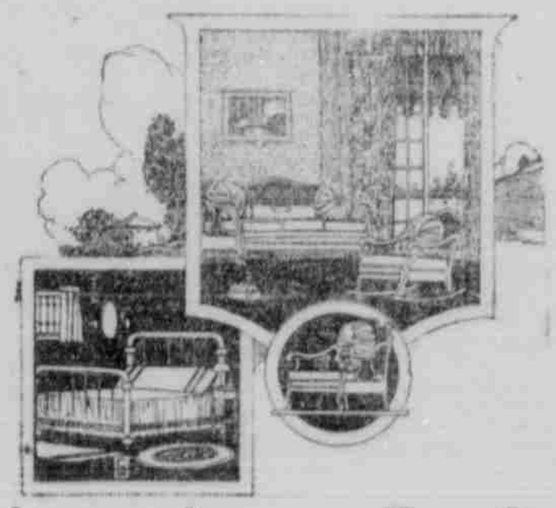
A Chat on Spring Furniture

by Marjorie Howe Dixon



Springtime Is New Furniture Time—

OF all seasons of the year the glad one springtime brings the greatest desire for New Furniture for the home.

As usual, the Jordt-Allen Furniture Company's stock offers the most comprehensive display to be found in Southwest Texas. In this display you can gratify every Furniture want, and at a price thoroughly in accord with the keynote of our National life—economy to the last degree.

Remember—Furniture Value is based on the service it gives rather than the amount it costs.
