Causeway Case Taken to Austin

H. A. Stevens, county engineer, left yesterday for Austin, under instructions from Judge Hugh B. Sutherland to confer with A. C. Winkler, state highway bridge engineer, upon plans for building a permanent causeway between Corpus Christi and the mainland.

Information received here recently by Judge Sutherland indicates that the state and federal aid for this project would amount to 75 per cent of the total. It has become known, however, that the total amount available for the causeway is $250,000 from the federal government and $100,000 from the state. This amount, with a comparatively small sum to be the people of this city and county would build a substantial causeway of the type capable of withstanding any battering even if by the waves of the bay.

As soon as the definite arrangements have been decided upon by Messrs. Stevens and Winkler, Judge Sutherland expects to go to Austin to spend a few days attending to final details as the representative of Nueces county in the capacity of presiding officer of the commissioners' court.

Breakwater Track Service Planned

A meeting will be held here August between H. St. Phelan, contractor, who is bid for the building of the Corpus Christi breakwater, at which time details of the work as pertains to rights of way and other convenients for handling materials, will be discussed.

The site of the subject will be inspected when Mr. Phelan finally settled upon the site to be used without doubt. The assessment of materials and assembling of working force will start.

The railroad officials who are expected to arrive this morning from San Antonio to attend the meeting of J. R. Peters, vice president and general manager of the Gulf Coast lines, and several others, and George H. Crosby, president of the road's valuation board.

With all of the details of the contract between the Phelan syndicate and the city now definitely understood the contract has yet been signed formally.

Cotton Grower Editor Arrives

Wellington Brink has arrived in Corpus Christi from Des Moines, Iowa, to become editor of The Cotton Grower, a publication that is being issued in regular interests in the interests of the subscribing of the United Cotton Growers association, having headquarters here. Mr. Brink spent yesterday forming acquaintances, but will get to work soon on the next issue of the publication.

Mr. Brink is a young man who comes here recommended as being thoroughly equipped for the position he has assumed. He is a graduate of the Kansas State Agricultural college and has had experience in daily newspaper work. For nearly three years he was president of Texas Spinning Company of that city, and previously managed and edited the newspaper station at College station. He was for some time associate editor of Farm and Ranch, a Dallas publication, going from there to Des Moines where he became associate editor of The Iowa Homestead. This position he relinquished to come to Corpus Christi.

Filled with enthusiasm for the plan of co-operation inaugurated by the Cotton Growers association, Mr. Brink feels that in our midst The Cotton Grower will be a valuable aide in the lives of the cotton raisers of Texas and the South.

KNIGHTS OF PYTHIAS ATTENTION

A very important meeting of Mineral Lodge No. 175 will be held this evening in K. of P. hall at 8 o'clock. All members especially requested to be present. W. T. TOLBERT, C. C.

Better Ice Supply Saves Much Food

The most serious shortage of home place dealing in perishable food products for the public which has been continued since the opening of the present season, prevailing now for several months, can be traced somewhat as a result of the betterment of the ice situation. For a time, according to H. P. Roberts, sanitary inspector, there was a serious ice shortage, which placed dealers in perishable products in the position of having to carry small stocks or face the danger of spoilage.

With the opening of a third ice concern here, involving receipts of an additional carload of ice daily, the shortage has disappeared to a considerable extent, Mr. Roberts said, and refrigeration of perishable foods should be issued easier than formerly.

Last weeks inspection resulted in the seizure of spoiled meat from the ice boxes of two restaurants, by Mr. Roberts and Miss Mattie Jones, county health nurse, acting in her capacity as deputy state pure food and drug inspector. The meat was destroyed.

Ginners Meet Here Saturday

Ginners from 30 counties in the gulf coast country from Victoria to Brownsville will be in Corpus Christi next Saturday, the 26th, to attend the annual meeting of the Gulf Coast Ginners' association. The meeting will be held in the council chamber of the city hall and the opening session will begin at 10 o'clock.

The flattering prospects for a record cotton crop indicate that the ginning facilities of the coast country will be taxed to their capacity to handle the crop. In many localities new gins are being erected. At Robstown, three new gins will be in operation this year, making a total of seven for that progressive community. It is surmised that the ginners will give much consideration to the question of rendering the best possible service to the growers, considering the unusual demands which will be made upon them.

The attendance at the meeting is expected to exceed a hundred. Mr. Nicholls of Kingsville is president of the association.

LUCKY STRIKE CIGARETTE

IT'S like this. Flavor is the thing that makes your cigarette enjoyable.

All right, then: Lucky Strike is the cigarette that gives you flavor. Because it's toasted.

Toasting! Flavor! Think of the appetizing flavor of a slice of fresh buttered toast.

And—it's wonderful how toasting improves Burley tobacco.

Isn't that all plain common sense? Of course. Get the Lucky Strike cigarette for flavor. It's toasted.

Are you a pipe smoker? Then try Lucky Strike pipe tobacco. Made from the finest Burley tobacco that money can buy. The toasting process seals in the Burley flavor and takes out every bit of bite. It's toasted.

Guaranteed by The American Tobacco Co. INCORPORATED
