Superb Pitching Staff Carries Mediocre Ball Club Along the Road to Pennantville

BY DEAN SNYDER

On paper the Robins don't look so good. But what is that to your Uncle Wilbert?

The old boy is 57 and fat, but his heart is young and his digestion perfect.

Last spring the experts looked his athletes over and guessed maybe he'd be a first division club but they never mentioned anything about a Flatbush pennant.

Then it seemed that any team playing in the same wheel with the rapid-fire checking of the World Champion Reds would be also-ran. Yet the Superbas have turned out to be the cream in the National League crock — they rose to the top.

Mound Aces

Good pitching has turned the trick for them.

The failure of the Cincinnati hurlers to "bear down" hard enough at times, coupled with some careless ball playing, has helped Uncle Wilbert Robinson to breeze along.

The Robins have five pitchers that shine through the first half of the race with averages above the 500 mark.

With Burleigh Grimes, Rube Marquard, Jeff Pfeffer and Al Mamaux as nucleus they are checking games. Grimes is the real leader of the National League hurlers with an average better than 700. Clarence Mitchell leps him, but has not been on the mound as often as his team-mate.

Then Sherrod Smith and Leon Cadore can be counted on to break about even when they go on the hill.

Good Road Team

Brooklyn hasn't a great outfield and it has a mediocre infield. So there is but one answer to Flatbush pennant hope — excellent catching and the leadership of Uncle Wilbert.

They are a good road team, which counts a lot in baseball. On their last western trip they sported real speed in rout of 22 games.

Already Percy Roberts is placing the distribution of seats for the world series this fall.

He says he is not considering the flag to be Robins to win, however, but believes they have a strong chance and that it would be foolish not to look ahead.

Ebbetts plans to adopt the rule-book idea in disposing of the seats that are left after the usual allotment is made. The members will have first call on the series seats — that is, those who can show by their club checks that they have been steady visitors.

Brooklyn has just begun a home series of 22 days and they might to place the fate of baseball that will blast out President Ebbett's hopes. He accompanied the team on the last western tour. His presence seemed to run the winning magic into their playing.

"Watch Giants"

As yet the Reds have not taken the sport of the Robins seriously and believe they will tame them. Cincinnati is giving out just now to the morning from St. Louis, Chicago and Pittsburg, which says, "Watch out for the Giants."

Mathewson's pitchers have begun to come through. The whole team is getting back to fighting form and long heart at the great exhibition allotted to the Yankees at home early this year.

The National League race has been a sort of wrangle between broadcasters.

But if Uncle Wilbert can continue to furnish the necessary evidence, Ebbetts will keep on studying how to please the greatest number of Flatbushers in his 14th check from the world series.

CALOMEL DANGER TOLD BY DODSON

Says You Cannot Gripe, Sicken, or Salivate Yourself if You Take "Dodson's Liver Tone" Instead

Calomel loses you a day! You know what calomel is. It's mercury, quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It can not be trusted any more than a bonard or a mad cat. Take Dodson's Liver Tone, which straightens you right up and makes you feel fine. Give it to the children because it is perfectly harmless.
