans in a central hospital, and if possible, provide American medical attendance for them.

SNOW COVERS SCURRY COUNTY.

SNYDER, Texas, Nov. 27.—Three inches of snow has fallen here in 24 hours, and it is still snowing heavily. It is the deepest snow fall in four years and is expected to be of great benefit to wheat of which there is the largest acreage ever sown in Scurry County.

SLAP-STICK COMEDY NOT FAVORED BY BRITISHERS

LONDON, Nov. 27.—The Cinema Educative Council, whose object is to get more public benefit out of the movies, gave a demonstration the other day of the "Theory of the Kind of program it would show in all picture houses. No "low-brow" comedians converted on the screen, but the audience found that amusement at will as instruction came within the scope of the council's scheme. Romance in the shape of a film version of a famous historical novel, music and the Scriptures all had their place in addition to travel, "interest" or "news" and topicalities films.

"It is perfectly monstrous that we should stand outside this cinema boycott," said the Rev. H. R. L. Sheppard, who presided. "The way in which the cinema might be used for benefiting the lot of the people is perfectly amazing to anyone who has thought at all."

Thirty-six societies of various kinds are now co-operating in the work of the council.

ELIMINATES MOTORS TAX.

WASHINGTON, Nov. 27.—In further revision of the war revenue bill the senate finance committee today struck out entirely the proposed Federal license tax on use of automobiles and motorcycles, which ranged from ten to fifty dollars annually, in the house bill, according to horsepower, and from five to twenty-five dollars under the plan previously adopted by the senate committee.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.
