The City of Clarksville

RED RIVER COUNTY

Clarksville, Texas, January 1, 1920.

THE STATE OF TEXAS,
County of Red River

On this day personally appeared C. E. Terry, and LONZ SIMON, citizens as follows: On or about the 5th day of November, 1919, I sold to and received for Wm. McMaster (no way of kin) One Lone Star Cotton Seed which he (alleged) shipped to Thomas Bell, Corpus Christi, Texas.

A test of these seed was called on my own 300 acre farm. These I found to be First Class Lone Star Seed in every respect. The remainder were represented to me as such by the growers, each of whom was an experienced cotton farmer. The seed had every appearance of being such.

Every stalk of these seed were from Cotton selling as high as 30c in the seed market on the streets of Clarksville during the present season. I have had no better Lone Star Seed have been shipped from Red River County this season.

C. E. TERRY.

Subscribed and sworn to before me this the 1st day of January, A. D. 1920.

COTTON PRICES SHOW ZIGZAG TENDENCY

Market Rumors Tend To Cause Rallies And Declines.

By The Associated Press.

NEW YORK, Jan. 8.—Early advances on rumors that a congressional bill had been made for large changes in the cotton market today and sentiment seemed to be unsettled by a threat of legislation which would restrict business in futures. The premium set closed steady, net five points lower to 165 points higher.

The opening was firm at an advance in response to the higher Liverpool cables. There seemed to be uncertainty regarding the rumored shipments to Germany, however, and reports that the cotton bill introduced in congress earlier in the week would be taken up by the house committee on judiciary, were followed after the early advance by a wave of liquidation. There was also selling on rather conflicting spot market reports from the South. There were rather brisk reports of an increased foreign demand for spots in the south. Some of the selling on the early afternoon decline was attributed to expectations of full ginning returns from the census bureau tomorrow morning.

SNOW COVERS PANHANDLE.

By The Associated Press.

AMARILLO, Texas, Jan. 7.—The Panhandle at six o'clock tonight was covered with a five-inch carpet of snow with the blizzard still in progress. Temperatures here has fallen around 20 degrees all day and begin falling late in the afternoon.

The snow storm swept the Panhandle early this morning and is general over all the north and east portions, according to reports received here.

The precipitation will be of great value to the wheat and other grain crops of this territory. Unless the temperature drops considerably lower than at present, ranchmen do not fear any serious loss of live stock.

PRICE OF CORN GIVEN SMALL ADVANCES

Activitiy of Exporters In Market Leads to Material Upturns.

By The Associated Press.

CHICAGO, Jan. 8.—Activity on the part of exporters together with unfavorable advices on the war situation led to material upturns today in the corn market. The close, however, was unsettled, 1-8 to 3 1-2c net higher with May 158 1-8 to 1-4 and July 151 1-8 to 1-4. Oats gained 1-8@1-4 to 1-2c. The finish in provisions was unchanged to 25c up.

Reshipment export concerns outbid Chicago dealers who were after corn in Illinois and Iowa. This fact greatly depressed the bulls.

Wheat and rye sold at the highest level yet this season.

Export demand gave independent strength in oats.

The provision market was firm in sympathy with higher quotations on hogs and grain.

FORT WORTH LIVESTOCK MARKET

Special to The Caller.

FORT WORTH, Texas, Jan. 8.—For the first time within many months the southern division drew the chief quota of the cattle receipts Thursday. Around 2,000 cattle and 100 calves made up the supply. FRIENDS SAW THIS WOMAN'S IMPROVEMENT

After Taking Tanlac Mrs. Norman Feels Better Than in Five Years.

"When my friends tell me how much I have improved in health and appearance I always say I owe it all to Tanlac," said Mrs. Margaret Norman, of 2 Dale Avenue, Oklahoma City, Okla.

"Several years ago, she continued, "I had an attack of nervous prostration, and afterwards I would suffer with cramps in my stomach after eating. I had palpitations of the heart and shortness of breath so bad that I would actually become unconscious at times and I would have such terrible headaches that I could hardly endure them. I became so weak that I was unable to attend to my household duties and everything was a burden to me.

"Nothing seemed to help me at all till I began taking Tanlac on the advice of a friend. Then my headaches left me the first week and my stomach trouble was soon relieved. Now I can eat anything I want without its being followed with palpitation, heartburn or sick spells. My nerves are in fine shape and I sleep well at night. I have gained several pounds in weight, my strength and energy are returning and I actually feel better than I have in five years. My husband has been taking Tanlac, too, and he thinks as highly of the medicine as I do."

Tanlac is sold in Corpus Christi by all druggists.

COFFEE

NEW YORK, Jan. 8.—The market for cotton futures showed increasing activity today. First prices were 15 to 20 points higher and the close was a net advance of 28 to 38 points. January 16.41; March 16.78; May 16.92; July 17.12; September 16.92; October 16.82; December 16.69.

Spot coffee firm. Rio 7s 18@18; Santos 4s 28.

The official cable reported an advance of 250 reis in the Rio spot market. Santos spots were 300 to 400 reis higher and the early cable showing an advance of 250 to 375 reis in Santos futures was followed by a further advance of 350 to 700 reis. Brazilian port receipts 14,000. Jundiahy receipts, 7,000.

COTTON SEED OIL

NEW YORK, Jan. 8.—Trade in cotton seed oil was light today, with the tone steady, following the strength in lard. Southern houses sold moderately. Final prices were generally two points higher to ten lower. Sales 6,200 barrels. Prime crude 19.75; prime summer yellow spot nominal; March 22.52, May 22.77, July 22.83. Prime winter yellow and summer white nominal.

SUGAR

NEW YORK, Jan. 8.—There was renewed strength and activity in the local raw sugar market and, while spot prices were nominally unchanged at 11 5-16c for Cubas, cost and freight equal to 12.79 for centrifugal later deliveries were higher owing to the continued active demand from Europe. There were sales of 7,000 bags of Cuba for April shipment at the full Cuba for Europe and it was said that early February shipments sold at 12c. In refined sugar the situation is quite Cuba.

Molasses unchanged. One refiner is quoting 15.20 for fine granulated, while another is quoting 16.00 for delivery from January 15 to 30.

Kenedy Shriners Honor Potentate

Special to The Caller.

KENEDY, Texas, Jan. 8.—The Kenedy Shrine club entertained last night at the Kenedy Hot Wells Hotel in honor of Robert Burns, of this city, the potentate of Alaziz Temple, San Antonio.

A score or more of San Antonio nobles with their ladies were present, together with a large number from Kenedy and the surrounding country, to pay honor to him.

At the banquet table after-dinner speeches were made by many of the guests. Noble Henry McGlothlin, toastmaster, revealed himself to be a past master of the art and kept the guests in the best of humor during the entire evening.

Kenedy was honored by the large attendance of prominent citizens of San Antonio and highly gratified with the words of praise of our town and community.

The unanimous sentiment of the speakers as well as guests seemed to be that "water is indispensible for the floating of ships, the great navies of the world, to build bridges over, or bathing purposes, but as a beverage it could not be termed a success."

Among the out-of-town speakers were Past Potentate Henry Rabe, Sylvan Lanier, Marvin Davis and others.

The object of the club is to promote good feeling and the object of the Kenedy Shrine club is to promote these cardinal virtues in this and the surrounding country. From the reception of last night, this object is being consummated to a great extent already.
