Scout Tourists Vote This City Best on Record

Advance guard of a new type of tourist to Corpus Christi, comprising a troop of fifteen Boy Scouts from Cameron, Texas, pitched tents yesterday afternoon on the beach close near the scene of the recent Marine encampment. The boys were accompanied by Scout master J. C. Dunson and Rev. H. B. MacFadyen, pastor of the First Presbyterian church of Cameron.

In consultation with the arrival of the Cameron visitors, Scout Executive George Watson conferred last night by 'phone with a number of South Texas Scout organizations, with the view of bringing other Scout troops to Corpus Christi in the near future.

Within less than a half hour after arrival at the beach yesterday the Cameron Scouts were having the time of their lives in the beach waters.

Last night they voted unanimously to the effect that Corpus Christi was the finest place they had ever visited. Both Mr. Dunson and Rev. MacFadyen joined the boys in voicing their praise of the city and its environs. Swimming, afternoon drills and fishing featured the first day's activities of the Scout camp.

Troop 3, a local Scout organization, last night was congratulated with Lloyd McCallum as Scout master and Earl Schmidt as caretaker. Additional Victory Medals for outstanding service performed during the liberty loan drive were awarded and Mayor Furman was placed in charge of the Scout board. Dr. Herbert Caldwell will give the boys a course in first aid this morning.

Troop 4 will meet at headquarters tonight, while Troop 3, in charge of Scoutmaster Cross, will meet at the First Methodist church at 4 o'clock this afternoon for an "overnight" hike with blankets and lunch for two months.

Soldier Musicians Will Remain Here Four More Days

Due to an extension of leave the members of the Fourth field artillery orchestra who were scheduled to return to Camp Stanley yesterday, will remain here until Sunday, stationed at the rest camp, the purpose of their visit being to assist in entertaining the visiting soldiers who come to Corpus Christi weekly from the border posts and to furnish entertainment for the patients at the public health service hospital.

The members of Company I of the 47th infantry, in charge of the rest camp, on account of the fact that the Fourth Field Artillery orchestra was expected to leave Wednesday, arranged a dance hurriedly Tuesday evening at the Soldiers' Sunshine club with music furnished by the orchestra, which was the first of a series of dances to be given by Company I. The affair was delightfully pleasant and the music was especially enjoyed.

The members of the orchestra are: Scout Leader Elmer Liber, Sergeant Higbie, J. A. Government Band Sergeant Frank Kent, Musician Anthony Perry, Musician Carl Leaf, Musician Edward E. Hunnicutt.

Golf Link Plans to be Discussed by Association

Question of the establishment of a golf course and clubhouse near Corpus Christi at a probable cost of more than $2,000 will be on the program for discussion tonight at the weekly meeting of the board of directors of the commercial association, it was announced yesterday afternoon.

President Lester Gillett of the association said yesterday he thought the time has come to act on the matter of the golf links which has been under consideration for more than a year. Mr. Gillett said it was hoped the committee which had the matter in hand would be ready to report on the purchase of adequate site of the date available.

The Commercial association at the present time holds options on the land where it is proposed to establish the links and the clubhouse. It is believed that a movement will be started tonight which will result shortly in the establishment of one of the finest golf courses in Texas, in addition to a fine clubhouse, which will be the pride of the city.

TOO LATE TO CLASSIFY.

FOR SALE—Today only the interesting film play Salvation. Thousands spent their last cent. Every foot was an action and drama, and nothing else. Also a dance hall, etc., etc. Apply at Arcade theater.

In Class 4, But Foils Draft: Is Cited to Court

Called up by the draft board for examination following the outbreak of war with Germany, but subject to deferred classification which would have placed him in class 4 on the grounds of dependents, a wife and child, Ramon Silba of the Santa Gertrudes Ranch neighborhood, evaded registration, according to charges filed yesterday in the United States Commissioners' Court.

Silba was placed under $100 bond subject to appearance in the Commissioners' Court at the next term.

CITY NEWS IN BRIEF

Thirty men who have been here at the rest camp since Friday night on leaves from their duties at Camp Stanley and Fort Sam Houston, will leave Friday morning on the return to their stations. Seventeen men from the Laredo district who were with the last contingent arriving at the rest camp, left yesterday.

L. P. Lightsey, superintendent of schools of Karnes county, was a visitor in the office of Sid Dealton yesterday. Mr. Lightsey reported school conditions in his district as being ideal.

Rafael Martinez, a Mexican, who was arrested several weeks ago on a charge of assault, was brought before County Judge Heath H. Motheshead Tuesday afternoon and found guilty. He was fined $5 and costs. He paid the fine.

One of the greatest needs in Corpus Christi at the present time is the construction of more cottages, according to Assistant City Engineer Howard, who has charge of the issuing of building permits. "The city faces a crisis in the matter of cottages," said Mr. Howard yesterday. "I understand that hundreds of people are making inquiry for cottages here, and I understand further that many of them would come here permanently if they could find the habitable thing. I feel sure that the demand is going to be met before very long."

A telephone will be installed shortly at the United States Employment Bureau for the Red Cross organization, it was announced yesterday by C. J. Macmanus. Mr. Macmanus called attention to the fact that he was prepared to handle all applications for positions that may be turned over to him. Many men have been placed in good jobs by Mr. Macmanus and other places will be available from time to time, provided the names and addresses of the applicants are turned over at the employment office.

W. G. Tobin Will Have Charge of The 1920 Census

William G. Tobin of San Antonio has been appointed federal supervisor of the 1920 census for the Fourteenth congressional district, which includes Nueces county. Official advices to this effect were received in Corpus Christi last night.

Mr. Tobin, it was stated, has started work on his plan of organization and announcement of the methods to be used in taking the census, as well as the appointment of enumerators will be made soon. A number of applications for the position of enumerator have forwarded their names to Mr. Tobin, it was understood.

The 1910 census gave the Fourteenth congressional district a population of 237,017. The following counties are included in the district: Nueces, Brooks, Aransas, Bexar, Blanco, Comal, Gonzalez, Karnes, Kendall, San Patricio and Wilson.

Kiwanians to be Guests Today at Rotary Luncheon

Today will be "Kiwanis Day" at the regular Rotary luncheon held at the Nueces hotel. Roy Miller will be the principal speaker of the day and a special program of entertainment has been arranged for the occasion.

Mr. Miller will speak to the visitors on "Fellowship." Responses will be made by J. A. Pringle of the Kiwanis club.

Fred Stearns will be toastmaster of the day and Rev. Beckham will say grace at the luncheon. Several members of the Commercial Association have been invited to the luncheon and, according to those in charge of the menu, 100 covers will be placed on the table for the combined luncheon.

Knights Asked to Bring Bath Togs to Big Meeting

"Bring your bathing suits—they'll be needed," was the call sent out late last night to members of the local organization of the Knights of Columbus by Maxwell P. Dunne, chairman of the entertainment committee for the meeting tonight.

Mr. Dunne suggested the meeting which begins promptly at 8 o'clock at the Knights of Columbus hall. All members were urged to be present.

No Worms in a Healthy Child.

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Worms will then throw off in disgust the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.—Adv.

RESORT MEETING DELEGATE TO BE NAMED TONIGHT

Directors of Commercial Association to Send Man to Galveston.

Delegate to represent Corpus Christi in Galveston at the meeting called August 9 for the purpose of outlining plans for the advertising of Texas resort cities, will be named tonight by the board of directors of the Commercial association. The nomination will be made by Lester Gillett, president of the association.

Corpus Christi's delegate, it was stated yesterday, would go to Galveston clothed with full authority to act in behalf of the local association in mapping out preliminary plans, whereby it is intended that five Texas resort cities, including Corpus Christi, shall be advertised throughout the country with the view of placing Texas in a class with California and Florida as a playground for America's pleasure seekers.

Definite plans providing for the amount of funds to be expended to the cities interested probably will be made at the Galveston meeting, it was stated, and recommendations along this line will be referred to the directors of the Commercial association for final action, probably at the next regular meeting.

Propose to Make Texas Resort State.

John B. Carrington, secretary of the San Antonio chamber of commerce, on some from Rockport last week, made an urgent appeal before the local directors in behalf of the project to make Texas a first-class resort state. The railroad administration, Mr. Carrington said, had promised to donate large sums of money for this purpose, provided certain sums were raised locally.

Funds for the big advertising campaign, which probably will begin about November 15 and continue until February 1, will be solicited from the following resort cities: Corpus Christi, Galveston, Mineral Wells, Marlin and San Antonio. Total of approximately $50,000 probably will be raised in Texas, it was stated.

P. O. Receipts For Last Month Total $4,462

Corpus Christi postoffice receipts during the month of July amounted to $4,462.73, according to statistics compiled yesterday by Assistant Postmaster A. E. Ditmer. The report will be combined with other statistics already compiled, as well as figures for the months of August and September, and forwarded on October 1 to Washington in the form of the regular quarterly report.

That the quarterly report would show a good increase in the volume of business transacted at the local postoffice was forecasted yesterday by Mr. Ditmer.

Outstanding feature of the report completed yesterday for the month of July was the number of boxes now rented. According to the very latest statistics, 577 boxes are now on the rental list, the largest number of rentals ever recorded in the history of the local postoffice, according to the assistant postmaster.

Realty Transfers

Realty transfers filed in the office of County Clerk Gilbert McBride at the court house yesterday follow: David H. Barnes and wife of Weld county, Colorado, sold to J. F. Malchar, a tract of 22ad situated in Nueces county and known as Farm Tract No 43, containing 100 acres, lying north of the Texas & Mexican railway and west of the St. Louis, Brownsville & Mexican railway, and being part of land known as the George H. Paul subdivision of the Driscoll pasture. The sum stipulated in the negotiation was $3,000.

Mary Sims purchased two lots from J. D. Ainsley of Nueces county, both being situated on Mustang Island, in the Sarah A. Roberts, Jed F. Brundette and William Roberts subdivision of survey 5, according to the survey on Mustang Island. The total of this negotiation was $325.
