COTTON MARKET

NEW ORLEANS COTTON

By The Associated Press.

New Orleans, La., Jan. 4—Only narrow fluctuations were recorded in the cotton market today, operations for the most part being of an evening up character. Around the opening bearish traders attempted to continue the decline of yesterday and forced losses of 2 to 15 points but when they tried to take profits on the short contracts they carried from yesterday they found the ring pretty supplied with offerings. Support from the long side was wanting and after the largest demand was scattered values were heavy again, the close showing net losses for the day of 2 to 5 points. The economic situation and the entire cotton situation remained convoluted to comment, but, as it does more concerned peacetime rather than wartime.

COTTON SEED OIL

By The Associated Press.

New York, Jan. 4—Cotton seed oil was dull and nominal; prime crude at 15@.

NEW YORK COTTON.

By The Associated Press.

New York, Jan. 4—The cotton market was nervous and unsettled again today. An opening lurch was followed by a fully 40 point rise for the advance and increased offering and prices sold off in the latter reading until the close barely showed a net decline of 15 to 20 points.

The market opened steady at a decline of 15 to 20 points under a renewal of selling movement. There was a good deal of covering which absorbed the early offerings at about the initial views. Prices then turned up. After the morn signal demand from shorts had been realized however, the market turned easier on the continued liquidation and southern selling with prices selling back to about the early low point in the late trading.

While there was some further comment on the government bought cotton feature did not appear to make much impression and there was lots of increased southern selling in the late trading which probably increased bearish influence.

Reports from the goods trade indicated no improvement in immediate demand and some further curtailment of production owing to the lack of fresh orders to replace completed government contracts, but stated that a better business was expected within the next week or two owing to the good retail trade reported in the west. Manchester cables and Japan were lower inquiries in the market there and spinning companies reported large profits and dividends for the last half year.

GENERAL MARKETS

NO SALES OF ROUGH RICE.

By The Associated Press.

New Orleans, La., Jan. 4—Rough rice no sales; receipts 2,414 sacks; millers, 2,414. Clean rice steady; Japan, 5½@7½, 5¾ Blue Rose, 7¾@8; Fancy, 8@8.

LIQUIDATION IN COFFEE.

By The Associated Press.

New York, Jan. 4—There was one further scattering liquidation and a little trade selling in the market for coffee futures today and after opening at a decline of 10 to 15 points the more nearly position sold 5 to 10 points under yesterday's closing prices. With May touching 14.80 or 24 points below the high price of December 31. The trade seemed to attract some scattered covering however and the market was steadier late in the morning with the close showing a net loss of only 5 to 15 points. Closing bids: May 14.42; July 15.05; September 15.35; October 14.90; December 14.79.

The spot market was nominally unchanged at 17 cents for Rio 7s and 19 3-4@ cents for Santos 4s. Other coffee prices were reported unchanged to a shade lower, including Mocha 29 at 29.25. London sold.

The sugar market gave no spot quotations. It reported a decline of 75 to 125 points in futures. Receipts at the raw refining ports were 24,000 tons and Cuban receipts were 21,000.

RAW SUGAR QUIET.

By The Associated Press.

New York, Jan. 4—The local market for raw sugar was quiet on Friday with no sales reported. Prices were nominated with 5.93 for centrifugal in the refiner.

As refined has demand for prompt shipment and refiners are filling orders as fast as supplies of raw sugar arrive. Prices are unchanged at 5 cents for fine granulated.

GRAIN MARKET

CORN MARKET BULLISH.

By The Associated Press.

Chicago, Ill., Jan. 4—British buying interest predominated in the corn market today, chiefly owing to southern shortages of receipts. The close was unsettled at the same to yesterday's finish to ¾ cent higher, with January 1.42½ to 1.44 3-4 and May 1.37⅞ to 1.38⅞.

Oats gained a quarter to 1-1 cents. The rebuff in provisions was nothing and to one cent lower.

Although some increase of supply left to a slight initial sag, the corn market soon developed noticeable strength with May to the highest price yet this season. The very scarcity of receipts did not appear sufficient to induce that producers were anywhere near ready to dispose of the bulk of the crop. During the last thirty minutes of trading, however considerable profiting set in, and values showed a setback.

In spite of its room, the strength of the cash position was the main bullish factor. Purchases were dull and weak, influenced by lower quotations on hogs.

FIFTEEN MILLION TO BE RAISED FOR JEWS AT CHICAGO MEETING

RACE THAT HAS SUFFERED MORE THAN ANY OTHER TO BE HELPED ACROSS THE DAYS OF RECONSTRUCTION

By The Associated Press.

Chicago, Jan. 4—A big mass meeting will be held here tomorrow to complete plans for raising 15,000,000 in this district's share of 15,000,000 to be contributed by America for relief of the American Jews suffering from the effects of the war.

"The suffering among the Jews in the war zone is something of which none of us can have any proper conception," said Julius Rosenwald, one of the leaders in the campaign. "We might just as well have been in Gallipoli for all we had not been for the fortunate chance that brought our parents or grandparents here.

"The least we can do is to prevent actual starvation among the men, women and children who are in most urgent need of help. Let us make up our minds that we will give to this cause to the limit of our ability. The per cent of what we raise is to go to the relatives of those who have not every bread winnerin during the recent epidemic that followed the war.

"No other people have suffered so have the Jews during the war," said Julius H. Seligsohn, who is also one of the leaders in the campaign in this district. "Both the advancing and retreating armies have passed over Jewish populations. Can think of other people who have had known cities leveled into ashes and dust. We of America are the only ones who can be their saviour. Nothing is left for them except what we can give. Neither England and France have nothing left to give.

"We have been spared the miseries of the war. What is the sacrifice of a few million dollars to this wealthy country? We have enough and to spare for Jews who are less fortunate, less happy."

This district's quota will go to the Jews in Poland, Russia, Turkey, Palestine, Galicia and Bukowina.

DANIELS FINDS USE FOR GERMAN VESSELS

By The Associated Press.

Washington, Jan. 4—Secretary Daniels today expressed himself as personally opposed to scuttling our captured German war ships. He thought Rear Admiral Rodman had favored sending the German capital ships to the bottom, sunk only the other types. Even these, the secretary said might be used for the navy, such as battleships Iowa, Mississippi and Indiana, as training ships, and if no other use were found, they might serve as targets in real sea gunnery.

AIRPLANE REACHES DETROIT.

By The Associated Press.

Detroit, Mich., Jan. 4—All elevation Cleveland airplane reached Detroit this afternoon from Ellington Field, Houston, Texas making the 1,450 mile trip in 24 minutes of flying time and the last lap from Indianapolis at the rate of 122 miles an hour, under adverse weather conditions.
