Caring for Baby During Hot Spells

Be watchful of food and keep bowels open with Dr. Caldwell's Syrup Pepsin

THE young mother soon learns from experience that summer days are often days that try her patience. The heat makes baby peevish, restless and cross. Foods that in colder weather were easily digested, now seem to cause distress.

Whether the milk or the meal is at fault, see that the bowels move regularly. There is nothing that creates greater discomfort in the summer than constipation. It heats the blood and causes nervousness, headaches, fever, colds and a host of minor ills. In these little ailments it is always well to correct constipation and give baby a teaspoonful of Dr. Caldwell's Syrup Pepsin. It is a combination of mild laxative herbs with pepsin, and the most gentle medicine you can give a baby. It is mild and gentle in action, never griping and tastes good.

Mothers have had remarkable success with Syrup Pepsin. Mrs. C. M. Newton of 1528 E. Third St., Dayton, Ohio, has a son who was constipated from birth. She tried many medicines and gave warm water injections every evening for weeks without benefit. Then she bought a bottle of Dr. Caldwell's Syrup Pepsin at a drug store and it proved effective at once. The boy is now seven, and has not been constipated since. Wherever there is a baby there are days when there should be a bottle of Syrup Pepsin.

FREE Millions of people of all ages suffer from occasional or chronic constipation. Let them send name and address to Dr. W. B. Caldwell, 512 Washington Street, Monticello, Ill., for a free sample bottle of his wonderful Syrup Pepsin. 3 million bottles were bought during more last year, the largest sale in the world.

WHY OUR FRESH MEATS ARE BETTER

We are exceptionally prepared for keeping meats in good condition under our system of supervision. Our trade is handled by one of the most city organizations. That is why we satisfy business in women and deliver satisfaction.

LIVING GLAD LIFE LEADS COUNTRY GIRL TO FORTUNE

LITTLE LOST "POLLYANA" FINDS HER BROTHERS; NOW SHE'S RICH

Mother and Dad Die

The silverware pieces which at this time were in the possession of our brother, Scott Sanderlin, were lost in a cyclone and the boys then 17 and 19 years of age left track of their sister.

Taken From Orphanage

Will Leave Fortune

"I've just been glad all my life," "Polyana" Sanderlin said when told of her fortune. "I was glad when I went to the orphanage and I was glad when Mr. Pall took me home with him. Now I'm glad for my good fortune—I'm always glad cyclones and deaths happened."

MONROE

"The Superior Car"

The Coming Car

The car of 1920—of the future is the light weight, four-cylinder car. The four-cylinder motor has proven its ability to stand the terrific strain of constant, day-in and day-out use.

Practically all commercial cars are equipped with four-cylinder motors, because the rugged construction of a four-cylinder motor enables it to better stand the daily grind and heavy duty.

After all

"An Automobile is No Better Than Its Motor"

and the car with the perfected motor—built for endurance and economy, is the COMMON SENSE Car to buy.

Were you as rich as Croesus, it would be the height of folly to buy an impractical car. If you are contemplating the purchase of an automobile, you are going to look around and choose a car that you think will deliver maximum service at a minimum cost of upkeep, and to such people the MONROE will make an irresistible appeal, for it is, in every sense, "The Common Sense Car."

This car is at least worthy of close investigation, and we cordially invite such an investigation, because we are confident that the MONROE will make such a favorable showing that your next car will be a MONROE.
